GAINESVILLE YOUTHS ARRESTED

Three Well Known Young Men Are Charged With Robbery.
 Gainesville, Texas, April 14.—Fred Ford, Aubrey, Luther Beaver and Luther Waller, three young men well known in this city and county were arrested last night and placed in jail on charges of robbery of Dr. S. A. Groover's store at Sibley Bend. On the night of October 11, 1908, Dr. Groover's store was entered and burglarized of ten watches, a lot of jewelry, pocket knives, gun, cartridges, etc., but not until yesterday did the sheriff and Dr. Groover locate the guilty parties. As soon as the men were spotted Deputy Sheriff Blinbaum arrested two of them at Sibley Bend and the third one here and locked them all up, but not before all of them had made a full confession of their participation in the crime.

SMUGGLED IN CHINESE.

Thirty-five Mongolians Landed in a Massachusetts Fishing Town.
 Boston, April 15.—That the school-

er boats illegally landed thirty-three Chinamen from Nova Scotia at Marblehead on quietly one summer night three years ago that the inhabitants of the old fishing town believed the visitors had been on a picnic, was admitted by Goodman Phillips of this city in the United States district court today. Phillips pleaded guilty to a charge of smuggling and was sentenced to one year in prison.

Phillips, who was arrested a few years ago on a similar charge, was indicted by the United States grand jury on two counts. He pleaded guilty to both.

People past middle life usually have some kidney or bladder disorder that saps the vitality, which is naturally lower in old age. Foley's Kidney Remedy corrects urinary troubles, stimulates the kidneys and restores strength and vigor. It cures uric acid troubles by strengthening the kidneys so they will strain out the uric acid that settles in the muscles and joints, causing rheumatism.

ATTORNEYS FOR INDIANS

LEUPP WOULD FURNISH LAWYERS TO DEFEND INDIANS IN CREEK UPRISING.

INDIANS ARE IGNORANT

Friction Between State and Federal Government May Yet Result From the Recent Creek Uprising Near Henryetta.

Washington, April 15.—The Indian office in Washington, in charge of Frances E. Leupp, commissioner of Indian affairs, proposes that the government shall furnish attorneys to represent the Indians in Oklahoma who were arrested on charges of being connected with the murder of state officers near Hickory Camp Ground. This is done on the theory that the Indians are ignorant and will not know how to properly defend themselves.

It was stated at the commissioner's office that the government had no intention of interfering in any way with the execution of the police regulations of the state, and that if the department of justice was called upon to defend the Indians when they are brought into court, it would be on the theory that these Indians are wards.

When attention was called to the fact that these Indians are outlaws, that they are citizens of the United States and not on an Indian reservation, and that any attempt on the part of the government to make a defense would be likely to cause friction with the state courts, a disclaimer was immediately entered that such is not the intention of the

REGULATIONS KAW LANDS

RADICAL CHANGES FROM SYSTEM UNDER WHICH THE FIVE TRIBES LAND WAS SOLD.

LAND SOLD ON TIME

Kaws' Surplus May Be Sold at Public Auction or Under Sealed Bids—One-Fourth Cash, Balance Annual Installments.

Washington, April 15.—The new regulations for the sale of the surplus land of the allotments of the Osage and Kaw Indians in Oklahoma have some radical changes from the system under which lands of this character have been sold in the five civilized tribes. Perhaps the most important is that the land is to be sold on time. The regulations provide that the sales may be made either at public auction or under sealed bids, as the secretary of the interior may deem best. That 25 per cent of the purchase price must be paid in cash and the remainder in three equal installments, the second payment to be made two years from December 1st following the sale. The remainder of the money is to be paid in two equal annual installments. The purchaser will give mortgages on the land for the remainder of the money after the first payment. The notes are to bear six per cent interest and be non-negotiable.

No person will be allowed to make application to sell his land unless he agrees that the sale and the proceeds shall be subject to such terms and conditions as may be imposed by the secretary of the interior. Immediately after the purchase is made a deed is delivered to the purchaser, and the notes and mortgages are deposited with the commissioner of Indian affairs. The sales must be advertised for thirty days before they are made. The purchaser or shall have the right to pay the full purchase price at any time and secure cancellation of the notes and mortgages.

Blank forms for application to sell land and for certificates of competency are furnished by the Indian agent for the Osages at Pawhuska and the agent for the Kaws at Washington. When a certificate of competency is issued, the land of the Indian, except his homestead, becomes taxable. Under the provision of this act, however, three years must elapse before the land becomes taxable, but as the act bears date of June 28, 1906, the non-taxable period has already practically expired.

Caught With Marked Bill.
 Chicago, April 14.—Hugo H. Smith, a member of the city board of examining plumbers and widely known in municipal politics was arrested today on a charge of extorting a bribe. The arrest was made in the city hall by detectives from the state attorney's office.

The detectives say that they found \$50 in marked bills in Smith's possession. These bills, it is asserted, were given to Smith by George Haney in return for a plumber's license.

