

JACKIE COOGAN IS REAL ACTOR

Child Film Star Carries
Off Honors in Show at
Strand Theater

Although Jackie Coogan possesses all kinds of attributes in making his small self into the greatest of the great, as captain in the drama of the screen, "My Boy," he has captured such the hearts of this week's crowd in the role of "Tut" in the play "The Boy Who Wasn't," that he has been crowned a child film star. Jackie Coogan, who is only ten years old, has been crowned a child film star. Jackie Coogan, who is only ten years old, has been crowned a child film star. Jackie Coogan, who is only ten years old, has been crowned a child film star.

DEMO CANDIDATES TO STAY TO FINISH

Continued from page one
quarrels have already been open for several days at Fourth and Main. However, candidates on either republican or democratic tickets are paying little attention to head-on warfare. They are waiting for the day when they will be able to catch some voter whom they might otherwise miss in their campaign. Most of their time is spent in circulating among the business men and the women, distributing cards and otherwise soliciting votes. One Candidate Less.
The only outstanding development of the day was the withdrawal of A. W. Bates as a republican candidate for commissioner No. 3. The remaining candidates are J. M. Addison, H. D. Dinkley, Joseph Foreman and William B. Fenderson. According to County Registrar H. J. Moore, the registration this year will show from 13,000 to 15,000 certificates have been issued. Definite figures will not be obtainable until Tuesday, he advised Monday. He stated also that the ratio of registrations is about two to one democratic.
This ratio is not consistent with that of two years ago, when, according to Leo Quinlan, secretary of the county election board, the number of registrations was about the same, but the number of voters registered as republicans and as democrats was nearer equal.
Law Not Followed.
Whether a number of republicans have slipped into the democratic column permanently or if they have changed politics merely for the purpose of participating in the democratic primary is a matter of conjecture. However, the law provides that one cannot change his politics unless he appears before his registrar at least 90 days prior to an election and makes a declaration of his intention.
This year's estimated ratio, and the fact that few if any voters hunted up their registrars 90 days ago, indicates the law has not been followed, and that there may be complications during voting in the primary.

Primary Notes

R. W. Bates, democratic candidate for commissioner No. 1, believes he is well qualified to handle any of the three commissioner positions especially street commissioner, water commissioner or police commissioner. Bates has lived in Tulsa about three years, during which period he

Increases the action of the intestines

Hundreds of men and women have already found freedom from laxatives by eating Fleischmann's fresh yeast.

Doctors are now agreed that proper elimination of waste matter should be brought about by food. One doctor comes right out and states plainly that the inadequate use of cathartics is one of the causes of constipation.

Physicians all over the country are recommending Fleischmann's fresh yeast because it is a fresh food, rich in those elements which keep the intestines healthy. In one series of tests cases, normal functions were restored in from 3 days to 5 weeks.

Try it out for yourself. Begin today by adding 2 or 3 cakes of Fleischmann's Yeast to your everyday diet. Keep it up and see how normally and regularly your intestines act. Be sure it's Fleischmann's Yeast—the familiar tin-foil package with the yellow label. Place a standing order with your grocer.

TEXAS SENATOR STARTS A FIGHT

Blanton Again Brings Up
Matter of Obscene
Matter in Record

WASHINGTON, March 13.—Representative Blanton of Texas, whom the house today, by a narrow margin, voted against expelling because of his printing in the Congressional Record an affidavit characterized as obscene, started another row over the matter today by reading on the floor 39 or more letters from persons in various parts of the country condemning his action and denouncing the republican attempts to oust him.

After he had concluded the reading and had left the chamber, Representative Blanton, the republican leader, charged that the letters were not his and that he had not read them. He declared that the letters were not his and that he had not read them. He declared that the letters were not his and that he had not read them.

Representative Cooper, republican, Wisconsin, after a telephone talk with the house speaker, announced that the man was still on the payroll, that he was informed that an investigation was made and the only person who stated such language was used was the man who made the affidavit.

Some of the letters read by Blanton criticized the house, one from Ohio stating the general opinion was that it was "composed largely of old women."

Others contended that Blanton was the only member who dared oppose organized labor.

Miss Orietta Stoddard Preaches for Miamians

MIAMI, March 13.—Miss Orietta Stoddard, 13-year-old girl preacher, last night preached her first sermon here since she became a licensed preacher. Although the church was packed and standing room was hard to find, the youthful clergywoman did not falter in her talk. After the sermon she spent some time exhorting her hearers to work a new life but there were no responses. A number of other youthful converts joined the girl preacher and stood with her while she closed the service. Other churches of the city were almost deserted and one pastor excused members of the choir and others who desired to hear the young woman.

