BLOCKADE TO BE LIFTED

Allies Now Ready to Act as Conditions Fixed Have All Been Fulfilled.

By The Associated Press. WEIMAR, July 9.—(Via Cables) The resolution ratifying the peace treaty was adopted by the German national assembly today by a vote of 208 to 115.

The text of the ratification resolution as introduced in the national assembly, consisted of two clauses, reading as follows: "The peace treaty between Germany and the allied and associated powers signed on June 28, 1919, and the protocol belonging thereto, as well as the agreement relative to the occupation of the Rhineland, signed the same day, are agreed to."

Ratification of the peace treaty by the German national assembly removes all doubt of the acceptance of the terms by Germany. The national assembly ratifying the treaty makes it possible for the allied and associated powers to raise the blockade.

Official notification was sent Germany June 29 that the blockade would be raised when the treaty was signed. The blockade was CONTINUED ON PAGE SEVEN

The Vision of Tulsa. A decade ago Tulsa was a little town, 1500, with Sapulpa. She took the patronizing disdain of Muskogee. She looked with wondering eyes to Oklahoma City. Tulsa possessed men of vision. She possessed men of daring. She possessed men who united their interests in that community spirit that has become nationally known as the Tulsa spirit.

Water Is Life Blood. And what does good water mean? The opposition clamors in clarification. Tulsa has the highest death rate in Oklahoma. There are but 10 towns in the United States that have a higher death rate. This is due to bad water, not to anything else.
