

## POPULATION OF SOUTHERN TOWNS

Tulsa Rises From 50th Place to Number Sixteen.

INCREASE 296.4 PCT.

Miami, Fla., Takes the Cake With More Than 400 Per Cent Since 1910.

WASHINGTON, Sept. 15.—Remarkable growth in population has been shown by a number of southern cities in the last 10 years, preliminary statistics of the bureau of the census show. Announcement of 1920 populations have added five cities to those of the 100,000 class in the south, making a total of 11, while seven cities have advanced into the class with 25,000 or more population, making a total of 33 in that class. In all, the south has 43 cities with 25,000 or more population.

The cities which advanced into the 100,000 class are San Antonio, Dallas, Houston, Fort Worth and Norfolk. Of all the cities in this class, Houston showed the largest rate of growth, 75.2 per cent. Dallas was second with 72.6 per cent, Norfolk third with 71.4 per cent, and San Antonio fourth with 67.8 per cent. Nashville, showing the smallest rate of growth, 7.2 per cent. In point of numbers Dallas had the largest growth, the increase in the 10 years having been 66,372. San Antonio was second with 44,383. Houston third with 39,376 and Norfolk fourth with 45,325. New Orleans, the south's largest city, showed a numerical increase of 48,144 which was fifth largest and a rate of growth of 14.2 per cent.

Of the cities of the 25,000 to 100,000 class, Miami, Fla., showed the highest rate of growth, the percentage having been 49.1, while Wichita Falls, Texas, ranks second with 35.8 per cent and Tulsa, Okla., third with 29.6 per cent. Tulsa advanced from 50th city of the south in 1910 to 16th in 1920. Other cities of this class which have more than doubled their population in the 10 years are Knoxville with 114.1 per cent and Winston-Salem with 113.2 per cent.

It is not possible to give the 1920 rank of all southern cities of 10,000 or more population as the population of several has not been announced. The following list shows the 1920 rank of cities of 25,000 or more which is not likely to be

changed by the population of cities yet to be announced. The remainder of the list shows the relative position of the cities having less than 25,000 population. Their 1910 rank will show how they have grown in the 10 years in comparison with other cities.

## TULSA DEMOCRATS OPPOSE TAX LEVY

Carter and Parkinson Are Praised for Stand Against Levy

The taxpayers' protective league of Tulsa county, the officers of which are democrats, is strongly opposed to the tax state levy recently authorized and at a recent meeting the following resolution was unanimously passed:

Resolved: That we endorse the action of Hon. Frank Carter, state auditor, and Hon. Fred Parkinson, state examiner and inspector, in protesting against a needless levy of state taxes this year.

We call attention to the fact that it was the plan of the makers of the Oklahoma constitution that corporation and state taxes should pay the entire burden of state taxes and now that the time has arrived, we earnestly protest against those who would attempt to transfer needless tax burdens on Oklahoma property owners.

Taxpayers' Protective League of Tulsa County, Oklahoma, Sept. 11, 1920.

By W. T. BRADY, President.

MURKETT J. GLASS, Secretary.

# Have Heat When and Where You Want It—Instantly!

That's what we promise and that's just what you get when you install the celebrated RAY OIL BURNER. Enjoy luxurious warmth, even on the coldest day. The Ray Oil Burner is the only safe, sure and dependable burner in existence today—and we stand ready to prove it.

The Ray Oil Burner was the first burner using a blower to successfully burn fuel oil. After being in use for the past five years under all kinds of installation, we can conscientiously say that the Ray burner has proven to be superior in every way over any other type of burner on the market.

Ray's Rotary Crude Oil Burners are a distinct departure from all previous types, being a combination of the "air-under-pressure" and "rotary" systems. The oil and air are discharged out of a nozzle like the ordinary straight-shot burners but instead of using a plain nozzle we introduce a centrifugal atomizer within the nozzle. This atomizer is small and cannot become overheated under the most severe conditions as the entire air blast is passed over it. The oil passing through the atomizer is brought to the flash point and starts to burn close to the nozzle. The atomizer not only assists in the atomization of the oil by its action but it gives us a greater surface to distribute the oil over, permitting us to use a much lower air pressure than has ever been used before in this type of burner. The atomizer prevents lumpy oil from passing into the fire-box.

The United States Government uses the Ray Oil Burner with success. So can you. Here are some of the advantages:

- NO SOOT
- HIGH TEMPERATURE
- EXTREMELY FLEXIBLE
- LITTLE ROOM REQUIRED
- CAN BE LIT LIKE GAS
- MORE HEAT PER GALLON
- NO WATER OR STEAM USED
- WILL LAST FOR YEARS
- SMALL OR LARGE BURNERS
- EQUALLY EFFICIENT
- NO CARBON
- LOW FIRST COST
- LIGHT WEIGHT
- NO SMOKE
- LOW MAINTENANCE
- LOW CURRENT CONSUMPTION
- NO DANGER OF EXPLOSION
- WILL NOT GO OUT
- ACCESSIBILITY OF ALL PARTS
- LESS NOISE
- EASY TO LIGHT
- LESS FREIGHT CHARGES

## FELT EVERY BREATH WOULD BE HER LAST, SAYS MEMPHIS WOMAN

For Ten Years She Suffered so That at Times She Feared Her Heart Would Stop Beating.

FORCE OF WILL KEPT HER FROM GIVING UP

"Tanlac Keeps Me Feeling Well and Strong All the Time and I Wouldn't Think of Being Without It" She Says

"Tanlac has been my favorite medicine now for four years," said Mrs. Amelia Solari, of 345 Washington avenue, Memphis, Tenn., in an interview a few days ago.

## Eruptions of the Skin Cause Torturous Itching

If you are afflicted with any form of skin disorder, you are well acquainted with the flaming, burning itching that these diseases produce. So many people continue to suffer from eczema, tetter, and other forms of skin disease because they do not seek the source of their suffering, and no disease can be successfully combated unless attacked at its source.

Skin diseases are caused by an impurity or disorder in the blood, and there is no real and genuine relief within your reach until such impurities are removed.

This explains why disappointment

"Before I took Tanlac there was never a day in ten years that my stomach did not give me trouble. I don't believe anyone could suffer much worse from indigestion than I did and live. The gas on my stomach would crowd my heart with such a pressure that it would almost stop beating. I simply had to gasp for breath and at times it seemed like I was about to breathe my last. I got to the point where I was actually afraid to eat because of the awful suffering I knew so well I would have to undergo. Many a day I was so weak and felt so tired I could scarcely get about, and it was just by force of will that I kept from giving up entirely.

"Well, I have felt thankful a thousand times that Tanlac was put on sale in Memphis, for it proved to be just what I had been needing so long. Almost immediately after I began taking I commenced to feel better. I was able to eat most anything I wanted, and am still able to do so without feeling a touch of indigestion. Since then I have made it a rule to take a few bottles each year. It keeps me with a good appetite and feeling strong and well all the time. I think so much of Tanlac that I wouldn't think of being without it.

Tanlac is sold in Tulsa exclusively by the Quaker and Puritan Drug companies.—Advt.
