CUBA WANTS
NO TUTOR, SAYS
JOSE M. GOMEZWell Known Cuban in a Published
Interview Makes Some In-
teresting StatementsNEW REPUBLIC
WILL BE STABLEAttitude of the United States Dis-
cussed—General Gomez a
Candidate for President

Associated Press Cable to The Evening Times.

Havana, April 19.—Gen. Jose Miguel Gomez, who is a candidate for the presidency of Cuba, in a published interview said that the re-established republic will not fall again. He said: "It will be different from the first experiment, in that law will be respected and upheld with an iron hand. Compliance is a good thing, but not when it is misdirected. The sort of a republic the liberals will maintain, will not fall. We will respect law. The elections will be honest. I think the Cubans unaltered possess full ability to maintain this republic to which we look forward. We desire no strengthening of the Platt amendment such as the conservatives request and unless the Americans fall short in their promises, the republic will be re-established on the same lines as first. Cuba wants no protectorate. What is intended by word has not been defined but clearly the result would be tutelage. Cuba does not need a tutor."

RATHER UNIQUE
RELATIONSHIPBy Marriage of Minnesota
Couple An Unusual Com-
plication Ensues.

St. Cloud, Minn., April 19.—The marriage of Mrs. Sarah Bell and William Laughton, which occurred at Clearwater yesterday, completes a rather unique complication of relationships between the two families.

Nearly twenty-five years ago the eldest daughter of Mrs. Bell married Verner Laughton, now proprietor of the Clearwater meat market, and five or six years later his brother, Joseph Laughton, married Mrs. Bell's third daughter. It now transpires that after many years the two elder Laughtons become son-in-law of their young brother William, and living on Mrs. Laughton's whose first husband was a veteran of the civil war, secures a double claim upon her son-in-law by annexing them as brothers-in-law as well.

on Record in Police Annals

Associated Press to The Evening Times.
Middletown, N. Y., April 19.—Charles Henry Rogers, alias Charles H. Carpenter, who was arrested last week at Los Angeles, Cal., will be returned here to stand trial for one of the most fiendish crimes ever committed in New York state. The local authorities believe they have sufficient evidence to hold him for the murder of Wilks Olney, Frederick Olney and Alice Ingerlick, who were murdered in their home near here on the night of Oct. 6, 1905.

The crime aroused the whole of Orange county. Many clues were followed, but none led to anything conclusive. Investigation by the police made it certain that the triple murder was planned with a fiendish, diabolical ingenuity that precluded mistakes or possible detection. It is still unknown whether robbery or revenge, or both, was the motive for the triple murders.

Frederick and Willis Olney, who were prosperous farmers, were shot