BOOTH LAUDS AMERICA

FOUNDER OF SALVATION ARMY TELLS OF AMERICA'S OPPORTUNITY FOR HELPING RACE.

LAND SOLD ON TIME

Kaws' Surplus May Be Sold at Public Auction or Under Sealed Bids—One-Fourth Cash, Balance Annual Installments.

New York, April 14.—A message from General William Booth, founder and commander of the Salvation Army, was read last night at a remarkable celebration in Carnegie hall in honor of his eightieth birthday anniversary. Miss Eva Booth, the general's daughter and commander of the Salvation Army in America, read the message to the packed hall. It read:

To the American People:
 London, April 10, 1909—Oh, America, how vast is your opportunity for making a lasting mark for good on the entire human race! Endowed with measureless material resources, enjoying the unbounded confidence of your communication, favored with the concentrated light of earth and heaven, possessed of an influence covering like a shadow all the world beside; what a power you must be destined to become.

What will you do with this mighty, magic force? If you are permitted to realize your ambition to lead the world, whither will you lead? To utter abandonment of faith in the eternal and the neglect of every duty flowing out of it, to senseless worship of Mammon, to useless frivolity. No! I am sure you won't and I blush at the very mention of such things and denounce them with all my soul.

Where else can you lead this poor, blind, stumbling world of ours but to the mighty, just, holy God and obedience to His commands: to the practice of righteousness, purity, honor, kindness and simplicity—to self-sacrificing service of mankind.

Oh, America, I invite you to the actual realization of the Christian principles you profess and to practical imitation of Jesus Christ, who came out of His heaven to seek and save.

Come along then, let us gird up our reins and go out of our heaven and put our arms around perishing multitudes and bring them to Christ, purity, peace and paradise. I invite you to make our common Christianity an unguishable reality and thus wipe out the reproach fast gathering over us that it is nothing more than an explored tradition, a fashionable association or a lifeless ceremony. Then when the wondering world asks: "In what country can I find the thing described by the letter of the Bible and set forth in the life of Jesus Christ?" the answer shall be America, General William Booth.

Messages cabled by various governors and mayors in this country to General Booth in England congratulating him on his birthday anniversary and paying tribute to his work, were read from the stage.

TO PRESERVE HICKORY TREES.
 Association Alarmed Over Decrease in Supply.

Cincinnati, April 14.—The National Hickory association opened its first annual meeting here today. The object of the organization, it was stated, is to devise a plan of co-operation between the users of hickory wood and the national government to insure a future supply of the wood. The visible supply, it was said, will last but fifteen years, and thirty years are required to grow a new hickory tree. Hickory wood is described as the hardest and most durable of all, and the slowest to grow. The consumers say that if the government will sell them the hickory on the forest reserves and then plant a new tree for every one felled, the future would take care of itself. It is expected that some plan will be formulated at this meeting and submitted to the Washington authorities.

C. H. Burras of Chicago, the attorney of the association, said: "The demand for hard woods, and especially for hickory, is growing by leaps and bounds chiefly by reason of the demands of the automobile trade, and the supply is virtually at a standstill. Most of the hickory now being used in the carriage and automobile trade comes from Tennessee and Arkansas and from the western states."

Foley's Honey and Tar is a safeguard against serious results from spring colds, which inflame the lungs and develop into pneumonia. Avoid counterfeits by insisting upon having the genuine Foley's Honey and Tar, which contains no harmful drugs. Sold by all druggists.

More than Nine out of Every Ten Adding and Listing Machines Sold Are Burroughs

1891 to 1895 Only 1,000 Burroughs Machines sold in these four years combined.
 1901 2,121 Burroughs Machines Were Sold in This one Year.

October, November and December, 1908
 4,812 Burroughs Were Sold in these three months alone—more than all that were sold in the whole year of 1903.

2,064 Burroughs Machines Sold in December, 1908

"Business conditions" did not prevent another general smash-up of all sales records in the adding machine industry last year.

More Burroughs Adding and Listing Machines were sold during the last three months of 1908 than were sold in the whole year 1903.

More Burroughs were sold in December, 1908, than ever were sold before in any one month.

More Burroughs were sold in 1908, in proportion to the total combined sales of all other kinds of adding and listing machines, than ever before.

More different lines of business bought Burroughs in 1908 than ever before.

All the above is due to one specific condition—that employers in every line of business under the sun have discovered their need of the Burroughs. Also, that while every business is "different," there are different styles of Burroughs for every business, a Burroughs specially adapted to the bookkeeping, cost-keeping and billing methods of every business—in other words, a Burroughs to fit the special needs of each and every business.

Remember:

There is a Burroughs arranged especially for your business—whether you deal in hardware or life insurance—and it is likely that someone else in your line is using it to cut down the expense of doing business.

Let us explain to you, in detail, the operation of the particular Burroughs machine that is adapted to your business and the various details of your work to which it may be applied. On request, we will also send some forms illustrating how other people in your line are using it to save time, work and worry.
