BEGINS HIS CAMPAIGN FOR ELECTION TO THE ASSEMBLY.

REVERSING MURPHY VERDICT

Declares He Would be Delighted to Have His Case Heard Before a "Fair Jury."

NEW YORK, Oct. 24.—Analyzing the events subsequent to his appointment as governor, William Sulzer in an open air speech tonight to voters in the Sixth district, where he is the candidate for the assembly, said:

"The appeal to the high court of public opinion from the packed court public opinion from the packed court overruling the reversal of the Murphy verdict."

Sulzer said he had read that Charles E. Murphy, now bitterly repents his failure to overrule the high court of impeachment to disbar not then holding office."

"The chief had grown so used to getting away with his lies that he never dreamed he would be called when he threw me out of the governor's chair," continued Sulzer. "He is mortified to admit that while he had me lynched like a horse thief and the mob left me for dead, there still is breath enough in my body to fight corrupt bosses."

"Mr. Murphy now is talking about having me indicted on the evidence which Judge Challen refused to con-

"I commenced taking Cardin, the woman's tonic, and it made me not feel well. An early 15 years old now, but feel 40 after bad remedies."

Mama got me the cardiac tablet and always took drugs. She took the cardiac treatment, and this was both poor health.

DISMISSED CASE TO SAVE REPUTATION

GIRL DID NOT WANT TO TESTIFY AGAINST THE MAN WHO ASSAULTED HER.

OKLAHOMA CITY, Okla., Oct. 24.—(Special)—Upon motion of Assistant County Attorney H. V. Thompson, Judge Oldfield of the superior court, Thursday morning dismissed the case against E. H. Brown charged with assault upon Miss Verma Osborne in July. Brown has been confined in the county jail since his arrest, according to a statement from Thompson, but was released from custody immediately after dismissal of the charge against him.

Attorney Thompson gave two reasons for dismissing the charge. First, that he was almost certain that he could not secure a conviction and second he felt that the notoriety which the girl could not avoid, because of the nature of the case would tend to be injurious to her in the community.

Miss Browne was employed as a telephone operator at the time of the alleged assault. Brown was employed at a branch office of an oil company. He is married. He and the girl were riding out north of the city late one night when the assault is alleged to have occurred. Miss Osborne, the principal witness for the state, told Attorney Thompson that while she would testify if called upon she preferred to be left out of the case altogether. As she was the principal witness for the prosecution, her feelings in the matter were given consideration.

HIS ONLY OBJECT IS TO MAKE PEACE

HUERTA OUTLINES HIS POLICIES AS PRESIDENT OF MEXICO.

DON'T WANT INTERFERENCE

Is Determined That All Mexican Troubles Shall Be Settled By Mexicans.

MEXICO CITY, Oct. 24.—General Victoriano Huerta, provisional president of Mexico, made a statement today which was afterwards read in the presence of all of the members of the diplomatic corps and the cabinet minister. In this statement General Huerta gave his most solemn assurance that the sole use he intended, or will make, of his power as president is first to establish peace in the republic, and second to comply with the law of his country in holding fair elections so that the choice of the people, whether it be me, shall be installed in power.

He referred to the present of the United States in terms of great respect and expressed unbounded admiration for the people and institutions of the United States. He pointed out with great emphasis that the difference between the people of Mexico and the people of the United States was a difference so inherent and fundamental in the character of the two races as to make it entirely impossible to apply to the people of Mexico American methods in the evolution of a democratic government for his country.

See The Living Models on the Second Floor—Tonight

For two nights past we have exhibited rare dresses and gowns on living models in our show windows.

Requests have come from many who could not crowd near enough to the windows to see, that we extend our exhibit.

Therefore we gladly announce that this evening we will again hold Fashion Show, this time on our second floor.

Frank Stanislav, a Bohemian musical artist from Prague, Austria, will entertain second floor visitors on the Zythem Harp from 7:30 to 10 o'clock tonight. The Zythem Harp is of 34 strings and affords a rare treat to lovers of refined technical harmony, producing the effect of a whole orchestra. Monsieur Stanislav has no equal with this musical instrument in America. We have gone to considerable expense to secure the services of this artist and it is our desire that you hear him here tonight.

THE BATTLE FOR BREAD.

A dopy man overtook a small, red-haired urchin distributing circulars on a west side street yesterday and inquired if he was making a lot of money.

"I'm just tryin' to make a livin'," returned the lad, sadly.

"Tryin' to make a living?" repeated the man in surprise.

"Yes, my mother's been sick in bed and I'm tryin' to make some money."

"Well, that's too bad. Where's your father?"

"Oh, he goes around from town to town."

"Ah—um—doesn't do anything?"

"Oh yes, he sells automobiles."

"Why that sounds like a pretty good job."

"Yes, it is. But I'm trying to make some money to put in the bank so I'll have a lot for Christmas. I've got quite a bit there now."

"I say—ah—pauses—and your mother sick in bed?"

"I gotta go down this way," replied the red-haired boy, staring across the street. Presently he looked back and grinned.

TWO REQUISITIONS ISSUED.

Hester, and Tom Jackson wanted in Okmulgee county for obtaining money under false pretenses. Shooting of Hester occurred on July 22, 1909, and he died the next day. Warren has been indicted, but his whereabouts have never been learned until recently when he was located in Las Cruces, N. M. Jackson has been at Huntington, Ark.

Wonder what upset your stomach—which portion of the food did the damage—do you? Well, don't bother. If your stomach is in a revolt, if sour, gassy and upset, and what you just ate has fermented into stubborn lumps, head dizzy and achin', batch gases and acids and erenate undigested food; breath foul, tongue coated—just take a little Pap's Diapensis and in five minutes you wonder what became of the indigestion and distress.

Millions of men and women today know that it is needless to have a bad stomach. A little Diapensis occasionally keeps this delicate organ regulated and they eat their favorite foods without fear.

If your stomach doesn't take care of your liberal diet without rebellion; if your food is a damage instead of a help, remember the quickest, surest, most harmless relief is Pap's Diapensis which costs only fifty cents for a large case at drug stores.

It's truly wonderful—it digests food and sets things straight, so gently and easily that it is really astonishing.

Please, for your sake, don't go on and on with a weak, disordered stomach; it's so unnecessary.—Adv.
