THERE WILL BE MANY CONTESTS.

The Next Committee on Elections Wil Haye Plenty of Work to Perform Very Small Majorities That Opno Will Try to Overcome

Will Try to Overcome.

Washington, Dec. 31.—Clerk Clark, of the house of representatives, has received the certificates of 250 members-elect to the next house, and has been officially informed that certificates have been issued in all but three congressional districts. Of the certificates issued 153 are to Republicans and 150 to Democrats, and of those districts still in doubt two of them are in West Virginis and one in Tennessee. In all of them the Republican caudidates claim majorities on the face of the returns. However, should the Democratic candidates got the certificates their party will not have control, as the Republicans will still have a majority of one and will organize the house. The question is weether it will be one or seven. Several Republicans who are elected to the next house are in uncertain health. Several whose mames are often mentioned are regarded as having a very uncertain tenure of life. Every indication of ill health on the part of a member of the next house is regarded with anxiety, and adds another argument to the many advanced in favor of an extra session. This being the case the candidacy for the speakership is becoming more headed every day.

Of the 163 Republicans who have received

many advanced in favor of an extra session. This being the case the candidacy for the speakership is becoming more heated every day.

Of the 163 Republicans who have received certificates of elections, it is said that Mr. Cannon has 49 pledged to vote for him; Mr. Reed, 38; Mr. McKinly, 23; Mr. Burrows, 22. There are 10 unpledged southern members. The other 75 members are scattered between prospective candidates. There is no telling for whom they will vote.

Up to this time only one notice of contest has been filed in the office of the clerk of the house. This is the case of Hartsuff against Whiting, the latter being the sitting Democratic member of the Seventh Michigan district. There are twenty-one counts in his indictment, and he charges that votes were cast at wrong places, that allens voted without restraint, that fraudulent naturalization papers were issued, that illegal registratio was common, and that persons were compelled to vote the Democratic ticket under threats of personal injury. Mr. Hartsuff lays particular stress upon what he calls the "corruption fund."

Quite a number of the cases arise out of the narrow majorities received by some of the successful candidates. Such is the foundation of the contest made by Sydney E. Mudd against Representative Barnes Compton, of the Fifth Maryland district, whose majority has been placed as low as 1 vote. In the Fourth Maryland district, whose majority has been placed as low as 1 vote. In the Fourth New Jersey district, Samuel Fowler (Dem.), was elected by only 72 votes, and N. W. Voorhees will try to overcome this by contest. Congressman Shively (Dem.), of Indiana, was returned by a still smaller majority—leas than 40 votes—and William A. Hoyne, his Republican rival, will endeavor to secure the seat. As compared with these efforts to overiorn a few votes, the contest of T. B. Eaton, a Republican of Memphis, Tenn., to oust Congressman James Phelan seems quite herculean. Mr. Phelar received 5,000 majority. Charges of frau will also be made by T. B. Posey, a Re

mmittee on elections will have as full, and will be one of the most ant to be appointed by the successor Carlisle Mr. Carlisle.

DEATH OF MRS. GEN. SCHOFFELD.

DEATH OF MIS. GEN. SCHOFFELD.

The wife of Maj. Gen. John M. Schofield, in command of the army of the United States, died yesterday at the Richmond-flats in this city. Mrs. Schoffeld has not been in good health since her arrival in Washington some months ago. The attack of Hiness which resulted in her death was, however, unexpected. She had been suffering from heart disease, complicated with neivous trouble. Saturday myst she had a severe attack, and three of the late Gen. Sheridan's physicians—Dr. Yarrow, Surgeon O'Reilly and Dr. Lincoln—were called in, but they were unable to do anything for the patient.

