Two Church Choirs Assist the Old Soldiers

IN CELEBRATING MEMORIAL DAY

Board of Education Ousts a Janitor and Raises a Teacher's Salary—Open-Air Band Concerts to Begin Next Saturday Evening at the Court House.

Special Correspondence Evening Journal.
NEW CASTLE, May 30.—Prominently at 7.30 this morning, Captain Evan S. Watson, Post No. 5, G. A. R., began the celebration of Memorial Day, by assembling in front of the Old Court House with a handsome collection of flowers which had been contributed by patriotic citizens. Drawn up in line ahead of the old soldiers were the New Castle Fire and Drum Corps and Company B, First Infantry, N. G. D.

The entire program was carried out as announced in the EVENING JOURNAL of Monday, May 29. J. H. H. delivered a carefully prepared oration after the procession had marched into the Mt. Salem cemetery, on Fourth street, at St. Peter's the choir sang an arrangement of "My Country 'Tis of Thee." At the M. E. Churchyard Rev. V. S. Collins addressed the soldiers in a speech full of patriotism and depth. The M. E. Church choir sang "Nearer, My God to Thee." The Presbyterian Cemetery was the last one visited.

On the 1.18 accommodation train nearly all the soldiers will go to Wilmington to participate in the parade and exercises there.

Important Work of the School Board.

There was a long and interesting meeting of the Board of Education last night. Mr. Eliason presided, and all the members except Mr. Ferris were present. There was some surprise at the presentation of a bill for \$9 from the New Castle Water Works Company. The schools have never been charged with water rent since the new fixtures were placed in, several years ago, and no questions have been asked. It is thought, however, that the water company, as a result of their discontinued appropriations, from the trustees of the Common, is charging full price for all public buildings. The bill was referred to the Committee on School Property.

The orders for teachers' and janitors' salaries for the months of April and May were drawn and they will be paid in order. Then the board went into an election of teachers and janitors. It was the annual election, but there was long discussion as to when the newly elected employees should assume their duties. Some argued that the new janitors should start in immediately after the close of school in June. Others claimed that this term of office should begin on September 1. The question was finally referred.

Principal Knapp and all the subordinate teachers of the entire city system were re-elected unanimously and Janitor B. F. Lancaster, of the downtown school buildings was also continued, and Janitor William D. Morris, of the West End School building, was re-elected and Henry Madden was chosen in his place. Morris received three votes and Madden four. The salary of this position is \$100 a year with an extra compensation during July and August for cleaning and renovating.

Under the head of old business the board took up the communication of Miss Mary Fleming, the teacher of school No. 8, petitioning for an increase in salary. This has been hanging fire for several months, but after long discussion the salary was raised from \$350 to \$400. The principal's report showed an average attendance of 455 during the month.

Mayor Herbert's Contempt of Court Case.
The attachment for Reporter Melvor was withdrawn by Mayor Herbert soon after it was issued because the mayor deplored the arrest of the man at midnight, when he would have difficulty in securing bail, in the contempt of court case. The mayor, however, decided to issue a peremptory summons for this witness' appearance at the trial tomorrow night, when it will probably be found that trying is worse than "chicken fighting" in the mayor's office. Melvor said to an EVENING JOURNAL reporter this morning:

"I am still at large and no attachment has yet been served." Discouraging as this news will be to the community, it is too true.

Concerts Begin Next Saturday.

Cornet Band will give its open-air concert and Bandmaster Eberle is arranging a fine program of concert selections. The descriptive pieces to be played by the band will be especially interesting and will be well worth seeing as well as hearing. On Saturday the entire program will appear in the EVENING JOURNAL and everybody who clips from the paper the program coupon, can easily ascertain the name and composer of the selection by referring to the numbers displayed.

Russell Will Meet McConnell.

The challenge of George Russell, the colored light weight pugilist of this city, which recently appeared in the EVENING JOURNAL has been accepted by Edward McConnell, the Wilmington champion, and it is reported that they will spar in Messick's Hall, Wilmington, some time this week. Both, it is said, are of equal weight and size, each agreeing to weigh in at 135 pounds, ringside.

Incidents of the Day.

Little John Edwards was run into and slightly injured by a Wilmington team on Fifth street yesterday. The little fellow had a narrow escape.

Colored Albert Fountain, who has had bad health ever since he began serving his one year's sentence in the New Castle jail for gambling, over five months ago, was yesterday pardoned by Governor Reynolds and released by Sheriff Gould.

The Hawthorne Literary Society, of Wilmington, evidently departed from literature last night, as the members rode over to this city on straw in farm wagons and they blew big horns, the noise of which made reposing residents jump from their beds in terror.

Personal Events.

Yesterday, Mrs. C. C. Lunt and little daughter left their home in this city for Denver, Col., to join Mr. Lunt. They were to have accompanied Rev. P. B. Lightner and family, last week, but the prolonged illness of Mr. Lightner delayed his departure for the West indefinitely.

Mr. and Mrs. J. W. Mitchell, of Stanton, spent yesterday in this city as guests of Mr. and Mrs. S. A. Stewart and other Fifth street friends.

