Labor Day In the Oil Metropolis will See Entertained Thousands with the Most Brilliant Events In Annals of Territory Labor Thus Adding New Laurels to the Unions of Tulsa

BRYAN DISLIKES NEW ENGLAND

NOT A GOOD PLACE FOR BREEDING DEMOCRACY.

IS IN NEW YORK TODAY

The Glad Hand Extended William J., and Reminded Him of Campaign Days.

New Haven, Conn., August 31.—The visit of William J. Bryan to Connecticut today must have strongly reminded him of the strenuous days during his presidential campaigns, for he delivered four addresses, each of considerable length, attended two receptions and was the center of handshaking bees whenever his admirers could reach him. All this was crowded into the hours between noon, when he reached the city, and the hour of his retirement tonight as a guest of former Senator Archibald McNeil, of Bridgeport. Everywhere he was heartily received, although there was an absence of street demonstrations, both here and in Bridgeport. His audiences, however, at times were wildly enthusiastic, especially at the noon luncheon here.

The features of the day were the luncheon and the conference of New England democrats. At the former Bryan was welcomed to the city and state with cordiality, that for worth has seldom been extended to a visitor, and at the latter he stood before a representative body of New England democrats and with great earnestness spoke of the problems which the party must face in the coming campaign. Bryan said in the course of his address that New England never had been a "good breeding place for democracy; Jefferson had never considered it so; neither did Jackson."

Bryan left New Haven for Bridgeport shortly before six o'clock, in a city going to the home of Mr. McNeil for dinner and later addressing an audience in the armory. Both of his main addresses at the mass meetings were along the lines of his address at Madison Square Garden last night, touching upon issues which he declared to be of paramount importance at this time.

Tomorrow morning Bryan will return to New York.

HE DISLIKES BRYAN.

W. A. Harris Conceals His Hatred and Now Dodges.

"W. J. Bryan will not make speeches in Kansas this fall if W. A. Harris can help it," remarked one of the best known democrats in the state at the conclusion of the democratic state committee meeting in Topeka last week. "I know Harris has denied the truth of the published statement that he wants no outsiders to come to Kansas this year, but his denial is not founded on truth. I was in the meeting and heard the matter discussed so I know what I am talking about."

Harris hates Bryan and makes no secret of his hatred when he things himself among friends. Harris knows that Kansas people would like to hear Bryan this fall and that the Nebraska would do the party much good in the state. I do not mean by this that Bryan would make votes for Harris. I think the contrary is true. But Bryan is going to be the democratic candidate for president in two years and by two or three speeches in Kansas this fall he could stir the voters up so we would have no trouble in carrying the state in 1908.

"Harris does not want Bryan elected. Besides, he does not want to stir the republicans up on national issues this year. The presence of Bryan would draw the lines in the present campaign on a partisan basis. That is the thing Harris does not want and in order to accomplish his own purposes he is willing to injure Bryan's chances in two years. Fearing to openly acknowledge his hatred for Bryan, Harris does a meaner thing and stabs the Nebraskan in the back under the cloak of friendship. It is the old story of Harris—he is for Harris all the time and never for anyone else."

"I am first a friend of Bryan, and do not like to see him get the worst of it from men who should be his friends. While I am supporting Harris, you can say the most of the enthusiasm has been taken out of me by Harris' attitude toward Bryan and there are hundreds of men who feel just as I do about it."

Quarterback Recovering from Illness. Kingfisher, Okla., August 31.—Bill Cross, quarterback on the Oklahoma university football team, has been ill here of typhoid fever for several

weeks. At present he is reported as improving. While there is no hope that he can get into the game during the easy contests of the first few weeks, he confidently expects to be in condition for the big games during the latter part of the season. Cross is regarded as one of the "headiest" quarterbacks in the west, his work last year gaining much favorable comment from the metropolitan press outside the state.

TO SPEAK IN OKLAHOMA

Bryan to Give Two Days to Democrats of the New State.

New York, Aug. 31.—William J. Bryan will take part in the Oklahoma campaign. He made this promise today to a delegation composed of Roy Stafford, of Oklahoma City; Thomas E. Doyle, of Perry; T. F. McMechan, George Whiteshurst, Captain Stine and W. L. Eagleton. Mr. Bryan assured them that he would spend two days in the new state, making speeches at points to be decided upon later.

SHOT HIMSELF.

Kansas City Business Man Ends His Life.

Kansas City, August 31.—James Van Pyma, a democratic politician, formerly president of the Gille Hardware company of this city, shot and killed himself at three o'clock this afternoon at his home.