State Bank of Erie Fails; Deposits Safe

ERIE, March 13.—The Western State bank of Erie, Buckingham county, failed to open for business today, officers of the institution declaring its suspension as the direct result of the closing last week of the Wilkes-Barre State bank at Oklahoma City. C. R. Bortis, active vice president, said the bank was in the hands of the state bank commissioner. The bank's affairs are such that there will be no loss to depositors, officials of the bank said.

IS HELD FOR SLAYING

City Detective Pleads Not Guilty, Is Released on Bond—Death of Child Cause of Action.
D. L. Mondier, city detective, was arrested on information charging manslaughter in the second degree, Monday afternoon and arraigned before Justice Query in the county courthouse. After pleading not guilty, he was released on bond for \$10,000. Mondier was released on bond to appear for trial March 28.

Mondier is the officer who killed 4-year-old Robbie Davis at the corner of Ninth and Main streets December 9, while shooting at an escaping prisoner, who afterward was arrested and taken to the police station, known to the police, who has served sentences in two different penitentiaries.

Detective Mondier has been a police officer for the past 19 years, and is well known in police circles, having been elected constable in Oklahoma in 1917 which position he held for two years prior to coming to Tulsa.

The Davis boy was playing under a tree near his mother's home when the shooting occurred. Mondier was walking north on Main street, as they neared the corner, Cameron broke and ran. Mondier fired one shot and this is supposed to have been deflected, striking the boy in the head.

BUILD MORE RAILWAYS

Railway Age Says More Construction Under Way Than for Several Years.

CHICAGO, March 13.—More construction work is actually under way or projected by the railways of the country for 1922 than for several years, according to statistics presented by the Railway Age. This was attributed to the shortage of railway facilities and the improvement in railway net earnings within recent months.

"It is significant," the magazine said, "that public announcement has already been made to construct over five hundred miles of new line this year, and contracts have already been let for at least half. Among the projects authorized are an extension on the Atchafalaya, Topeka & Santa Fe from Atchafalaya, Kan., east, and a line 40 miles long from Pawhuska, Okla., to Owen, which are understood to be the first of several projects which this road has in contemplation."

The Dallas & Terrell, a Texas road, has awarded a contract for the construction of 34 miles of a line; the Kansas & Oklahoma Southern has been authorized by the interstate commerce commission to build 71 miles and the New Holland, Hixsonport & Mount Vernon has received permission from the same source to build 35 miles of line.

CROWN ADVANCES, MANY MORE DIE IN AFRICAN WAR

Continued from page one
Krugersdorp and Johannesburg. The rebels defended both places stubbornly, losing heavily.

LONDON, March 13.—Premier Smuts issued a statement today, Reuters Johannesburg correspondent says, declaring that the present revolutionary movement of the work of extremists who are using the strike at the mines as a cloak for the dissemination of syndicalist views. The premier declared the military position is well in hand and with the co-operation of the loyal citizens who are actively supporting the government it should not take long to re-establish normal conditions.

Premier Smuts in his statement added that while a general strike in South Africa has been declared the mass of the workers and trades unionists outside of the Rand have refused to be stampeded into it.

The outstanding feature of the situation, he says, has been the exemplary behavior of the natives.

RAINFALL IS GENERAL

Oklahoma Greatly Benefits by Moisture, Heaviest Precipitation in Many Months.

OKLAHOMA CITY, March 13.—Oklahoma received the heaviest rainfall in seven months today, according to reports from the United States weather bureau here. Reports from all parts of the state indicate that the precipitation was general, slight rainfall was predicted for some sections tonight, with clearing weather tomorrow. Crops are in ideal condition, according to John A. Whitehurst, president of the state board of agriculture. Wheat has been greatly improved in the last 15 days, due to the recent rains, he said, and the crop is "practically perfect." Numerous complaints from the western part of the state on damage caused by green bugs have been received at the board of agriculture. Root crops, especially around El Reno, report heavy damage from the pest.

ALL READY FOR TRADE TRIP

Tulsa Business Men Indorse Plan to Take Excursion in Autos.

Notwithstanding the inclement weather Monday night, more than thirty business men met in the auditorium of the Chamber of Commerce and heartily indorsed the movement to make an auto acquaintance trip through the oil field towns of the country and as far west as Blackwell.

Committees on program, banners, literary and publicity, were appointed and will work as fast as possible to complete their task and be able to report at the next and final meeting to be held in the auditorium of the municipal building Tuesday night, March 28.

Appropriate banners of uniform size will be used for each car entering the excursion.

