ORGANIZATION IS LACKING

Representatives Only Speak for Local Industries at Capital Conference.

LEGALITY IS QUESTIONED

Conspiracy to Agree on Figure Is Not Agreeable to Manufacturers Who Meet.

WASHINGTON, March 22.—Representatives of the lumber industry and the industrial board of the department of commerce encountered many difficulties peculiar to the trade in beginning conferences today with a view to effecting price reductions similar to those in steel products.

At the close of more than six hours of discussion, it was announced that in the absence of any organization competent to speak for a majority of the lumber producers in this country no agreement had been reached and in view of the complexity of the situation sufficient data was not available on which the board could base any action.

Hope for Agreement.

Hope of an agreement was held out, however, in the decision to have a committee of the lumbermen remain in Washington for consultation with the board and to supply available figures of the production of each of each section of the lumber industry. Further meetings will be held at the call of the board which will occupy much of next week in conference with brick and cement interests.

The committee consists of John H. Kirby, of Houston, Texas, president of the National Lumber Manufacturers' association; J. R. Wilson, of Chicago, secretary; and J. M. Rice, of New Orleans, economist of the Southern Pine association; G. L. Hume, Norfolk, Va., North Carolina Pine association; George W. Ward, Jacksonville, Fla., Georgia Lumber association; and M. W. Stacey, Cincinnati, American Hardwood association.

It was evident from comments after the meeting that the lumbermen did not favor any practical reduction of prices in their products. Mr. Kirby declared production costs continued on PAGE TWO

CAPPER FOR LEAGUE;
WANTS AMENDMENTS

Kansas Senator Says He Believes People of Kansas Are Overwhelmingly for Some Kind of Pact.

TOPKAWA, Kan., March 22.—"I believe Kansas is overwhelmingly in favor of a pact, I am emphatically for it, because I believe it to be a great step toward an enduring peace which is the hope of the world and which the world must and will have."

This declaration is made by Senator Lodge, in a signed statement which will appear in the Sunday morning issue of his paper, the Daily Capital.

Senator Capper, while endorsing the league principle, declared that certain amendments were necessary, among them one securing the Monroe doctrine and another assuring to the United States absolute control over the question of immigration. He declared the covenant should be revised to make the meaning in these respects thoroughly explicit.

Amendments proposed by Senators Lodge and Knox and suggested by former President Taft and Dr. Lowell of Harvard, Senator Capper said, he approved in the main. He declared that the league could not be a panacea for all the ills of the world, but that it was a necessary step toward a more peaceful and stable world.

Senator Capper asserted that the people will show smart money in the three political obstructionists who opposed the league.

NEGRO OFFICERS IN
NORTH SIDE BATTLE

First Fire From Roadside Returned by Three Deputies in an Automobile.

An automobile containing three negro deputy sheriffs, Barney Cleveland, Jim Cherry and Staley Webb, was fired upon at 11:30 o'clock last night as it was passing the Oklahoma Iron Works, near the spot where W. O. Leonard was shot by highwaymen a week ago, by two men standing by the roadside. The deputy sheriffs returned the fire and a nightwatchman at the iron works joined in the fusillade. When the smoke of the battle cleared away a white man, giving his name as Bill Hough and his home at Claremore, was found on the ground with a bullet in each leg. The other man had disappeared.

Hough was taken to the county jail in the automobile and his wounds were dressed by Doctor Rainwater.

The wounded man claims that he was on the way to the home of a brother at 1412 East Eastern avenue. He gave no explanation of why the automobile had been fired upon by the two men who were with him.

The deputy sheriffs claim that an attempt was made to hold up the automobile.

There was a meeting of negroes in the north part of the city last night to discuss means for suppressing the lawlessness that has been prevalent in that neighborhood for several weeks and the negro deputy sheriffs were returning from the meeting when the shooting occurred.

Silent and Morose Mrs. Gertie Anderson Says She Only Shot to Save Self.

QUARREL WAS OVER AUTO

J. M. Anderson Comes From Sapulpa to Get Car Which Mate Says Is Her's.

Silent and morose, but not weeping or hysterical, Mrs. Gertie Anderson, who slew her estranged husband, John H. Anderson, when he threatened to kill her in her little costume shop at 1143 East Third street Saturday morning, sat in her cell at the Tulsa county jail last night, refusing to make any statement about the tragedy, about herself or about the man she killed.

The only statement that Mrs. Anderson has made was to the officer at the time of her arrest. Handing the officer the empty revolver, she said:

"I shot him because he was trying to choke me to death."

It was 11:20 o'clock in the morning when Third street was crowded with shoppers, that the reports of fired shots from the second floor of the Holland building rang out. Crowds poured out of Hotel Tulsa, just across the way, and from nearby office buildings, almost blocking traffic, when Sheriff James Woolley was the first of the officers who had proceeded to the room where the shooting occurred. They found Anderson's dead body stretched on the floor with a bullet hole squarely between the eyes, one wound in the head, another under the left ear and a fourth through the left breast near the heart. Five shots were fired, but only four took effect.

