

CHEAP SUGAR NOT TO RETURN SOON

Shortage of Cars—Light Supply of Beets and Big Demand Reason.

PRICE WILL ADVANCE

Louisiana Beet Growers Not Able to Provide Enough for This Country.

With the railroad short on cars, and the sugar beet crop below the average on account of excessive rainfall, Louisiana beet growers have no reason to anticipate any increase of the sugar supply on the local market for some time, according to J. S. Davenport, of the Pacific-Sanders Wholesale Grocery company. The situation has not changed materially from what it was several weeks ago, he said. Shipments of sugar are reaching Tulsa only in sporadic lots, said Davenport. "This I understand partly due to inadequate shipping facilities, if the government could furnish more cars the situation might be relieved. Then again the quality of beets from which sugar is made has been impaired because of the heavy rainfall in the beet districts of the west."

So far as the price is concerned, Davenport said that the market is certain to experience a sharp advance. The government has permitted the refiners to put a price of 17 cents a pound on Louisiana cane which will make it cost about 22 cents a pound at the mill. While beet sugar is still retailing at 11-14 cents a pound, there is every reason to believe that the price will be advanced commensurate with the new price of cane sugar. The price is of about as much concern now as the supply.

Concerning the sugar situation in Boston Transcript recently sized up the situation as follows:

Some People May Go Without.

Another anomaly has been injected into the sugar situation by the announcement that 100,000 (long) tons or 22,000,000 pounds of Louisiana cane sugar will be offered to refiners at 15 cents a pound. With the profit allowed at present on sugar in the retail trade, this means 12 to 23 cents a pound for refined Louisiana sugar at the mill.

The amount of available Louisiana sugar is as a drop in the bucket toward supplying the needs of the people of the United States, being a small fraction less than 2 1/2 ounces per capita. It means three or four such shipments as arrive almost daily in Boston. The remainder of the supply, estimated at 84 pounds per capita, must come from the beet sugar, mostly produced in the United States and the cane sugar imported from Cuba and other West Indian lands. This West Indian sugar has been selling to the refiners at around \$12.50 per hundred pounds, with a price limit, to the consumer, at 11 cents a pound, refined. Exporters connected with the custom house say there is no way in which the price of refined sugar can be lowered. Mayor Issues Proclamation. In accordance with the usual custom Mayor Charles H. Hubbard Saturday issued a proclamation urging upon all the citizens of Tulsa the proper observance of Thursday, November 27, as a day of thanksgiving. The proclamation, after calling attention to the perils that beset the nation today and reliance in the night of God to assist the people in overcoming them, recites the national cause for thanksgiving due to the successful culmination of the world war.

It's Going to Be Hard on You If You Are Not There

If you haven't a wife or if she won't come to the Ad club frolic Tuesday night, it is ethical to grab somebody else's wife and bring her.

This concession has been announced as effective one day only by the entertainment committee of the Ad club. On no other days are the members expected to step out with any wife except their own.

The annual "Wife's Night" of the Ad club will be held at the Kennedy restaurant. Surprises, souvenirs and stunts will form the major part of the program and there will be dancing for those who dance. Secretary Guise stated last night that every member except the old birds without pep would attend. The "old birds without pep" will be determined by the process of elimination at roll call. Every name that does not bring a "Y-Ho" will be dubbed an "Old Bird," which is in the way of saying a lame duck.

Reservations for the frolic must be made immediately by calling Secretary Guise at 1429. All who do not make reservations can expect their wives to file suit as soon as they learn what happened from the wives that were there.

Y. W. FUND IS \$72,300

Campaign for \$200,000 Is Falling Behind Schedule; Workers Meet at City Club Luncheon.

Reports of the Y. W. C. A. campaign workers at the luncheon held in connection with the regular weekly meeting of the City club at noon yesterday showed that a total of \$72,300 had been subscribed in the drive to raise the \$200,000 dedication and maintenance fund.

Mrs. Lila Wade Barrett, of the high school, was the principal speaker on the program. She pleaded the cause of the Y. W. C. A. and urged that the association be maintained by the subscription of the fund asked for.

William A. Davis, of New York, national field representative of the United American, discussed the purpose of the organization before the city club. In an effort to sup-

press democracy and bolshevism, and L. W. Wain and to foster patriotism and Americanism the branches of the organization would be created in Tulsa and other cities all over the country, he declared.

W. C. Buck, president of the city club, turned the meeting over to A. V. Davenport, who received the reports of the various teams of Y. W. C. A. workers.

BIG EATERS GET KIDNEY TROUBLE

Take Salts at First Sign of Bladder Irritation or Backache.

The American men and women must guard constantly against kidney trouble, because we eat too much and all our food is rich. Our blood is filled with uric acid which the kidneys strive to filter out, they weaken from overwork, become sluggish; the eliminative tissues clog and the result is kidney trouble, bladder weakness and a general decline in health.

When your kidneys feel like lumps of lead; your back hurts or the urine is cloudy, full of sediment, or you are obliged to seek relief two or three times during the night; if you suffer with sick headache or dizzy, nervous spells, acid stomach, or you have rheumatism when the weather is bad, get from your pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate clogged kidneys; to neutralize the acids in the urine so it no longer is a source of irritation, thus ending bladder disorders.

Jad Salts is inexpensive; cannot injure; makes a delightful effervescent lithia-water beverage, and helps in every home, because nobody can make a mistake by having a good kidney flushing any time—Adv.