The trade extension committee of which G. Y. Vandever is chairman, has been designated as the executive committee for the auto trade excursion, and will be in a position to furnish any information to those desiring it, who contemplate participating in the excursion.

Shoe Factories Cut Wages.
BOSTON, March 13.—A wage reduction of 10 per cent for employees of shoe factories of Brockton and South Shore district was ordered by the state board of conciliation and arbitration today. The decision affects 44 factories employing about 21,000 workers.

Well Increases Production.
Reports Monday night indicate the Robinson-Letcher-Gibson well No. 2, on the Tiger farm, near Okmulgee, in 24-11-11, which came in with a flow of 1,000 barrels, has increased production to approximately 2,000 barrels.

Charged With Stealing Tire.
PAWHUSKA, March 13.—J. T. Leadford is held here by the county, charged with the theft of a stolen automobile casing, which he

offered to sell to the original owner. Leadford was arrested by the city police on complaint of the man who claims the tire was stolen from him.

WOMAN HIT BY AUTOMOBILE
Seriously Injured in Accident on Main Street Monday Night.

Mrs. N. J. Kneisel, 501 North Boulder avenue was struck by an automobile and seriously injured at 6 o'clock Monday night as she was crossing the intersection of Main and Second streets, by J. E. St. Clair, 1231 North Main street. St. Clair, an employee of the Mount Cooper Iron works, was released on bond after an investigation of the accident. The injured woman suffering from a slight fracture of the skull, one broken rib and several slight cuts, was released on Monday night her condition was said to be very favorable.

THE MERRY JOURNEYS of
MARY JANE

Gussie,
the Big Fat
Goose,
Gives
Mary Jane
Some
Advice

ONE day Mary Jane was walking where Gussie Guppy—the old white goose—was showing eight or ten of her youngest children the best places to look for worms.

Gussie was very busy, but said "Good morning, Mary Jane. You ought to be mighty glad you don't have a big family like I have, to provide for."

"Only yesterday little Launcelot was chasing a frog, and he fell into a ditch. I had the awfullest time getting him out. And when I did, he was mud up to his ears. It took me all of half an hour to get him cleaned off again."

Mary Jane said she knew just how ag-gra-va-ting that must have been. For her mama had the same sort of a job with her brother Bobby. Bobby was crossing the brook, and he slipped

off the stepping stones and fell in the mud. They had to turn the hose on him, before they could find the buttons to unbutton his clothes.

And then Mary Jane told Gussie Guppy they had a party up at her house last night, with the most wonderful Mary Jane Fudge you ever tasted—made with Mary Jane Syrup.

"It's the easiest thing you ever saw to make the most delicious fudge out of 'Mary Jane Syrup' said Mary Jane, 'I'll teach you how to do it sometime, and we'll give a party for Launcelot and the children.' And Gussie said 'don't forget.' And then she went home and put her children to bed.

Not Her Fault
But why not keep teeth white?

Does your dentist ever show you the film-coats on your teeth? His vigorous polishing is largely done to remove them. Millions find that these film-coats form despite the daily brushing. But now there's a way to combat that film, and we offer you a test.

What film does Film starts as a viscous coat. You can feel it now. It clings to teeth, enters crevices and stays. It absorbs stains, making the teeth look dingy. It forms the basis of tartar. Thus the luster of the teeth is kept dimmed.

Film holds food substance which ferments and forms acids. It holds the acid in contact with the teeth to cause decay. Germs breed in film, and they, with tartar, are the chief cause of pyorrhea.

Thus most tooth troubles are now traced to film. They are due to the fact that old ways of brushing do not effectively combat it.

The new-day way Dental science, after long research, has found two ways to fight film. Careful tests have amply proved them. Now leading dentists, here and abroad, advise their daily use.

Both are embodied in a dentifrice called Pepsodent—a scientific tooth paste. To millions of people it is bringing whiter, cleaner, safer teeth.

Five benefits Pepsodent brings other desired effects. It multiplies the salivary flow. It multiplies the starch digestant in the saliva. That is to digest the starch deposits which may otherwise cling and form acids. It multiplies the alkalinity of the saliva. That is Nature's agent to neutralize acids, the cause of tooth decay.

In these natural and effective ways, Pepsodent combats twice daily the great enemies of teeth.

Watch it act The results are quick and apparent. You can see and feel them. Send the coupon for a 10-Day Tube. Note how clean the teeth feel after using. Mark the absence of the viscous film. See how teeth whiten as the film-coats disappear.

The test will be a revelation. It has brought to millions a new era in teeth cleaning. Learn what it means to you.
