SPREKELMEYER COMPANY

TINNERS, PLUMBERS AND GAS FITTERS.

WANT GAINESVILLE PEACHES.

Fort Worth Wholesale House Orders Two Carloads.

Gainesville, Texas, July 19.—A wholesale house of Fort Worth today ordered two carloads of peaches from the canning plant which began business here last Monday, calling for the grade being canned at present. Owing to previous orders for two cars, the order could not be filled.

The management of the cannery has found that there will be no trou-

ble in securing labor, but the lateness of starting will cut the season short. Great delay in the erection of the plant was caused by the recent high water. A meeting of the fruit growers will be held next week and they will accept the offer to the canning plant by which they will be able to plant 100,000 additional peach trees this fall.

Cascasweet, the well known remedy for babies and children, will quiet the little one in a short time. The ingredients are printed on the bottle. Contains no opiates. Sold by W. B. Frame.

GOV. HASKELL MAKES REPLY

ISSUES STATEMENT REGARDING COMMITTEE APPOINTMENTS.

AT DENVER CONVENTION

Thought That Texas Was Perfectly Satisfied and Felt That Brooks Personally Understood the Matter—Defends Position.

Guthrie, Okla., July 18.—Replying to a number of Texas newspaper clippings bearing upon his failure as chairman of the resolutions committee of the Denver national convention to name Judge M. M. Brooks of Texas as a member of the subcommittee to draft the national platform, Gov. C. N. Haskell explains the incident in a statement made public today. Some of the newspaper clippings received challenge the governor's democracy, a charge which he resents. The statement reads:

"A search of the records will show that the month I was 20 years of age (March, 1880) I was elected a delegate to the democratic congressional convention from Liberty township, Putnam county, Ohio. The convention was held in April at Lima, Ohio. I continued as a citizen of Putnam county, Ohio, until I came to Indian Territory in 1891.

Every year after 1880 I was a delegate to some democratic convention, and with the exceptions of three different years, was a delegate to the democratic state convention, frequently serving as chairman and often on the resolutions committee. I was a delegate from the Fifth Ohio district to the democratic national convention in 1892, and served as the Ohio member of the committee on permanent organization.

"The Ohio democracy is, from every standpoint, equal to the Texas democracy, so that Ohio would be in good company. We have probably 35,000 Texas democrats in Oklahoma, and they are the flower of the flock in this state, and Oklahoma is proud of its Texas associates.

"I was elected a chairman of the committee on resolutions at Denver, which I esteemed a great honor, and by that committee was directed to appoint a subcommittee. Hon. W. J. Bryan did not suggest to Charles W. Brooks, as reports have made it, the states that should be represented upon the subcommittee. Mr. Bryan expressed himself to me direct, as feeling that the democracy at the Denver convention would formulate good committees. At the same time, feeling that his extended acquaintance would be valuable, I asked him to suggest a few of the states that would be in favor of democratic ideas and freed from any sort of prejudice against government by the people. He gave me the names of a large number of states, Texas included; later three additional states expressed a desire to have representation, and these states were also recommended by Mr. Bryan, but as the subcommittee, which the general committee directed to be appointed, was less than the total number of states listed, necessarily there had to be some omitted.

The delegations from many of the states, feeling that they had peculiar interests to be expressed in the platform in their localities, for instance, Asiatic immigration on the west coast, and irrigation in the arid regions, made demands of different delegations, and appeared to me as entitled to consideration.

"I have no recollection that the Texas delegation expressed any special desire for representation on the subcommittee, nor did I know that Texas had any feeling on the subject until after the work of the committee was over, when Judge Brooks and myself discussed the matter, and his only interest as I understood him was to feel assured that Texas was not left off the committee because of any doubt as to her loyalty.

"I assured Judge Brooks that I had never heard the slightest question as to the loyalty of the Texas delegation, and to assure him of the truth of my statement I called Charles W. Bryan to corroborate my statement, that Texas was one of the states that was entirely satisfactory, and said to Judge Brooks that I had left the list with C. W. Bryan the day before. This statement of mine C. W. Bryan corroborated to Judge Brooks. I went further, and expressed to Judge

Brooks that some states necessarily had to be omitted from the subcommittee and that urgent appeals from other states had been regarded, and that as Texas was making no special appeal for representation on the subcommittee we naturally felt that Texas was satisfied.

"My personal impression is that Judge Brooks himself was entirely satisfied with the explanation. The question of whether I am a novice in democracy, which has also been charged, of course is not one that I care to argue. For twenty-eight years I have been doing everything within my power for the democratic party, and whether it has been of great or little consequence is a matter for others to judge.

