

The Worst Disaster

That can befall a man outside of a death in his family, is the destruction of his home by fire. All the savings of his life time may be consumed within a few brief minutes and the future of himself and family forever blasted. A policy in our companies makes such a disaster

Impossible

For they supply the means of restoring everything that fire may have destroyed.

BRUCE & BUTT

Are You a Judge

Of good clothing when you see it. When you buy clothes for man or boy you must get merchandise that will wear, fit, quality, patterns and the price to meet your pocket book. I am in a position to meet all requirements in clothing and furnishing goods. You now have a City Clothing Store where heretofore you were compelled to buy your clothing, furnishing goods and shoes from a dry goods man. I am a clothing man and I don't know anything about dry goods. How can a dry goods man know anything about clothing? I handle the Hand-Tailored, High Grade line of Solomon Bros. and Lempert's Clothing. The celebrated Hawes Hats and Nettleton Shoes, also the Ralston Health Shoe.

Come in and look around and be convinced and it will cost you nothing, for we are always glad to show you New Things.

The Great Question

The great question of the day is "What is the best brand of flour?" While many brands of flour are competing, I wish to say that the BLUE RIBBON is made by the best mill in the west; situated in the center of the soft wheat belt; took first premium at World's Fair over all other flours, and still stands pre-eminent above all others.

Every ten days a car of this fine flour is consumed in Ardmore alone. All grocers sell it. **L. R. BEST,**

One of the children in the Orphans' Home at Checotah died Friday of typhoid fever. It had been sick three weeks. This is the first inmate of the home to die since its establishment.

I have the finest candles ever offered to the people of Ardmore. Call and see them and taste them if you wish. Like the bread I sell, my candles are "The Very Best."
