## Contractor Has Gained 30 Lbs. on Tanlac

"Tanalac fixed me up so I gained thirty pounds. I have never seen or heard of such wonderful medicine in all the sixty-six years of my life," declared William Magee, well-known retired contractor, 2840 Lafayette Ave., St. Louis, Mo.

"About two years ago I had a severe bladder trouble that left me in an awfully run-down condition. My appetite went back on me and my stomach got so weak I could not eat and direct enough to give me any strength. I also had the worst sort of pains across the small of my back, and could not sleep.

"I began picking up soon after I started taking Tanlac, and now I have a fine appetite, sleep like a log and that tired, worn-out feeling has all left me. I could not do otherwise than recommend Tanlac."

Tanalac is sold by all good druggists.—Advertisement.

## BETTER THAN CALOMEL

Thousands Have Discovered  
Dr. Edwards' Olive Tablets  
are a Harmless Substitute

Dr. Edwards' Olive Tablets—the substitute for calomel—are a mild but sure laxative, and their effect on the liver is almost instantaneous. These little olive-colored tablets are the result of Dr. Edwards' determination not to treat liver and bowel complaints with calomel.

The pleasant little tablets do the good that calomel does, but have no bad after effects. They don't injure the teeth like strong liquids or calomel. They take hold of the trouble and quickly correct it. Why cure the liver at the expense of the teeth? Calomel sometimes plays havoc with the gums. So do strong liquids. It is best not to take calomel. Let Dr. Edwards' Olive Tablets take its place.

Headaches, "dullness" and that lazy feeling come from constipation and a disordered liver. Take Dr. Edwards' Olive Tablets when you feel "tired" and "heavy." They "clear" clouded brain and "perk up" the spirits. 15c and 30c.—Advertisement.

## To Keep Hair Wavy, Lustrous, Beautiful

The use of the hot curling-iron cannot be too strongly condemned. It means death to the hair eventually. Moreover, it is entirely unnecessary. Long or bobbed hair can be kept beautifully wavy and only to any extent and in any form desired, by using the simple and harmless Lustrine method. Liquid Lustrine should be applied to the hair before doing it up, using a clean tooth brush. In about three hours you will find that a very pretty "natural" wave and curliness has resulted and the effect will last quite a considerable time.

Liquid Lustrine is really beneficial and is not sticky nor greasy. Neither does it streak the hair nor stain the scalp. You need get only a few ounces from your druggist. The hair may be divided the front and back hair into four or six strands and to incise each strand separately from root to tip.—Advertisement.

## Mrs. Frances Harvey Is Candidate for Re-Election as Clerk of Courts

To the Men and Women of Tulsa County:

In the fall of 1920 the primary election resulted in my entrance on the County Ticket as the first woman candidate to the office of Clerk of Courts of Tulsa County.

Since the women have been granted the privilege of suffrage they are, each year, taking more interest in politics.

It is only fair that they should be represented on the tickets of both major parties, as we believe women to be at least as capable of handling certain offices as are the men.

And now that another campaign is upon us and I am on the ticket for re-election to the office of which I am now the incumbent, I address you men and women voters of our county in behalf of my candidacy in recognition of the splendid support you gave me in 1920. I thank you sincerely and solicit your continued interest.

I am the only woman on the County Ticket. My victory depends upon the majority vote, and may depend upon your individual vote.

If you are satisfied tell others and vote for me Tuesday, November 7th.

Very respectfully,

FRANCES HARVEY.
