## What Stanchfield Says:

"EVERYONE HAS A CALLING"

But most of them answer someone else's. That's what the "other fellows" "Star Fashion Dreamers" done yesterday. He passed it out among the fellows without the "HEAD FILLING" that he would appear on Sunday at about 3:27 p. m. as the "Angel of Summer" and that he would set the style, that he would with the aid of the other fellow spring something brand new and startling. Well, he posted everybody to keep a lamp open for him at 3:27 p. m. that he would make his appearance at dress rehearsal as a "STAR BURNER."

Well, Gideon, as we will call the Star Burner (because he was really Giddy) hit Third street exactly Johnnie on the spot at 3:27 P. D. Q. and caused them all to turn on both barrels. His make up—On his shell he wore a full blooded Panama with a fluted rim and an ill crush down the middle supported by two delicate dents in each side, about his graceful neck was a wave collar supported by a Sisterly Love Tie and going further down I saw his coat which was a mix between square and round cut and fit him like it was made for his young brother Seymour. I next took a shot at his Trousers which were the Wheat Bran Sack style passe many moons, and they were turned up at the bottom nearly to the calves waiting for some more straw. Next we all pipped his spreaders which were Square Low Quarters tied with a half inch Black Ribbon with a small White Dearie stripe in it. His finish was an "Artificial Stride" and a swing of his mitt through calculated distance and in the other mitt he carried a half breed Bamboo cane that looked like Willie's Fishpole. Thusly Gideon set the Summer Style for the "Nut Factory Bros." and when the parade was over Fashion never felt so much ashamed of itself and its Twin Brother Style hit the trail for the East Side. There is one great turning point in every man's life and I hope that "GIDEON DEAR" will awake and see

The first annual meeting of the mechanics craft of North Dakota, including representatives of the various branches of the business—blacksmiths, wheelwrights, iron workers, etc.—convened in Grand Forks this morning at 10:30 in the Commercial club rooms. There were fully a hundred delegates in attendance when R. Martin of Dresden, president of the Cavalier county association, called the convention to order. Mr. Martin stated the purpose of the meeting and announced that Attorney Frank B. Feetham of Grand Forks would make a brief address of welcome. The announcement was greeted with no inconsiderable amount of applause. Mr. Feetham began with the quotation of a well-known humorist—"Man that is born of woman is mighty small potatoes. We are all small potatoes and few in a hill." The speaker followed this line of talk to a point where he was able to demonstrate that while we may be small potatoes, we have the power to become large ones and make ourselves felt. He believed that the formation of an organization for mutual protection, such as that which he was considering, was a good thing and certain to be productive of good results. Mr.

J. W. BUETTNER, Norwich, N. D.  
President Goose River Loop Association.

Feetham recalled that in the early and middle and in fact, in all ages, the man who wrought in iron and brass was considered the peer of the craftsmen. He was the man that made the spears and swords that were to win battles, the chair, the table, the bed, the house, the city of Grand Forks, the mayor, who was unavailably absent, and the city council, he most heartily welcomed the visiting mechanics to while here the city was theirs. Great applause greeted the closing remarks.

The temporary organization was completed by the selection of N. Lafleur as chairman and Christ Peterson as secretary, the former of Duluth and the latter from Dickinson. Mr. Lafleur presided and called the attention of the convention to the necessity for the appointment of a committee on constitution and by-laws. A motion was made to appoint a committee to consist of one man from every county represented in the convention, prevailed and the following were at length named:

Committee on By-Laws.

Cruchett, Foster; Peter Linn, Griggs; Jess Reese, Cass; P. G. Davidson, Barnes; James Ross, Stutsman; R. W. Austin, Eddy; Henry Hoffman, Richland; O. Holland, LaMoure.

John Cummings of Grand Forks was appointed chairman of the committee, which was ordered to submit a report at 2 o'clock p. m. Counties other than those designated above were not represented, though some counties had perhaps a dozen representatives of the craft in attendance.

## SUIT OVER SUIT

\$5,000 Asked by Munich Man  
for Alleged Malicious  
Prosecution.

Attorney C. M. Cooley was a passenger to Langdon this morning where he goes to assist Attorney L. J. Wehe of Edmore in the trial of a law-suit in which R. H. Schroeder is plaintiff and V. S. Waldo defendant.

This action is brought to recover damages in the sum of \$5,000 for malicious arrest and prosecution.