He had been despondent for several months, it is said, over money losses. Van Pyma was fifty years old. A year ago he was democratic nominee for probate judge.

ARE NOT SCABS BUT UNION MEN

TRAIN LOAD OF 500 ON WAY TO FRISCO FOR FREE RIDE.

MAKE A STATEMENT

Do Not Want to Be Considered as Enemies of Labor; but Want a Lark.

Ogden, Utah, August 31.—Two trains carrying 650 strike breakers, reached Ogden early this evening, and departed before 8:30 p. m., for San Francisco.

The men on the train mingled freely with the crowd of local unionists drawn to the depot by the announcement of their coming. They nearly all claimed to be in sympathy with unionism and a committee sent the following communication to the local papers:

"Dear Friends:—We are most of us young men and would like to see the country of the golden west. We are not all scabs and will not take honest men's places. The object of most of us is to get to San Francisco free. You know we get our fare paid on this trip. Most of us are union tradesmen. We want to put ourselves in the right light before the western people. There are, on this train about five hundred and at least two hundred will desert when they get to Frisco."

ARE ACQUITTED.

Two Negroes Accused of Burning a Building Discharged.

Tom Ferguson and Robt. Ayte, the two negroes who were arrested on July 26th, on a warrant charging them with setting fire to the brick building of W. H. Shults and S. E. Simpson in "Old Town," which were destroyed by fire on the 18th day of February, were brought over from the federal jail at Muskogee yesterday morning and put on trial in U. S. Commissioner Mosher's court, but there was no evidence forthcoming upon which to convict them of the crime, and they were discharged.

We understand there is quite a liberal reward offered for the guilty parties, but it is not at all probable that the perpetrators can ever be located and convicted.

HAYASHI DETHRONED.

In Jap Politics Is Declared "Devoid of Political Significance."

Tokio, August 31.—Although the leave of absence granted to Viscount Hayashi, foreign minister and formerly ambassador to Great Britain, is semi-officially declared to be devoid of political significance, there is reason to believe that serious differences have arisen between him and Premier Saionji, and that the Viscount is likely to resign his portfolio.

STOLE MILLIONS OF TRUST FUNDS

OFFICIALS OF FAILED INSTITUTION WERE IGNORANT.

CLEARING HOUSE REPLIES

Says Directors had not Met in Three Years and Did Not Know the Extent of the Shortage.

Philadelphia, August 31.—Additional developments of a sensational character, continue to crop out in connection with the failure of the Real Estate Trust company, which institution failed on Tuesday of this week. Today it became known publicly, for the first time since the suspension of the company that there had not been a meeting of the board of directors of the failed bank for nearly three years, every detail having been left to the president of the company, Frank K. Hipple. It was this state of affairs which caused the clearing house association to hesitate about coming to the aid of the Trust company at the meeting on Tuesday. The criticism of members of the clearing house association was responsible for the information being given out today by one of the leading members of the association. Several of the directors of the Trust company have stated since the crash that the company could have been saved had the local bankers advanced \$7,000,000. A member of the clearing house association who was present at Tuesday's meeting, said today: "The directors of the Real Estate Trust company knew as little about the affairs of the company as any of the bankers present. They did not appear to know whether the shortage was \$5,000,000 or \$10,000,000, and it would have been folly for us to have advanced cash when the affairs of the bank were in such a deplorable condition. Junkin could not tell us why the state board of examiners and board of directors of the Trust company had failed to do their duty for nearly three years."

OKLAHOMA POLITICS.

Thirteenth District Republicans Have Organized in Oklahoma.

Enid, Okla., August 31.—The meeting of the Thirteenth constitutional district at the court house last night was remarkably well attended by committeemen and others, constituting probably the most representative gathering that has been called in Enid for some time. It showed that the thinking people are alert, and realize the importance of the election to choose delegates to the constitutional convention.

The meeting was called to order by H. J. Sturgis, chairman of the city central committee, and M. D. Asher was elected to preside. J. S. Lightfoot was made secretary.

A committee was appointed to devise plans for organization, consisting of W. B. Harrison, R. A. Kent, Judge Callison, H. G. McKeever and J. S. Lightfoot. The committee recommended that the republicans present from each of the wards in the district select a man to act as a member of the permanent committee, and that the four so selected name a chairman outside of their own ward. After some discussion this was adopted. The ward selections were as follows: First, W. I. Drummond; Fourth, George Rainey; Fifth, Judge Callison; Sixth, H. G. McKeever. These men selected Judge James as their chairman, and the entire proceeding was then ratified by a unanimous vote of all present.

