

**TO RUN ROBERTSON AGAINST T. P. GORE**

That's the Proposal of John Whitehurst, President of the State Board of Agriculture.

**GOVERNOR DOESN'T KNOW IT**

If He'd Run, M. F. Trapp Would Be Governor, of Course and—But What's the Use?

OKLAHOMA CITY, July 15.—For several weeks friends of Governor Robertson have been bringing pressure to bear upon him to run for re-election. He has refused to do so, but has indicated that he would not have any objection to running for the United States senate. Until yesterday the matter was only white noise here and there about the city. Now, however, the matter has become a serious one, and the sentiment crystallized yesterday afternoon when an interview from John A. Whitehurst was given out in which the president of the state board of agriculture insists that Governor Robertson is the proper man to measure the strength of the present senator.

The interview went to the public without the knowledge of the governor and it was impossible to get an expression from him at that time. It is almost certain that the pressure will have to be strong to induce the executive to give the matter more than passing consideration at this time. "The governor has said nothing to me about this matter and I do not know whether he could be induced to make the race," the Whitehurst interview reflects. "I do know, however, that no man in this state could be proof against the honor offered in representing the state in the United States senate. It is an ambition of which any man could be proud. I firmly believe that a strong man, a man known throughout the length and breadth of the state for his unquestioned honesty, his broad-minded liberalism, his keen judgment and ability and above all his entire devotion and loyalty to his country, can defeat Senator Gore in the 1920 primary unless the vote is split among the opponents of Gore to such an extent as to result in his re-nomination by the minority rather than the majority of the party.

"I have not sounded out the governor on this suggestion, but I believe that if Governor Robertson can come into the field and that other contenders can be eliminated, making it primarily a race between him and Gore, there would be no doubt about the result.

H. R. Christopher, secretary to the governor, declared that Governor Robertson had not broached the subject to him, nor he to the governor, but that he knows several men high in the councils of Oklahoma democracy have been attempting to get the executive to at least sound out public opinion in the matter.

In the event the governor should enter the race it would make necessary his resignation as governor. He would be succeeded by M. F. Trapp, lieutenant governor, for the remainder of the term, which expires in January, 1922.

**NO SPECIAL SESSION TO RATIFY SUFFRAGE**

Special to The World. OKLAHOMA CITY, July 15.—There will be no extraordinary session of the Oklahoma legislature for the purpose of ratifying the women's suffrage amendment of the federal constitution. Governor Robertson announced that he is convinced that as much as Oklahoma has equal suffrage, that the ratification is not of local importance and that other states that do not permit women to vote on all matters should be the ones to furnish a sufficient number to make the enfranchisement of women national.

**CREEK MINOR PROTESTS BIG TAX ON OIL BONUS**

Special to The World. OKLAHOMA CITY, July 15.—Joseph P. Berryhill, a Creek minor who lives at Muskogee, appeared before State Auditor Carter with his guardian yesterday to protest against the collection of income tax on \$130,000, a bonus paid by the Prairie Oil & Gas Co. on a lease owned as an appurtenance to Berryhill in Creek county. The matter was taken under advisement after the representatives of the protesters had been heard. Berryhill's guardian, leased the property to Prairie company for a bonus and one-eighth royalty, the lease to expire when Berryhill reached his majority, which would be later in the year. Recently the Prairie made a new lease, carrying a new bonus and the understanding that the lease should be in full force and effect so long as gas and oil were found in merchantable quantities. The state claims it is entitled to collect the income tax on the \$130,000 bonus and Berryhill insists that as it is a minor the tax cannot be collected.

**9 MONTHS DRILLING PROVISION STOPPED**

New Ruling by Secretary of Interior Affects More Than 450 Indian Leases.

Special to The World. MUSKOGEE, July 15.—More than 450 oil leases at the Indian agency here are affected by a ruling made by the secretary of interior, providing for the discontinuance of the nine months' drilling provision. Made in war-time as a method of increasing oil production the ruling has provided that leases must make a drilling within nine months after signing the lease—unless special dispensation was had. The secretary's order revoking the ruling is effective as of July 15.

Parker has taken the following communication: The secretary of the interior has waived the nine months' drilling provision in approved leases, effective July 16, 1919. Leases holding such leases, therefore, may continue them in force by complying with section 1 of the departmental lease form and by paying the usual and prescribed royalty and rental.

**BIG OIL DAMAGE SUIT TAKEN TO U. S. COURT**

Special to The World. MUSKOGEE, July 15.—A damage suit for the recovery of \$130,000 in connection with an oil deal in 1918 was transferred today from the district court at Tulsa to the United States district court here. Condon & Co. is the plaintiff, while the Overseas Refining company and the Empire Refining company are the defendants. The Overseas company is said to have made verbal contract in May, 1918, to deliver 250,000 barrels of fuel oil at 45 cents a barrel. Only 65,825 barrels was delivered, says the plaintiff, who adds that it was necessary to purchase the remainder at the price of \$1.50 a barrel. Damages of \$130,000 for alleged failure to carry out the verbal contract are claimed.

**Camel Cigarettes**

CAMEL CIGARETTES win smokers from the start because the expertly blended choice Turkish and choice Domestic tobaccos make possible Camel's delightful mellow-mildness with that all-there "body."

Camels meet your fondest cigarette fancies in so many ways. Their flavor is unusual and refreshing; and, they permit you to smoke as long as you will without any unpleasant cigarette aftertaste or unpleasant cigarette odor.

You'll find Camels good all the way through. It is a fact, you'll prefer Camel's expert blend of choice Turkish and choice Domestic tobaccos to either kind of tobacco smoked straight. And, Camels may be smoked liberally without tiring your taste.

To know Camels best compare them in every possible test with any cigarette in the world at any price!

Camels are sold everywhere in essentially sealed packages of 20 cigarettes or ten packages (200 cigarettes) in a glassine-paper-covered carton. We strongly recommend this carton for the home or office supply when you travel.

18 cents a package R. J. REYNOLDS TOBACCO CO. Winston-Salem, N. C.