Mr. Waldo is a merchant at Munich, and Mr. Schroeder was employed as second man in an elevator at that place. It is alleged that Schroeder bought a suit of clothes at the Waldo store for \$10 which he did not pay for. He started to Edmore, and upon his arrival there was arrested on complaint of Mr. Waldo, who contended, it is claimed, that Schroeder was leaving the country and was trying to evade payment of the amount due him.

The justice before whom he was arraigned dismissed the case, and suit was at once started for damages.

## A Farewell Party.

Last evening at the home of Mrs. O. Anderson on N. Fifth street a farewell party was given in honor of Miss Lillian Berrisford of this city, who is about to leave for St. Paul, where she is to make her future home. The company numbered about a score and the evening was given over to the enjoyment of music, games and refreshments. The principal game features were drawing and peanut contests. In the former, Cleary Monley, who has acquired something of a reputation as a card player, won, and in the latter, Frank Rourke was successful. The names of those who were present follows: Mr. and Mrs. Dave Mulrean, Marguerite and Mabel Anderson, Pearl Curtis, Inis and Vivian Ryan, Lillian Berrisford, Grace Kelly, Eva and Berna Monley, Gertrude Shaw, Eva Des Antels, Ed Ryan, Fred Weststein, John Disher, Ralph Riley, Cleary Monley, Will, Frank, Hugh and Ernest Rourke. Toward the close of the evening Cleary Monley, as spokesman for the crowd, made a short address and concluded with the presentation of a pretty good set to the guest of honor, Miss Berrisford.

## HIS THIRD TRIP

Grand Forks Man Sent to State  
Hospital by Fargo Au-  
thorities.

H. K. Woodward, a former resident of this city but of late residing at Fargo, has been ordered by the Cass county authorities committed to the state hospital for insane at Jamestown. Woodward has been committed twice before.

During the mad dog scare in Fargo several weeks ago someone gave Woodward a canine of doubtful pedigree. Woodward built a box out of heavy planks and shipped the dog by express collect to a friend in southern California. The expressage amounted to \$17.

Woodward's mania was not, however, the shipping out of the country of inexpensive dogs at expensive rates. He appeared to labor under the delusion that he was a man of great wealth and persisted in buying articles for which he could not afford to pay.

Canvassing Board in Session.  
The canvassing board is in session today for the purpose of canvassing the votes cast at the recent primary election. The board is composed of County Auditor Anderson, who is ex-officio chairman; Clerk of Court Spaulding, who is ex-officio secretary; Chairman Murphy of the board of county commissioners; Thomas Reagan, chairman of the democratic county central committee, and J. A. Caniff, chairman of the republican county central committee. There will not be any material change made in the results, though some apparent errors in the returns will be corrected.

## EAST SIDE

AN UNKNOWN MAN  
GROUND TO  
DEATHAt Hixon's Siding—The Body  
Brought to This  
City.

An unknown man was killed by the Duluth express on the Great Northern near Hixon's siding between Crookston and Fisher last night, the body being mangled in a horrible manner, the head and one arm remaining intact while the remainder of the body was strung along the track for a considerable distance.

The man was engaged in selling cheap jewelry and was seen by Chief Brown of this city who was in Crookston about an hour before the train left. At that time he was somewhat under the influence of liquor. He evidently attempted to ride on the rear of the tender or the front of the bill baggage and fell between the tender and first coach. The fireman saw him standing on the opposite side of the train from the depot at Crookston, and the conductor did not see him inside the coach.

Dr. Gilbert and a few others were sitting on the rear platform of the observation car when they noticed a hat rolling between the rails and later the fragments of the body. The train was stopped and what could be found was gathered up and placed in charge of Chief Brown who notified Undertaker Sullivan.

Deputy Coroner H. H. Chesterman of Crookston arrived in the city this morning and began an examination. He found \$1.87 in money on the body, all in dimes, nickels and pennies. Other than this there was nothing to indicate who he was. A design considerably blurred and indistinct was found on one arm, which has the appearance of a tomb stone and weeping willow, with probably a sailor in the back ground.

Near the body was found a small photo of Miss Edith Glicker, who works in the Great Northern restaurant at Crookston, but when interrogated over the photo she could not recall the man and thought he has procured the photo from some one else, which is rather probable, as several of them had been left in the dining room of the restaurant. She will arrive this evening for the purpose of identifying the body if possible.