Judge Callison, who had early in the meeting endeavored to get an expression in favor of making the nomination by the primary election system, again brought the matter up, offering a motion to that effect. This motion was voted down. Many who are in favor of primary elections as an issue, feared to make the change at this time, on so important a matter as the selection of a candidate for constitutional convention.

SHIP ASHORE.

Vessel Being Foundered on the Rocks Off Honolulu.

Honolulu, August 31.—The Sheridan's main steam pipe is broken and the vessel is helpless so far as her own power is concerned. It is reported that the breaking of the pipe occurred just after the steamer grounded, and that the crippled condition of her engines was the cause of the accident.

The pipe broke at 1:38 o'clock this morning. Immediately after the ves-

THE WEATHER.

Washington, August 31.—For Greater Oklahoma: Local showers Saturday and Sunday.

sel struck the reef the life boats were lowered and efforts were made to reach the shore. The position of the steamer is apparently alarming, but her boats have not yet been able to find a place where they can land. Natives are now getting the vessel through the surf in canoes. Captain Peabody said that if powder is applied, quickly he believes the Sheridan can be saved, but otherwise there is little hope for the transport. The swell is very heavy and the coral reefs are very sharp. Good order is maintained on board the vessel. The transfer of passengers either to the shore or to other craft so they can be brought to this city is a serious problem.

SHAW IN MISSOURI.

Secretary Announces Engagements in September.

Washington, August 31.—Secretary Shaw will speak in the state of Missouri during the week beginning September 17, as follows:

Hannibal—Monday afternoon, 17th. Moberly—Monday evening. Carrollton—Tuesday afternoon. Kansas City, Tuesday evening. Pleasant Hill, Wednesday morning. Joplin, Wednesday evening. Dixon, Thursday afternoon. Lebanon, Thursday evening. Crystal City—Friday morning. Farmington—Friday evening.

MUSKOGEE HERE BIG LABOR DAY

PRES. DECKER MEETS WITH A HEARTY RECEPTION.

A SPECIAL EXCURSION

Muskogee Business Houses Will Close Labor Day and All Come to Tulsa.

Muskogee is coming in full force to attend the mammoth Labor Day festivities in Tulsa. There will be a big excursion of several hundred people. The Muskogee business houses to the number of thirty-five have agreed to close their stores Labor Day to enable the clerks and other employees to take advantage of an opportunity to enjoy an outing and see the oil metropolis.

President Decker, of the Trades Council, was in Muskogee yesterday and last night stated to a World representative that Muskogee will be here with a large delegation in a special train and headed by a band. Muskogee will take part in the Labor Day celebration, and arrangements are being made to take care of the visitors.

A BIG YIELD OF COTTON.

W. P. Lane of Davis Says Only Trouble Will Be to Get Hands.

Ardmore, August 31.—W. P. Lane, a cotton buyer of Davis was in Ardmore today. He has been buying cotton at Davis and Paul Valley for a great number of years and has had much experience in observing crops. In his opinion the acreage in the Chickasaw nation is 30 per cent greater than last year, and the yield per acre will be much larger. He estimated that the crop in this section will make 50 per cent more than it did last year, and says the only trouble expected is in securing hands to gather the crop. He says the Chickasaw nation never had a finer crop than this year.

BOYCOTT LEGAL.

Rights of Labor Unions Recognized by Courts.

Washington, August 31.—The right of labor unions and their sympathizers to call on their friends to withhold patronage from a non-union tradesman was recognized as not being illegal by Justice Stafford in the district supreme court here today. In making this decision Justice Stafford dismissed the temporary injunction against the Bakery and Confectioners Workers' International Union, which had been obtained by John Bender, a baker, who alleged that he had been harassed by means of a systematic boycott.

Lawrence Mathews, of Collinsville, was in Tulsa over Thursday night, and for a few hours yesterday.

SEAL POACHERS WERE KILLED

FIVE JAPANESE POACHERS SLAIN IN A RAID.

JAPAN GREATLY EXCITED

One of the Schooners Engaged in the Affair Directed to Report to the Officials in Tokio.

Victoria, B. C., August 31.—The steamer Tartar, which arrived today from Japan and China, brought the news that the killing of the five Japanese seal poachers in the raid at the Pribyloff islands has caused great excitement in Japan and the press is devoting columns to the discussion of the affair. One of the schooners engaged in the affair arrived at Azusa, Hokaido, shortly before the Tartar sailed and her officers had been instructed to proceed to Tokio to inform the government regarding the occurrence.

CHAIRMAN TO ISSUE CALL.

Territorial Republican Committee to Begin Its Campaign.

