True, the music of his organ ain't the best that could be played, And it's full of sounds that oughtn't to be in it—I'm afraid.

But the kiddies here enjoy it from the time its first note starts 'Cause they've got the joy of livin' sunk 'way deep into their hearts.

Now, us grown folks, too, can learn the way to stand for life's discord. If we'll only keep the joyousness of livin' in us stored. An' our pipes will taste the sweeter an' the world will seem true blue.

Here's why VELVET is friendly!  
Those things you like about VELVET—its mildness, fine taste, pleasing fragrance—are due entirely to Nature.  
Choice, silky leaves of Kentucky Burley are put away in hogsheads for two years.  
No interference with Nature; no hurry-up. It is this patient "ageing in the wood" that makes VELVET friendly.  
Just try a pipeload of VELVET. It will tell you more than a page of print.