Mother Overheard Quarrel.

In an adjoining room, where Mrs. Anderson lived, was her mother, who said she had overheard the shooting and of frequent threats that had been made by Anderson against the life of her daughter.

Mrs. Anderson was taken to the county jail noon after the shooting and charge of murder placed against her.

The body of Anderson was removed to the Mitchell-Fleming undertaking room to await an inquest, which will probably be held today. Efforts were being made last night to locate the father and a former wife of the dead man, who are thought to reside in Havertown, Iowa.

Anderson came to Tulsa about four years ago and for a time conducted the agency for the Maxwell automobile on South Main street. He was a clerk in the bank at one time in one of the local banks and at one time conducted a bank at Kiefer, Okla. More recently he has been engaged as an oil stock salesman for the Oklahoma Corporation of this city, operating from Sapulpa.

Saturday he telephoned his wife that he was coming over to Tulsa to her in an automobile. Mrs. Anderson claims was her own property.

He appeared at the masquerade shop conducted by his wife a few hours later. The couple began to quarrel at once and the shooting followed.

Shot with His Own Pistol.

Mrs. Anderson was shot with his own pistol, it was stated by Judge Ed Warren, who, with J. L. Ward, of Texas, had been engaged to defend Mrs. Anderson.

Mrs. Anderson has been married before and with her former husband, where he owned a theatrical company, which appeared at one of the local theaters.

Mrs. Russ, the mother of Mrs. Anderson, Judge Warren says, has refused to believe that her daughter was in good circumstances until Anderson ran through their money. The Russes came to Tulsa from Kansas City, where they lived for many years. Mrs. Anderson is a tall blonde of attractive appearance, despite an injury which caused the loss of one of her eyes.

The Andersons separated about a year ago, and to earn a livelihood Mrs. Anderson established the costume shop in which the tragedy occurred. It is charged that for the past four or five months Anderson has been living with another woman in Sapulpa.

King Albert and Queen Elizabeth watched the game with great interest and congratulated the players.

Rights Will Not Be Surrendered, Declares Secretary of Postal Company.

Postmaster General Takes Duties Away From Mackay and All Officers.

INSTRUCTIONS DISOBEYED

Refusal to Increase Rates and Wages Cause of Action; Adams in Charge.

NEW YORK, March 22.—Refusal by the Postal Telegraph company to surrender an increase of telegraph rates it deemed unjust and award a 10 per cent wage increase to employees instead of the 5 per cent advance ordered by Postmaster General Burleson were said tonight by William S. Deegan, secretary of the company, to be the "reason" for the removal today by Mr. Burleson of Clarence H. Mackay, president, and other officials of the company.

Mr. Deegan declared in a statement that two shall not surrender or abandon our fight against Burleson's usurpations.

The order removing the officials was served at noon today without previous notice, said the statement, which continued:

"Burleson gives us a reason for the order that we have failed to carry out his orders and instructions. We do not know what Burleson refers to in the way of orders and instructions. This is all a pretense."

The statement, which declares the action of the postmaster general "to be one of the most despotic acts in history of the government" and that the purpose "evidently is to destroy the Postal Telegraph system," says the men who were appointed to take over the property knew nothing of the telegraph business.

WASHINGTON, March 22.—Clarence H. Mackay, president of the Postal Telegraph cable company, was removed today by Postmaster General Burleson.

The postmaster general issued an order relieving Mackay, William S. Deegan, secretary, and the board of directors and the owners of the Mackay companies operating the Postal system from all duties pertaining to the control and operation of service under government control.

Kansas City Mayor, telephone company and a member of the general telegraph and telephone operating board, was appointed by the postmaster general to supersede the Mackay officials in the management of the systems. Mr. Adams presided on PAGE TWO.

Want Ad Brings
Canary Bird Home

On one of the warm days of last week Mrs. E. E. Scott of 416 West Third street, raised a window in a room where several of her canaries were taking their morning exercise and before she could prevent it one of the young birds flew out of the window to explore the tree tops in a neighboring yard.

From a tree at a house on the little corner street the bird flew out of the window to explore the tree tops in a neighboring yard.

The next morning the following advertisement appeared in the classified column of The World:

Lost—Canary bird from 416 West Third street. Reward, \$10.00.

Much to Mrs. Scott's surprise the lost bird was brought back to her yesterday by Mrs. Katherine Perkins of 200 West Seventh street, who had caught the little runaway when he was visiting in the cage of a neighbor.

The bird was a male of the variety known as a "blue" and was very young. It was found in the cage of a neighbor who had been visiting in the cage of a neighbor.

Ex-Army Officer Says He Is "Prepared to Support" Claims That Baker Helps Objectors.

Returned New Hampshire Editor Tells of Experiences as Divisional Staff Officer.

MANCHESTER, N. H., March 22.—Major Frank Knox, recently returned to his position as editor of the Manchester Union, after his release from army service, in a signed statement tonight said he was "prepared in general terms to support the accusation brought against Secretary of War Baker by Major Dick H. Foster, that orders were issued to commanding officers of mobilization camps in the United States which practically forbade efficient handling of conscientious objectors who were inducted into the national army under the draft law."

