## OUTLOOK IS DARK FOR THE ALLIES

PESSIMISTIC REPORTS ARE  
RECEIVED FROM ALL  
SIDES.

## CENSORSHIP IS LIGHT

BUT LITTLE REAL NEWS HAS  
COME FROM THE  
BATTLEFIELD.

## THE RUSSIANS DEFEATED

Lost Themselves That They  
Have Abandoned Siege  
of Przemyśl.

THE occupation of Antwerp by the  
Germans has been followed, ac-  
cording to the latest reports, by  
the occupation of front, which would  
seem to confirm the German plan as  
it already has been outlined of a  
movement towards the coast, with  
Antwerp as its objective.

It is pointed out by British military  
experts that it is Germany's intention  
to make a permanent strategic base  
of Antwerp in order to hold Belgium,  
nor grip and in this way make a position  
within easy reach of the English coast.

No Result Yet.

The fighting along the line ex-  
tending almost from the North sea  
to the German province of Flanders,  
continues with little result, the  
actual operations in the northern  
section of France are not divided to  
any extent in the official statements  
issued by the French war department.

Where the British reinforcements  
have been sent is a matter of con-  
siderable importance, but it is not  
likely to be already in the neighbor-  
hood of Antwerp.

German submarines have again  
come into prominence by the sinking  
of the Russian armored cruiser Pal-  
lada in the Baltic sea. The German  
submarine which sank the Russian  
cruiser has been engaged in patrolling  
the Baltic. The German submarines  
made an attempt to sink the Russian  
cruiser on October 10 without  
success, but on the following day  
one of the submarines in the Baltic  
sunk the Russian cruiser Palalda in-  
stantly, according to the Russian  
naval report, with all her crew, con-  
sisting of nearly 600 officers and men.

Push Recruiting.

Recruiting in England is again be-  
ing actively pushed, for the need of  
men is recognized and the respon-  
sibilities for service in the trenches  
have been lowered to such a point  
that recruits, including Great Britain  
is taking precautions against raids  
over English towns by German air-  
ships, this action probably resulting  
from the recent attacks on Paris by  
aeroplanes.

Aviators Are Ready.

Just what the British government  
has decided to do in regard to  
such attacks has not been decided,  
but it is understood the aviation corps  
is ready to take the air at the first  
sign of German air raiders.

Berlin officially reports the situation  
in France as satisfactory, so far as  
official reports indicate that the Ger-  
man and Austrian armies have made  
impressive progress in the Russian  
campaign. Russia is reported to have  
abandoned the siege of Przemyśl, the  
most important fortress in Galicia,  
and is lining up to meet a threatened  
attack by the Austro-German army.

Maryle in San Francisco, the Italian  
minister for foreign affairs, is reported  
to be dying. Should his death occur,  
it is possible it may have an impor-  
tant effect on the attitude of Italy.

LONDON, Oct. 12.—(By wire.)—The  
finger of the censor having  
twisted the tongue of all sources of  
news from the battlefield, the most  
important news of the fighting, the British  
people were forced to content themselves  
today with the official communication  
from Paris and even a close analysis  
of this showed no marked change in  
the situation favoring either side.

From the east come tidings of a de-  
cided reversal in form, the dispatches  
both from Vienna and Petrograd in-  
dicating that the Austro-German army  
has been repulsed, so far as  
reported, however, unconfirmed, and  
on the verge of surrender, had turned  
on the Russians with the aid of re-  
inforcements and forced them to re-  
treat.

Russians Admit It.

The first news of this claim eman-  
ated during the morning from the  
Austro-German capital. It was followed  
later in the day by what purports to  
be a Petrograd admission that the  
Russians had abandoned the siege of  
Przemyśl for strategic reasons, with  
the object of drawing up a new line  
against the Austro-German army in  
other points in Galicia.

Whether or not the truth of the  
situation, the Russians have been  
claiming an unbroken series of vic-  
tories in their sweep through Gal-  
icia and the coincidence of today's  
dispatches supplemented as they are,  
by more substantial accounts from  
Vienna of vigorous Austro-German  
offensive, seemed to promise impor-  
tant news.

Nothing Is Known.

The British and Belgian troops who  
retired from Antwerp before the Ger-  
man occupation with the exception of  
those who are interned at Dutch  
sold as a result of having had to cross  
the border, have been swallowed up  
as completely as if they had been

## TO GET FUND THIS WEEK

Expect \$150,000,000 to Be Ready in  
Few Days.

ST. LOUIS, Oct. 12.—A prediction  
that the \$150,000,000 cotton loan fund  
recently approved by the federal ad-  
ministration and the federal reserve  
board would be completely sub-  
scribed and ready for use by the end  
of this week, was made today by J. N.  
Ston, a member of the committee  
which accompanied Festus J. Wade,  
author of the plan, to Washington  
last week.

The statement was made at a con-  
ference between officers of the Busi-  
ness Men's League and merchants,  
manufacturers and railroad men to  
discuss means of increasing the use of  
cotton. The conference was called  
at the request of H. D. Bowen of  
Paris, Tex., chairman of the commit-  
tee for greater cotton consumption of  
the Southern States Cotton associa-  
tion.