EAST STOUX FALLS, D. T., Dec. 31.—A 3-year old child of L. P. Olson, of East Sioux Falls, died from dropsy, and preparations were made to bury the child on Tuesday last, but as the ground was slippery from the recent sleet storm it was postponed until the next day. That night the body showed evidence of returning life. Color frequently came into different parts of the body and then entirely disappeared. There were also other evidences of life. The funeral was indefinitely postponed, until it was decided whether or not the child is dead. Dozens of doctors have examined the body, but none will authorize the burial.

LUCY PARSONS' PREDICTION.

Rivers of Blood Will Flow Before Peace Comes to Our Land.

CHICAGO, Dec. 31.—Yesterday about 400 people, or as many as could crowd into Waverly hall, attended a meeting of the Socialistic Labor party called for the transaction of business and the promotion of Socialistic doctrines. Mrs Lucy Parsons was present and made her speech in the same hall which they closed against her a week ago. Inspector Bonfield's men were in the hall in citizen's dress, but did not interfere with the proceedings. A resolution was adopted unanimously imploring the aid of the presend citizens generally to the end that the humblest citizen, as well as the politician, may enjoy all the rights goaranteed by the Declaration of Independence and the constitution of the United States.

Tommy Morgan, a local leader of the Socialists, made a very conservative speech containing many statements to which Mrs. Parsons took exception. She said she could not sit quietly and hear it stated that those who are dead and silent in their tombs bid anything to do with the throwing of the Haymarket bomb, though in the war against tyrants all things are justifiable. She predicted that before peace could he had in a society like in this country, rivers of blood would have to run. When she gt to this point the chairman interrupted her and said time was up.

In this speech Mr. Fyle lauded the choir for its excellent singing and voiced the sentiments of the audience. Adjournment was then made to the second story where four large tables had been prepared by the lady friends of the lodge. About 160 persons sat down to supper. Oysters, turkey, chicken, cold ham, rolls, coffee, cream biscults, and a great abundance of other good things were served very promptly by the young ladies. The interesting and satisfying performance of doing justice to the viands continued for one hour, after which until lodge time, the visitors were shown over the building and discussed its excellent arrangements. Dennis Dougherty, who keeps a saloom at Rising Sun, at the end of the city railway line, takes exception to the article which appeared in these columns one week ago on the 24th instant, in that it maintained that he was an improper person to enjoy the privilege of a license to sell intoxicating liquors. He states, first, that a majority of the people who reside in his neighborhood, say that he should have the license which the court granted last term for one year more. Second, that it is false in every particular, that he keeps or has kept a disorderly house as was charged by two persons before the courts and that his neighbors are ready to testify to this statement. Third, that he is a drunken and disorderly person himself is as far from the truth, Mr. Dougherty declares, as his persecutors are from grace. His neighbors, it is said, are willing to testify that there is not a soberer hotel man in New Castle county, nor one who is more generous, as he is always ready to help the needy. Fourth, the charge that he does not have proper stabling was refuted before the court by two estimable gentlemen who have always led sober lives, and it was to be presumed that the cause of the attack on him in respect to his saloon is of long standing, the outgrowth of an old neighborhood difference, he says. He denies ever having sworn at any ladies.

Thanking our friends for their liberal patronage during the last week, and wishing them a "Happy and Prosper-ous New Year," we respectfully call their attention to our new line of Roxbury Carpets. -Velvets and Tapestriesnow open for early buyers. The Roxbury people have placed an entire new line of patterns in the market, and, as we've had our choice of them, you'll find the cream of the stock here.

The Roxbury Carpets are unequaled for quality-they have a softness to the touch not found in others-being an old, reliable make of carpet you run no risk of getting a carpet that will soon wear or lose its brightness. The one fault has been in the patterns. While this has been and is the best carpet in the market other makers have had the choicest patterns. This now is not the case. After looking over all the new spring patterns we must say that Roxbury Carpet has moved forward wonderfully. It now not only takes the lead in quality, but also in stylish and attractive patterns. Come-look at them-our old patterns will be sold at a great reduction until all are gone. We have every make of carpet here.