Guthrie, Okla., August 31.—Charles H. Filson, territorial secretary and chairman of the territorial republican committee, announced today that he will call a session of the convention in the near future to make arrangements for the constitutional convention campaign. In all probability the committee will recommend a platform on which the candidates for the convention will stand, taking as a basis the platform drawn by Chief Justice Burford and adopted here by the first district congressional convention and merging with it the brief platform adopted by the second district republicans at Geary. The committee will also devise means of raising campaign funds and will locate permanent headquarters.

In the meantime Mr. Filson advises that each constitutional district organize immediately and prepare for its own campaign. By active work he believes the republicans will have a majority in the convention despite the fact that the county seat fights in Indian Territory will be a source of danger to the republicans. Mr. Filson, however believes the majority obtained in Oklahoma Territory will offset any element of danger of this kind in the eastern half of the new state.

A plan is now on foot to amalgamate the republican committees of the two territories for the constitutional convention. At a meeting of the Indian Territory committee yesterday at McAlester the plan was discussed and Chairman Victor was authorized to visit Guthrie and arrange a merger with Chairman Filson.

MANSLAUGHTER WON'T ANNOUNCE.

So, McAlester, August 31.—George Mansfield, of the firm of Mansfield, McMurray & Cornish, who has been solicited to announce himself as a candidate for the constitutional convention from this district, has declared that he will not make a race and has so informed his friends. Mr. Mansfield will soon return to McAlester from his summer home in Rogers, Arkansas.

GUILTY OF FORGERY.

Minister Soldier Arrested and Taken to Springfield, Ill.

St. Louis, August 31.—After his identification as the accused in Springfield, Ill. for forgery, William J. Campbell, pseudo minister, undertaker and soldier, confessed today at the city hospital that he had passed worthless checks. He is suffering from a stab wound in the neck.

Detective Peter Ettell Brick of Springfield, with the aid of a postal photograph, positively identified the man. Campbell said he would go back to Springfield without requisition papers.

LAND FOR PRESS CLUBS.

A Site for Incapacitated Newspaper Men's Home.

Denver, Colo., Aug. 31.—Delegates to the sixteenth annual convention of the International League of Press Clubs, were taken today over the new Moffatt railroad to Corona, the crest of the Continental divide, where amid alternate expanses of granite boulders and perpetual snow a session was held for the election of officers.

Edward Keating, of the Denver Press club, was elected president of the league.

The following vice presidents were named: George J. Brannon, Philadelphia Enquirer; Jackson G. Haug,

Pittsburg Post; Mrs. Ada Cable, of the Bradford (Pa.) Herald, and Eden Small, Detroit Times.

St. George Thompson, of the New York Insurance Journal, was re-elected treasurer, and Lewis G. Early, of the Reading Times, was elected secretary. The executive committee is to be elected tomorrow.

The Natrivia Valley company has offered the league 640 acres of land with perpetual water rights as a site for the proposed national home for aged and incapacitated newspaper men.

BRYAN CONDOLES.

Wired Mrs. Rosewater Sympathy in Her Bereavement.

New Haven, Conn., August 31.—W. J. Bryan learned of the death of Edward Rosewater, his personal friend, while on the train enroute to New Haven. Mr. Bryan immediately sent the following telegram to Mrs. Rosewater: "Just learned with great sorrow of your husband's death. Mr. Bryan joins me in expressions of sympathy. WILLIAM J. BRYAN."

BRICK PLANT AT ARDMORE.

Wisconsin Man Will Operate New Plant With Natural Gas.

Ardmore, August 31.—L. L. Framp-ton of Wisconsin, who has been here investigating the shale that surrounds Ardmore, returned today to his home. He will return here and put in a \$10,000 pressed brick plant. He says the shale here is as fine as he ever saw and that Ardmore offers a magnificent opportunity for the establishment of such a plant as he contemplates putting in.

WAR THREATENS ISLAND OF CUBA

SITUATION BAD AND THE OUT LOOK IS DARK.

MAKE NEW OUTBREAKS

Town in Which No Fighting Had Been Done the Scene of a Battle With Police.

Havana, August 31.—The situation is far darker tonight than at any previous time since the insurrection broke out. News of an uprising in Santiago province, while not yet published here, is spreading about the city, causing the gravest concern. When Sleeper, the American charge d'affaires here, was told the contents of the Associated Press Santiago dispatch, he endeavored to verify it through the state department, but was told it was absolutely untrue. Subsequently the dispatch was verified from private and newspaper sources. The extent of the rising in Santiago is not known, but it is the opinion here that the worst calamity of all to Palma government would be an insurrection in eastern Cuba.