He was a man probably fifty years of age, had a medium length sandy beard and probably weighed about 160 pounds. The body is being held for further developments.

## Out of Quarantine.

Harry McNicol, the genial N. P. agent is at his post again after a quarantine lasting three weeks on account of scarlet fever. The reason the family are not yet out and Harry is camping in the back yard. Little Geraldine who has had a rather severe attack of the malady, while not entirely recovered, is out of danger. She proved herself quite a little heroine during the trying ordeal and never murmured.

The Equalizing Board.  
The final meeting of the board of equalization will be held tomorrow evening at 7 o'clock. The vacation of the office of alderman by Borchers who is a member of the board somewhat complicates matters, though there will be a quorum without him.

Mrs. Davies Sick.  
Mrs. N. S. Davies of Crookston is sick and her sister, Miss Bertha Quigley of Detroit will probably spend some time with her, in which event Miss Quigley's place in the Detroit postoffice will be filled by Miss Lucy McNicol.

## Off on Trip.

Thomas Powers left today for Chipewa Falls where he will visit for a week. He took the three little boys down there to spend the summer with friends in the country.

## Will Soon Move.

The Northern Pacific freight depot will soon be completed and the freight will be moved into the new building as soon as possible, so that the track laying in the yards can be commenced.

## Fingers Smashed.

Lem Turner, a drayman for Sorenson, got his fingers badly smashed this morning by having them caught between two heavy timbers which he was unloading.

## Visiting Friends.

Miss Mae Lee, a charming and accomplished young lady of Thief River Falls, is the guest of friends in the city for a few days.

Left for St. Paul.  
Miss Fannie Becket left today for an extended visit with friends at points near St. Paul.

Council Adjourned.  
The city council merely met and adjourned last night, no business being transacted.

While enjoying an evening stroll, don't forget that F. J. Cummings, 220 Demers Ave., East Side, makes a specialty of ice cream Sundays. Fine Ice Cream Parlors. ## BOYS IN CAMP

"Puk Wudjies" Hie Them-  
selves to Maple Lake for a  
Ten Days' Outing.

Fourteen Puk Wudjies, with their chief medicine mixer (cook) and club wiper, will dance the "hi ki" on the shores of Maple lake for ten days, beginning with and dating from today.

Henry, the medicine man, club wiper E. A. Fitzgerald and one or two of the braves are already on the ground. But the main force of "Wudjies," fourteen in all, hied themselves lakeward this morning. A camp has been established on a suitable point on the lake shore and a genuine good time is anticipated.

Following is a list of those in camp: Arthur Nichol, Wellmar Elton, John Dinnie, Jr., Ralph Johnson, Willie Flynn, Stanley Lovell, Horace Webster, Chester Opsahl, Earl Smith, Frank Buckingham, Donald Stanchfield (and dog), Henry, the cook, and E. A. Fitzgerald. The camp site was located by H. O. Eaman, boys' secretary.

EDUCATORS TO EXHIBIT.  
Special Classification for School Exhibits—It Will Be an Interesting Feature.

A feature of the state fair in Fargo, July 23-25, will be educational work from schools and colleges, classified in the premium list as division K, class 77, educational work. Ten lots in the class will be open to all schools, colleges and individuals in the state and entries may be made in any one of the lots.

In order that teachers and scholars can go to work on whatever exhibit may be arranged or contemplated, and get them in order before the closing of the schools for the summer vacation, Secretary Wilson has notified teachers by circular in advance of the premium list, which is still in the hands of the printers but will be ready for distribution in a very short time. There is plenty of scope for pupils of all grades, and it is to be hoped that the teachers will arouse enthusiasm and make the exhibit as full as possible—certainly it can be made one of distinctive interest besides giving impetus to effort, to give prominence to the public schools, and developing individual talents among the children.

Work on buildings is far advanced—all structures being now closed in; no more delays can be caused by the weather. The premium list is ready for distribution.

Building Permit.  
A building permit was issued today to A. R. Erwin for the construction of a residence on Walnut street in Traill's addition.

TWO CHURCHES IN ONE YARD.  
London, June 26.—The Rev. R. T. Sauls, vicar of Moulsham, has accepted the living of Willingale Dose, Essex. He will be in the unusual position of having under his charge two churches standing in one churchyard. This state of affairs was brought about by a quarrel between two sisters, who each presented the parish with a church.
