

GERMAN VICE WAVE GOES ON UNCHECKED

Police Helpless to Suppress Biting, Gambling and Drinking.

MANY CULPRITS ARE YOUNG

Depravity Threatens Present and Future Generations of Once Frugal People.

BERLIN, May 23.—A wave of crime, debauchery and vice is sweeping over Germany, and efficient criminologists fear that it will have a telling effect on future generations, particularly so in view of the fact that the culprits are mostly young persons who frequently meet children.

Murders and wholesale kidnaps are the order of the day in Berlin and environment. At the present time, there are 2,000 cases of kidnapping or torture, the rates of which were left after the famous March elections. Other criminologists hope that the government is waging his hands in despair because he has been unable to stop the wave and his new staff looks the traditional to run down the criminals.

In Berlin's weekend hundreds of gambling dens have sprung up. Millions of marks daily should be successfully employed in economic center prizes are issued across the green tables night after night by others old before who by day pass as distinguished apostles of honest business. And Hoppe stands helpless for the gambling dens are so numerous, clubs and their members invited to the intimacy of club privacy.

Gambling Clubs Active.
One of these "clubs" located on the aristocratic Kurfuerstendamm, Berlin's fifth avenue, occupies an entire building, employs 10 attendants and boasts 350 "members" drawn from the elite of Berlin society.

The wife of a well-known German author managed, through her husband, to get a number to give admission for a party given at her most refined of these Western gambling dens, the so-called "Teat Garden" club, Unterstrasse No. 8.

More than 20 automobiles were parked in front of the building with brass-buttoned chauffeurs passing the long night vigilante in innocent number. Having successfully passed a uniformed porter at the front door the party was admitted into a waiting room where two flunkies in swallow-tail coats silence leather breeches and stockings and plain leather pumps relieved coats and wraps. A third flunky was sent into the mysterious inner recesses to hunt up the leader's friend. He came and vanished for our party, whereupon we were requested to enter our names, addresses and occupations in the club register.

Scenes of Luxury.
Three illustrious appointed rooms constituted the club quarters. The first room, and most popular, contained a dancing platform, where men in evening clothes and fashionably gown women reposed in soft cushioned chairs smoking cigarettes and sipping champagne. They were resting after their last game or lamenting their losses at the table and awaiting a fresh opportunity to gamble.

In the third room expensive refreshments were served on silver platters. Sandwiches with real butter, fresh eggs, ham and other delicacies which the poor of Berlin

A Southern Remedy For The Ills Of the South

Dr. H. D. Gwin, an old southern physician who practices medicine exclusively for fifty years compounded a prescription which he used with amazing success on those ill in common to our southern climate.

Treatment.—Bitter Root, Sarsaparilla, and Bladder Troubles; Scanty Urination, Scalding Urine, Pain in the Back, Cramps, Tension, Headache, Acute Indigestion, and Gastritis.

For any of theseills of the Southland take this old physician's prescription. You can get it at any drug store under the name of GWIN'S SWAMP LAND LIVER PILLS. 25 cents a bottle. Try it and if it does not give satisfaction the druggist is authorized to return your money.

Swamp SWAMPLAND LIVER PILLS

Makes Your Hair

Strong Healthy and Beautiful In a Few Weeks

Shampooing Will Not Do It!

A shampoo is cleansing but it won't kill the dandruff germs, therefore won't free your scalp from dandruff. The safest and quickest way to get rid of dandruff or eczema is to use

Lucky Tiger the Real Hair Specific

A single application stops that miserable itching. It quickly cleans up your scalp, kills the germs, giving your hair a chance to become strong and vigorous. It is happily perfumed, free from oils, and pleasant to use.

Tell Daddy or His Brother to ask His Barber for an application of Lucky Tiger and bring some home or send us to Lucky Tiger Drug Co., Kansas City, Mo., for general supply.