During the first three months of my service in a mobilization camp in this country, that situated at Camp Dix it was in an unusually good position to observe the methods of handling these conscientious objectors. Since I was a member of the division staff serving as personnel officer, the statement says.

A considerable number of conscientious objectors were encountered. With the position assumed by the genuine objectors to military service because of religious scruples there was perhaps a minimum of sympathy but at least there was none among the officers who had to deal with him.

Put from the commanding officer of the division down, there was a feeling of outraged helplessness when under explicit, secret orders from the headquarters of war we were compelled to permit men who were nothing but conscientious objectors to find shelter behind the screen of a suddenly acquired religious scruple which forbade their bearing arms."

The statement also says the case of a drafted man in Major Knox's battalion who said he belonged to "some Bible society" which forbade his bearing arms, and who refused to work in batteries. Major Knox says that he took the matter up with division headquarters through military channels and the man was ordered transferred to a company in the depot brigade made up exclusively of "objectors."

Official Statement Says Their Suggestions Are Discussed.

Colonel House at Work on Plan—Details Are Not Revealed.

PARIS, March 22.—The peace conference commission on the league of nations at its meeting at American headquarters this afternoon, under the chairmanship of President Wilson, completed consideration of eight articles of the league covenant, the changes being formal. The important amendments concerning the Monroe doctrine, the Japanese amendment for racial treatment and the French amendment relative to the creation of a general staff, were deferred for consideration at the next meeting, to be held Monday at 8:30 p. m.

The Japanese amendment has been revised so as to be introduced into the preamble and ratify the equality of nationals of the states belonging to the league.

The main subjects which will appear in the treaty are:

First, the future status of German commercial treaties with the allied countries, all of which have been abrogated.

Second, a tariff arrangement under which trade may be resumed, and providing against discrimination between the allied countries.

Third, a provision regulating private contracts between German business interests and allied business interests which were suspended by the war.

PARIS, March 22.—The official statement on the meeting of the commission on the league of nations says:

"The commission on the league of nations met this afternoon under the chairmanship of President Wilson. This was the first meeting of the commission since the draft of the covenant was presented to the plenary session of the conference on February 28."

"A discussion took place on a number of amendments suggested by the members of the commission, a result of either the recent exchange of views with the representatives of neutral states or of the constructive criticism to which the covenant has been generally submitted."

"The commission will resume its examination of the covenant on Monday evening at 8:30 o'clock."

PARIS, March 22.—There is no hint as to the character of the plan under consideration by Col. E. M. House for a settlement of the Fiume problem, but it is expected the plan will be ready in a day or two.

The Italian delegation has answered all advances made aiming at the establishment of the eastern frontier without assigning blame to Italy by declaring that any such solution, even if accepted by the delegates here, would be useless as neither the Italian parliament nor people would ratify such an agreement for the abandonment of what they consider "the indispensable completion of the mother country."

AUTO THIEVES ARE CHASED

Hunt for Alleged Band at Henryetta Results in Killing; Many Arrested.

OKMULGEE, March 22.—A drive of Okmulgee county officers against a band of alleged automobile thieves with headquarters at Henryetta came to a climax at 4 o'clock Saturday morning when H. M. Wilmoth, a former Henryetta policeman, shot and killed Henry Simonson, a miner, and fatally wounded Bill Croy, said to be a gambler. Wilmoth was dismissed from the police force early this week because of alleged connection with the suspected automobile thieves and Croy was arrested early in the week on a charge of automobile stealing, but was released Friday because of lack of evidence. Enmity between the two men caused by the roundup of the alleged thieves led to the shooting.

Fifteen men have been arrested on charges of larceny and receiving stolen property, eight have been bound over for trial after preliminary hearings, and ten alleged stolen machines and \$2,000 worth of automobile supplies, alleged to have been stolen, have been recovered by the officers since the drive began. It is still continuing.

Wilmoth gave himself up after the shooting and is held on a murder charge without bail for a hearing on Monday. Simonson had no connection with the thief roundup.

CLUES TO CALIFORNIA
MURDERS ARE UNEARTHED

OAKLAND, Cal., March 22.—Two separate clues, unearthed in the past two days, have linked the mysterious deaths of Miss Inez Elizabeth Reed, San Francisco, and Earl H. Hall, an army nurse, and Mrs. George D. Greenwood, Oakland, society matrons, according to a police announcement here today.

Reed's body was found in a ravine near San Mateo, Cal., on Saturday, March 8, following an illegal operation. Mrs. Greenwood was killed by a bomb at her home here last Tuesday night.

The clues are in the form of two lists of names, one in a pocket memorandum book found in a boxcar at Tracy, Cal., yesterday, bearing the names of Miss Reed and George D. Greenwood, the slain matron's husband, and the other found in the trunk of a man taken into custody at midnight last night and bearing the names of Miss Reed and Mrs. Greenwood. The boxcar list contained the names of a number of other prominent Oakland people.