A Fine Work of Art.

You will miss it if you neglect the opportunity to secure "Famous Paintings of the World," the finest work of art ever issued at the price. Thirteen parts now ready at the EVENING JOURNAL office at 10 cents each. Twenty parts complete the portfolio.

MEMORIAL DAY DOINGS.

Notable Celebrations Are Held in Many Sections.

FINE MONUMENTS ARE UNVEILED.

New York and Brooklyn Observed the Day on an Elaborate Scale—General McAllister's Statue at Belvidere, N. J., Unveiled. A Soldiers' Monument at Batavia, N. Y.

NEW YORK, May 30.—Among the notable Decoration day events in this city was the formal unveiling of fine statues, that of General Winfield S. Hancock, in Hancock square, New York, was formally dedicated and decorated. Its informal unveiling took place last December.

The unveiling of the Greeley statue in Greeley square, New York, was performed by Miss Winifred Burke. Among the speakers were William W. Niles, Amos J. Cummings and Marvin D. Savage. The presentation of the statue was made by George H. Moore, chairman of the statue committee, and Colonel John R. Fellows responded in behalf of Mayor Gilroy. An address on "Hancock Greeley and the Press" was delivered by John W. Keller, president of the Press club.

The Columbian liberty bell was tolled here by a special committee of veterans of 1812, 1848 and 1861. The bell was placed in position at Madison square and was tolled during the parade.

The religious and military ceremonies, the athletic sports and the other observances which make Decoration day one of the most general holidays of the year are even more numerous than usual today. Preparations had been made on a more elaborate scale than for many years past. The ceremonies in honor of those who died for their country during the War of the Rebellion constitute the chief feature of this Decoration day, as all others. Their pre-eminence is even more marked. For several years past these ceremonies have been almost exclusively confined to the Grand Army of the Republic, the United States Army and the local militia, together with kindred organizations that have sprung from them in one way or another.

This year, however, some new and original impulse seems to have stirred all classes of men to unite in paying honor to the dead soldiers of 30 years ago, and the result has been that all observances of past years have been surpassed today.

The parade of this morning was the greatest feature of the Memorial day ceremonies in this city. In addition to the various local organizations in line regiments detailed by General Howard and marines from the cruiser Maryland took part in the procession and lent increased interest to it.

Big Demonstration in Brooklyn.

BROOKLYN, May 30.—There was an especially grand demonstration at the old national burying grounds at Cypress hills, where 3,000 soldiers who fought for the stars and stripes are buried. At Cypress hills Mayor Charles A. Schermerhorn was the principal officer and delivered an introductory address in English and German. The Rev. Sylvester Malone, pastor of St. Peter and Paul's church, also delivered an oration. There was vocal music by the German singing societies, which are largely composed of Grand Army veterans. The music was especially composed for this occasion. A salute of 41 guns was fired by the Third Artillery battery, under command of Captain H. S. Basquin.

General McAllister Honored.

BEHAVIOR, N. J., May 30.—Memorial day in Belvidere was made memorable by the unveiling of an imposing granite monument erected to the memory of General Robert McAllister, one of New Jersey's gallant soldiers who won distinction in the late War of the Rebellion, and who in years following was an honored citizen of the town, where he died in 1891. The ceremony was held under the auspices of Captain Henry Post, No. 97, G. A. R. General Daniel E. Sickles was the orator of the day.

SURROUNDED BY MYSTERY!

A Great Mistake.

A recent discovery is that headache, dizziness, dullness, confusion of the mind, etc., are due to derangement of the nerve centers which supply the brain with nerve force; that indigestion, dyspepsia, neuralgia, and in stomach, etc., arise from the derangement of the nerve centers supplying these organs with nerve fluid or force. This is likewise true of many diseases of the heart and lungs. The nerve system is like a telegraph system, and will be broken by the accompanying cut. The little white lines are the nerve force from the nerve centers to every part of the body, just as the electric current is conveyed along the telegraph wires to every station, large or small. Ordinary physicians fail to regard this fact; instead of treating the nerve centers for the cause of the disorders arising therefrom they treat the part affected.

Franklin Miles, M. D., L. L. B., the highly celebrated specialist and student of nervous diseases, and author of many noted treatises on the latter subject, long since realized the truth of the first statement, and his Restorative Nerveine is prepared on that principle. Its success in curing all diseases arising from derangement of the nervous system is wonderful, as the thousands of unsolicited testimonials in possession of the company manufacturing the remedy amply prove.

Dr. Miles' Restorative Nerveine is a reliable remedy for all nervous diseases, such as headache, neuralgia, dizziness, prostration, sleeplessness, dizziness, hysteria, sexual debility, St. Vitus dance, epilepsy, etc. It is sold by all druggists on a positive guarantee, and sent direct by the Dr. Miles Medical Co., Elkhart, Ind., on receipt of price \$1 per bottle, six bottles for \$5, express prepaid.

Restorative Nerveine positively contains no opiates or dangerous drugs.
