## BIG ULCER ALL HEALED

"Now I Can Walk," Says Mrs. Southcott of Medina.

"Here is another letter that makes me happy," says Peterson, of Buffalo. "One that I would rather have than a thousand dollars."

Money isn't everything in this world. There's many a big hearted rich man who would give all he has on earth to be able to produce a remedy with such mighty healing power for 60 cents a large box."

Read this letter, written February 14, 1918, by Mrs. Albert Southcott, of Medina, N. Y. It seems like a miracle, but it is true, every word of it. I know it because I get similar letters almost every day from people who have used my ointment for old sores, eczema and piles.

Is it any wonder I am happy? Peterson Ointment Co., Inc., Buffalo, N. Y.

Dear Sirs:—

"I was an untold sufferer from an old running sore and ulcers. I had tried most everything without any relief from pain. A friend told me of your wonderful ointment and the first box took away the pain that had not left me before in years, and after using nine dollars worth of the solve I am cured. The ulcer was 9 inches by 4 1/2 inches, is all healed and I can walk. Never, never will I be without Peterson's again."

"You may use this to recommend your ointment if you wish. I cannot say enough to praise it." Yours truly, Mrs. Albert Southcott, Medina, N. Y.

Washington, May 14.—Col. E. V. Ryan, Red Cross commissioner for Russia and Baltic states, just back from a surreptitious trip to Russia, declared in an official report that the Russian bolshevik government is "a social adventure become a ghastly failure." He asserted that unless Russia had outside assistance chaos soon would result.

Washburn, N. D., May 14.—Henry Lyster, a farmer, pleaded guilty to having killed Jacob Wolf, his wife, five children and their chore boy on the Wolf farm, April 22. He was sentenced to life imprisonment.

## STOCK OF "JAKE" AND OTHER LIQUIDS CAPTURED BY OFFICER

The special "boozie" officer, recently appointed by the board of city commissioners, got busy last night, and as the result of his visits to various joints in the city, he has a collection of punch boards, adorned with gold money and merchandise, that were alleged to be in operation in the California Pool hall, the Dallas pool hall, both on Main street, and the pool hall on A street in the rear of the First National bank.

It was alleged at police headquarters that the three pool halls are owned and operated by Gus Key. In his visit to the "Doc" Smith restaurant on Caddo street he captured over 200 bottles of "Jake" as well as some white "caw" liquor.

In his raid on the Dallas pool hall on Main street, the officer alleges that the man in charge being apprised of his presence at the front of the building, promptly smashed a large glass receptacle containing approximately five gallons of liquor.

Complaints were filed against those found in charge of the various places.

This is the first raid made by the officer, Tom Hutchins, since his appointment by the board last Tuesday night, but he states that things are going to happen to the booze fraternity in this city, so they might as well begin to seek other localities because they will have no peace from him so long as they continue to operate.

Chicago, May 14.—A rifle squad of Chicago police early today cornered and shot a train robber who had robbed a Illinois Central railroad car of currency estimated to total \$500,000.

Los Angeles, May 14.—The boy hood home of James R. Watson, confessed bigamist and robber was Eureka Springs, Ark., according to information furnished the authorities by two former residents of that town.

## CHIEF WARNS PEOPLE OF DANGEROUS GRADE CROSSINGS IN CITY

"Right here is where we are going to have another grade crossing horror, such as shocked the citizens of Ardmore last March when five people lost their lives by being run down by a switching train," said Chief of Police Chancellor as he was driving in from Whittington Park last night with a party of friends, and was held up at the crossing near Tyler and Simpson's wholesale grocery by a switching crew for several minutes.

The remark was prompted by the chief witnessing several persons taking desperate chances in crossing while the switch engine was shunting cars about in the yard.

Chief Chancellor recalled a proposed ordinance that was introduced before the mayor and board of commissioners some time ago, that would require the railway company to maintain gates and guards at all dangerous crossings, but which seems to have been neglected for some reason.

Traffic over this particular crossing is going to be exceptionally heavy during the summer months on account

of the amusements offered at Whittington Park, and the chief is convinced that unless something is done, and done at once his prophecy will come true.

"It is bad enough in the day time," he said, "but at night it is absolutely dangerous, and is going to result in deaths and injuries unless some means is provided to protect the traveling public."

The chief stated that he would bring the matter before the mayor and commissioners again, and see if something could not be accomplished to prevent a disaster before it is too late.

"If the mayor and commissioners will pass that ordinance I will see that it is enforced to the letter, the railroad company will put gates and a guard there if compelled to do so by city ordinance, but they will not unless they are. Pass that ordinance and I will show them," the chief concluded.

Chicago, May 14.—A rifle squad of Chicago police early today cornered and shot a train robber who had robbed a Illinois Central railroad car of currency estimated to total \$500,000.

Los Angeles, May 14.—The boy hood home of James R. Watson, confessed bigamist and robber was Eureka Springs, Ark., according to information furnished the authorities by two former residents of that town.

## HOLD FAST TO HEALTH With The Mighty Strength-Giving Power of NUXATED IRON

Nothing slips away so easily as HEALTH. Unless YOU hold fast to HEALTH by your own efforts—by keeping your blood pure, red and rich in iron—the day may come when all you can do is to WISH you had acted sooner. Nuxated Iron helps strengthen the nerves, restore wasted tissue and build red blood, strength and endurance. Over three million people use it annually. At all druggists.

## This "Cutting" Test —Safeguards Your Mileage

Experts build Greyhound Tires BY HAND—they use the finest materials obtainable. Yet nothing is left to chance. One tire out of every batch made is cut in two and carefully inspected. If it is found to have any defects, the whole batch is rejected.

The flaws may be trivial ones—the tires will probably give longer-than-the-average service. But they are not up to the high standard set for Greyhounds—and they are not allowed to bear the Greyhound name.

This rigid inspection policy safeguards your mileage. Time has proven that Greyhounds "Out-Run Their Guarantee." You can buy cheaper tires than Greyhounds—but you cannot buy cheaper MILEAGE. Travel with Greyhounds! If no dealer in your town can supply you, write us, and we'll see that you get them.
