## Dr. Pierce's Favorite Prescription

Is the best of all medicines for the cure of diseases, disorders and weaknesses peculiar to women. It is the only preparation of its kind devised by a regularly graduated physician—an experienced and skilled specialist in the diseases of women.

It is a safe medicine in any condition of the system. THE ONE REMEDY which contains no alcohol and no injurious habit-forming drugs and which creates no craving for such stimulants.

THE ONE REMEDY so good that its makers are not afraid to print its every ingredient on each outside bottle-wrapper and attest to the truthfulness of the same under oath.

It is sold by medicine dealers everywhere, and any dealer who hasn't it can get it. Don't take a substitute of unknown composition for this medicine of known composition. No counterfeit is as good as the genuine and the druggist who says something else is "just as good as Dr. Pierce's" is either mistaken or is trying to deceive you for his own selfish benefit. Such a man is not to be trusted. He is trifling with your most priceless possession—your health—may be your life itself. See that you get what you ask for.

More than Nine out of Every Ten Adding and Listing Machines Sold Are Burroughs

1891 to 1895 Only 1,000 Burroughs Machines sold in these four years combined.  
1901 2,121 Burroughs Machines Were Sold in This one Year.

October, November and December, 1908 4,842 Burroughs Were Sold in these three months—more than all that were sold in the whole year of 1903.

# 2,064 Burroughs Machines Sold in December, 1908

"Business conditions" did not prevent another general smash-up of all sales records in the adding machine industry last year.

More Burroughs Adding and Listing Machines were sold during the last three months of 1908 than were sold in the whole year 1903.

More Burroughs were sold in December, 1908, than ever were sold before in any one month.

More Burroughs were sold in 1908, in proportion to the total combined sales of all other kinds of adding and listing machines, than ever before.

More different lines of business bought Burroughs in 1908 than ever before.

All the above is due to one specific condition—that employers in every line of business under the sun have discovered their need of the Burroughs. Also, that while every business is different, there are different styles of Burroughs for every business, a Burroughs specially adapted to the bookkeeping, cost-keeping and billing methods of every business—in other words, a Burroughs to fit the special needs of each and every business.

### Remember:

There is a Burroughs arranged especially for your business—whether you deal in hardware or life insurance—and it is likely that someone else in your line is using it to cut down the expense of doing business.

Let us explain to you, in detail, the operation of the particular Burroughs machine that is adapted to your business and the various details of your work to which it may be applied. On request, we will also send some forms illustrating how other people in your line are using it to save time, work and worry.