J. Milton Wade, Campbell House, Dallas, Texas (formerly with Pfeifer), now southwest manager Lucky Tiger Dandruff Co., Kansas City, Mo.

Thousands of letters testify to its curative properties. M. Timerlin, a reputable dry goods dealer in Duran, Oklahoma, says: "I suffered with Eczema for ten years, and spent \$1,000.00 for doctors' treatments, without result. One box of Hunt's Salve entirely cured me."

HOME LOAN BANK PLAN MEETS GENERAL FAVOR

Would Enable Loan Association to Expand to Meet Unusual Demand of Builders.

Making a nation-wide survey of existing conditions, the United States department of commerce recently recommended to several thousand building and loan associations that the association issue a short-term loan of one year, of no more than 10 per cent, applying for 1919. The possibility of increasing the demand for loans and difficulties concerning the proposed system of federal home loan banks has been discussed, but many have expressed the opinion that the association would be better off to issue bonds than to issue notes, as the association would be in a position to meet the demands of the short-term loans and the general cost of construction activities. While the building boom continues, the association has reported a slight increase in loans to the point that difficulties are due to the fact that these loans have enormous investments and that the long time mortgages representing large amounts do not represent a commercial bank.

Home Loan Banks Favored.

The movement to establish federal home loan banks is supported by a majority of the associations that responded to the questionnaire sent out in 1918 thus far received less than 10 per cent of the associations represented are opposed to the plan.

An answer that is typical of the attitude of associations that are financially independent states that the association does not need a federal loan bank system at this time. "Our secretary," said one, "will be helpful to those who do and at the same time may come along who would be glad to take advantage of it."

According to recent estimates made by the division of public works and construction development of the department's information and education service, there are now in the United States 7,263 building and loan associations with paid in capital stock amounting to \$1,591,770,848. The investment in building association stock having increased last

KANSAS WHEAT FREE FROM DREADED PESTS SO FAR

By The Associated Press

TULSA, Okla., May 23.—The wheat disease recently reported to have made its appearance in some parts of Illinois and which was believed to have been brought to this country by seed imported from Australia, has not made its appearance in the Kansas wheat fields, asserts R. D. Flora, federal meteorologist for Kansas, who has just completed a canvass of the state in search of any symptoms of the disease. Mr. Flora receives reports weekly on crop conditions from each county.

"The wheat this year is unusually free both from disease and insect pests," he stated. "A form of disease developed in Crawford county and a few other southern counties, but it was not at all serious, and was readily identified. It was not the so-called 'head smut' or 'smut' reported from Illinois. A few reports of rust have been received but they have been of such minor importance in my crop reports. The chinch bug, Hessian fly and other grain pests seem to have deserted Kansas this year—thus far."

\$25 For a \$10 Refrigerator

We have a refrigerator that cost \$10.00 26 years ago and is still a good refrigerator.

We paid \$10.00 for it a few days ago and would not sell it for \$25.00.

WHY?

BECAUSE IT IS A NORTH STAR CORK-LINED and we are keeping it to show you what a really good refrigerator is like.

Come in and examine it

The lady from whom we bought it naturally does not want her name in this ad, but she lives here in Tulsa.

She paid \$10.00 for this refrigerator 26 years ago in Muncie, Indiana, and has used it continually all this time.

Last summer while her neighbor was paying 30c every second day for ice this NORTH STAR used only 10c worth.

Just think what 26 years of such service means.

Does Your Refrigerator Eat Up Money?

Discard it for a NORTH STAR. No spoiled food or ptomaine poisoning with a NORTH STAR. The NORTH STAR is always sweet smelling because it has a provision for carrying off the odors of the food. No other refrigerator does this. A smelly refrigerator is NOT SANITARY. NORTH STAR REFRIGERATORS are sold in Tulsa only by

Your eyesight tells you that. Now look at the SAFETY TREAD of Goodrich Tires. See how it spreads the Goodrich interlocking safety bars beyond the ball of the tire, and lays extra tread rubber along the sidewall.