As a more permanent means of dis-  
posing of surplus cotton, Mr. Bowen  
advocated the substitution of rail-  
roads and manufacturers of cotton  
seed and bags in the place of the  
same products made of East Indian  
cotton. Support of his suggestion was  
promised by local manufacturers and  
railroad officials.

## WINDOWS WILL BE UNVEILED TONIGHT

FASHION SHOW WILL THEN  
BE ON IN ALL ITS  
GLORY

Veils Will Be Dropped at a Given  
Signal at 7:30 This  
Evening

THIS afternoon at 7:30 o'clock the  
fashion week will officially  
open, when the windows of all the  
shops in town which have been  
veiled since yesterday morning are  
dropped and the splendor which has  
been planned for months by local  
merchants is laid open to public view.  
In the meantime the fashion  
week will appear to have started, for  
the big Wortham shows opened their  
splendid showcases on Main street  
last night. It is believed that the  
fall season is the largest event of  
the fall season. Thousands from ad-  
jacent towns will be here during the  
week.

The signal for the unveiling has  
been kept a close secret. Only the  
time is known. After it is given the  
stores will be opened and the camera  
men will begin the unveiling. A number  
of department stores have  
announced that they will have five  
models from Kansas City and St.  
Louis on which to display their new  
styles.

Open House Wednesday.

The open house of the merchants  
will continue all day Wednesday,  
the day which is known as Style day.  
Retailers have been making such dis-  
count plans as cannot be made during  
the day. The merchants who  
attend their shops during the  
day.

All merchants who intend to take  
part in the window contest must  
have their windows veiled during the  
entirety of today, according to W. A.  
Rayson, secretary of the Retail Mer-  
chants' association. There will be \$50  
divided among the winners in the  
several varieties of retail houses in  
the city.

The grandest event of the whole  
week is scheduled for Thursday,  
the afternoon of which the floral pa-  
rade will occur. Several hundred  
beautiful machines will be in the  
parade, which will be in charge state  
will be the largest of the kind  
ever attempted in the state.

Two bands will march at intervals  
in the parade. Right of these will  
be from adjoining towns, contestants  
for the grand prize in the band con-  
test, which will be held Thursday  
night. Excursion trains will bring  
large delegations from Bartlesville,  
Collinsville, Coweta and Broken Ar-  
row.

On Thursday morning the automa-  
bile show at convention hall will  
open. This feature alone is certain to  
draw the crowds from outside the  
city. Every dealer in town has given  
his best effort to make it a success.  
They assert that the best in motor-  
cars will be at the disposal of the  
prospective buyer or connoisseur. The  
show will continue until Friday night,  
ending with a grand ball.

The automobile races at the fair  
grounds will commence Friday morn-  
ing. Some of the most famous drivers  
in the world will enter. The races are  
certain to draw nation-wide interest.

gram from Manila was read in the

missioner from the islands, during  
the debate on the pending Philippine  
bill, saying that more than fifty  
thousand Filipinos, prospective of  
politics, marched yesterday to Mal-  
acanang palace to celebrate the first  
anniversary of the arrival of Gov-  
ernor General Harrison. Mr. Har-  
rison was presented with an album  
containing a resolution asking Pres-  
ident Wilson to retain him as gov-  
ernor general until the Philippine  
policy of the administration is car-  
ried out.

communication issued today an-  
nounces that on October 11 the Rus-  
sian armored cruiser Palalda was  
torpedoed in the Baltic sea by a  
German submarine and sunk with  
all her crew. The text of the com-  
munication, which was made public  
by the marine department, follows:

"On October 11, German submarines  
sighted in the Baltic sea. At the  
same day early in the morning the  
submarine attacked the cruiser Ad-  
miral Makarov, which had stopped to  
search a suspected bark flying the  
commercial flag of the Netherlands.  
The Palalda, which was escorted  
by several torpedo boats, which  
luckily missed the mark and caused

ALMOST HIT A WARSHIP

False Lights on British Cruiser  
Nearly Caused Collision.

NEW YORK, Oct. 12.—Officers of  
the American steamship Bismarck  
arriving today from San Juan said  
this afternoon that they had a nar-  
row escape from a collision with a  
British cruiser, supposed to be the  
Carolina, late Sunday night near Scot-  
land Lightship. According to Second  
Officer Carlton, the cruiser displayed  
false lights, particularly a red light  
which could come close to the incoming  
ship.

Officers of the steamship Vanbaan,  
also in today from South American  
and West Indian ports, reported that  
all British merchantmen plying be-  
tween ports in North, Central and  
South America were being conveyed  
by British or French warships. While  
they said the way is believed to be  
cleared of German war vessels, oc-  
casional are heard in maritime circles.  
The Karlsruhe was last reported north  
of the Barbadoes.

following official statement was  
given out tonight: "There is nothing  
in particular to report. Violent attacks  
have occurred along the front. We  
have gained ground at some points  
and we have not lost at any place."

PETROGRAD, Oct. 12.—(By wire.)—  
An official statement today

death Saturday of King Charles of

diplomatic efforts were unavailing. It  
further is said that the sympathies of  
the Romanian people, who in the  
past have shown they opposed the  
peace of the Balkans, are now in