The Associated Press was informed tonight by two reliable witnesses, that Cardenas, which hitherto has been considered a perfectly peaceful city, was the scene yesterday of desultory fighting between the police and rural guards on one side and roving insurgents on the other. The only province remaining perfectly peaceful in Puerto Principe. Americans have great cattle interests there and are apprehensive lest it, too, become the field of insurrectionary operations.

The Associated Press correspondent at Cienfuegos telegraphed tonight that there are three thousand armed insurgents in that vicinity and that all small towns in Santa Clara province are controlled by insurgents who attack and loot trains and seize the property of foreigners as well as of Cubans.

Trinidad is surrounded by insurgents and the government appears powerless to protect the property of Americans and other foreigners. Railway trains are held up and passengers searched. The Cuban Central railroad has declined to accept the responsibility for the safety of passengers or freight.

PHONETICS GO AT LEHIGH.

Reformed Spelling in All Quizzes and Lectures.

Bothlehem, Pa., Aug. 31.—Professor Mansfield Merriam, of the department of civil engineering of Lehigh university, today posted notices to the students of the institutions in his department that hereafter the Carnegie system of reformed spelling would be used in all quizzes, lectures, bridge reports, etc. The notice affects nearly 400 students.

SPEEDY RACES AT SHEEPHEAD

FUTURITY WILL LIKELY BE IN NEIGHBORHOOD OF \$50,000.

KEENE'S ARE FAVORITES

An Evenly Balanced Field and of the Highest Class of Futurity in Recent Years.

New York, August 31.—Sixteen royally bred 2-year-olds are carried tonight as starters in the Futurity stakes tomorrow afternoon at Sheep-head Bay, when the racing on New York tracks will be renewed after the summer season at Saratoga. The field is most evenly balanced and the highest in class that any Futurity of recent years has called out. The distance is seven furlongs. The exact value of this year's Futurity will probably be in the neighborhood of \$50,000.

The favorite entry of the race was agreed upon some time ago, for it was agreed that James R. Keene, the noted financier and turf man might choose any one of his splendid string of youngsters to wear the famed "white, blue spots," and still have the best chance of winning. Keene has elected to start three horses, Pater Pan, Pope Joan and Zambesi. The performance of the first two have been such as to warrant considerable faith in their winning ability.

Illinois Oil Field.

The following will give our readers an outline of the conditions and developments at Casey, Ill.

"The developed field," Mr. Fritz is quoted as saying, "is fifty miles long and two and a half wide. In all 1,000 wells have been drilled within the past two years. The field is simply a succession of rich pools with dry streaks between. It is possible to drill a duster within a location of a large producer. Frequently a good one well is brought in that produces no oil."

"The sand lies at a depth of 350 feet just north of Casey and dips to the southwest. Down in Crawford and Lawrence counties it lies from 900 to 1,050 feet below the surface. The sand is light grey and from 25 to 75 feet in thickness. There are one to three pay streaks in the sand, although sometimes all the sand is pay. When a well is drilled it often does not show much until about then it may flow at the rate of 200 to 300 barrels per day."

"In Crawford county 75 per cent of the wells are flowing, while at Casey they are pumping. Lots of dry holes are being brought in and lots of mighty fine wells. The best wells have put 1,800 barrels of oil in tankage in twenty-four hours. They drop soon to 200 barrels or better, all depending on how closely they have been drilled. The average well will start off at 100 and is good for fifty barrels in sixty days. A well costs from \$2,000 to \$2,500, and a dry hole \$1,500. The usual royalty is one-sixth, although a great many are written one-eighth. There are very few one quarter leases. Bonus money runs from \$25 to \$200 per acre."

"The Standard handles the oil by pipe line to the railroads and so far has taken good care of the production."

COWETA BUSY.

Republican Headquarters in Rear of Coweta State Bank.

Special to the World.

Coweta, August 31.—Republican headquarters have been established in the two rooms in the rear of the Coweta State Bank, facing on Sycamore street.

The rooms have been neatly furnished with telephone, chairs, table, etc., and they will be open to the public at all times, and instead of the farmers being compelled to discuss matters on the streets and in business houses, these headquarters will prove an interesting retreat for them and enable them to converse in privacy and in comfort.

A gentleman will be placed in charge of these headquarters who will take pleasure in looking after the comfort of all visitors.

Preacher a Scrapper.

Elk City, Okla., August 31.—During a holiness meeting at Carter last night Reverend Fra. Alexander, evangelist, was attacked by an unknown young man with a knife. Quickly the minister pulled a six-shooter and struck his assailant on the head, knocking him unconscious. Alexander escaped uninjured.