Notice further, how the extrawide tread carries on up the sides of the tire, extending beneath the sidestrips.

Thus an extra thickness of tough tread rubber fortifies Goodrich Tires at the heel of Achilles.

Remember, that is one of the many reasons why Goodrich Tires lead in mileage over all roads, rough or smooth.

GOODRICH TIRES

"BEST IN THE LONG RUN"

COLORADO SPRINGS - MANITOUE

THE PIKES PEAK REGION

PERHAPS you've dreamed of a place where the summer days are clear and bright, and the nights refreshingly cool—where mosquito, malarial and sunstroke are alike unknown—where the water is pure—where the sunshine puts roses in the cheeks of happy outdoor children—where the roads and trails lead to wonder places in the great rugged, pine-clad mountains—where matchless mineral springs bubble—where rest and recreation refresh and strengthen, and fagged-out brains and bodies come back, as if by magic, as quickened activity—

That place is not so far away—a few hours by rail or auto and you find yourself at the foot of Pikes Peak—Miracle of this dream land in reality.

Write today for information about reduced rail and auto fares, direct automobile routes and for free illustrated folders. Our information bureau will gladly answer all your questions.

GARDEN OF THE GODS

The Heel of Achilles in Tires

The weak spot in a tire is where tread stops and sidewall begins.

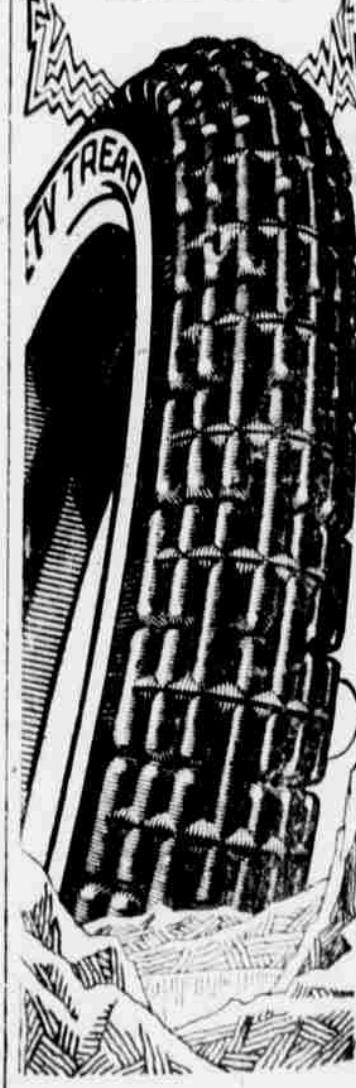

On any road but smooth, flat pavement, the spears of the road-stones and broken rock—are constantly jabbing at this Heel of Achilles. And the sides of wagon tracks, when you ride ruts, grind wickedly at vulnerable flanks.

Your eyesight tells you that. Now look at the SAFETY TREAD of Goodrich Tires. See how it spreads the Goodrich interlocking safety bars beyond the ball of the tire, and lays extra tread rubber along the sidewall.

Thus an extra thickness of tough tread rubber fortifies Goodrich Tires at the heel of Achilles.

Remember, that is one of the many reasons why Goodrich Tires lead in mileage over all roads, rough or smooth.

THIS isn't one of those fake free treatment offers you have seen so many times. We don't offer to give you something for nothing—but we do guarantee that you can try this wonderful treatment, entirely at our risk, and this guarantee is backed by your local druggist.

This makes the offer one which you can absolutely depend upon, because the druggist with whom you have been trading would not stand behind the guarantee if he did not know it to be his honest and legitimate one.

Hunt's Salve, formerly called Hunt's Cure, has been sold under absolute money back guarantee for more than thirty years. It is especially compounded for the treatment of Eczema, Itch, Ring Worm, Tetter, and other Itching skin diseases.

Don't fail to give Hunt's Salve a trial—price 75 cents, from your local druggist, or direct by mail if he does not handle it.