"The assertion that I assumed authority not vested in me is one I do not believe even the Texas democracy will endorse. As chairman of the committee, and empowered by the committee to appoint a subcommittee, it was my privilege to appoint them without consulting anybody, but, feeling that the welfare of the democracy would be better promoted by consulting others, I feel that I did the proper thing in consulting those who felt sufficient interest to discuss the question."

ANTI-IMPERIALISTIC LEAGUE NOTIFIES FRIENDS TO WITHHOLD THEIR VOTES FROM TAFT.

Boston, July 19.—The executive committee of the anti-imperialistic league issued a statement today recommending that the friends of the league withhold their votes from William H. Taft for president and support William J. Bryan. The statement says:

"We believe in the declaration of independence. Its truths are not less evident today than when first announced by our fathers, are of universal application and cannot be abandoned while government by the people endures.

"We believe in the constitution of the United States. It gives the president and congress certain limited powers and secures to every man within the jurisdiction of our government certain essential rights. We deny that either the president or congress can govern any person anywhere outside the constitution.

"Because we thus believe we recommend our friends and fellow citizens to withhold their votes from William H. Taft, who stands upon the republican platform, which denies independence to the Philippine Islands and looks to local home rule as the only goal to be attained.

"So long as these islands are held as possessions in defiance of the principles of the declaration of independence and without constitutional authority, the United States is pledged to the tremendous task of fortifying them and their defense in time of war, while they remain a continual menace to American labor and American industry.

"Though other ways of opposing the attitude of Mr. Taft may be welcomed, it is obvious direct support of Mr. Bryan, is an effective means of rebuking imperialism because of his sincerity and his earnest purpose to secure to the Filipinos their independence and because he stands upon a platform which meets upon this vital issue our unqualified approval.

"We recommend to our members and to the members of allied leagues and to our friends generally, that they, preserving the independence of the movement, take the most active part in the pending political campaign and by particular in their respective districts vote and work for the candidates for congress who will oppose the policy of imperialism.

"Anti-imperialistic league, per executive committee.

SHERIFF WANTS TROOPS

TEXAS OFFICER FEARS TROUBLE DURING TRIAL OF MURDER CASE AT GROESBECK.

Austin, Texas, July 19.—Sheriff Pritchard of Limestone county has wired to the state authorities at the capital for soldiers. His action follows the appearance of a crowd of several thousand people at Groesbeck Thursday morning during the trial of Joe Dorsey, a negro, who was given the death penalty on the charge of implication in the murder of Tilden Goode, a white man, at Ben Hur, fourteen miles west of Groesbeck, twenty-five days ago yesterday. Troops may go to Groesbeck to stand guard during the trials of Ed Beard, a white man, and Pearl Goode, wife of the dead man, who were placed in jail in connection with the killing.

In June, at Ben Hur, near Groesbeck, Limestone county, Texas, one night Tilden Goode, a white man, about 32 years of age, was shot while in his bed at his home. A double-barreled shotgun was the weapon used, and the charge took effect in the man's head, tearing away portions of the skull and scattering his brains about the bedclothing. An immediate investigation by the authorities followed.

Mrs. Pearl Goode, who had been married to the dead man about three years, gave testimony at the inquest. Later the woman, whom Goode had married at Fort Worth, was arrested with Ed Beard and Joe Dorsey. Beard is a white man, Dorsey is a negro. A gun with which it is claimed the killing was committed, was found near the house.

The whole community was aroused. Vigorous investigation was continued. The negro was first tried and was this week at Groesbeck given the death penalty. The case of Beard was then called. Prominent attorneys were engaged on both sides. Large crowds attended the trial of the negro.

NEGRO KILLS WHITE MAN

ANGRY MOB SURROUND JAIL, BENT ON LYNCHING.

SHERIFF HIDES PRISONER

Young Man, Weak and Exhausted From Hunger, Was Sawing Wood to Earn His Dinner and Asked for Bite to Eat When Shot.

Hot Springs, Ark., July 19.—Clayton Jackson, a negro cook at the Jacobs house, this afternoon shot and killed Albert Crawley of 1859 Park avenue, New York city, a young white man about 23 years old.

Crawley came here without money a day or two ago and at noon applied to the cook for work to earn a dinner. Jackson assigned him to the woodpile. Crawley sawed some wood and then applied for his meal. Jackson sent him back to split the wood. Crawley worked a while and then stopped, telling Jackson he was weak and exhausted from hunger and the heat, and wanted to eat before finishing the task. Words passed and the shooting followed.

Crawley was shot through the neck, dying a few minutes later. Jackson was arrested and admitted the crime, but said Crawley started after him with an ax. Aroused over the story of the killing, 500 people gathered at the jail to lynch the negro tonight, but Sheriff Buchanan had spirited him away. At midnight about 500 persons were still at the jail, but there is little probability of trouble now. The inquest will be held tomorrow.
