THE ITCH FIEND.

That is salt rheum or eczema—one of the many outward manifestations of scrofula.

It comes in itching, burning, oozing, drying and scaling patches, on the face, hands, head, legs or body, and the itching is commonly worst at night.

It cannot be cured by outward applications—the blood must be rid of the impurity to which it is due. Hood's Sarsaparilla and Pills have cured the most persistent and difficult cases.

Mrs. H. S. Anspaugh, 2208 Market St. Logansport, Ind., says: "I had eczema in its worst form. Hood's Sarsaparilla cured me."

Accept no substitute for Hood's Sarsaparilla and Pills, for no substitutes act like them.

PINGREE.

Mrs. Jarvis was doing shopping in Jamestown today.

Several of our young men and one of the older class made a trip to Kensal last week.

We have had the pleasure of seeing an automobile on our streets. The driver took several out for a short ride. It was conducted by Dick Mares of Wheatland. He was here visiting his sister, Mrs. O. Boyd. His wife accompanied him here. They have returned home.

We had the pleasure of receiving a chromo in the way of a good shower of rain Monday last which made the tillers of the soil smile largely.

We understand that the elevator here is going to be placed upon a stone foundation and several other repairs made.

WANT ARMY CONTRACTS.

Hill-Harriman Contest Transferred to Washington.

Washington, May 20.—The fight for the army transportation of the Pacific has been transferred again to Washington. The Hill and Harriman interests are preparing to fight out their battles before Secretary Root.

When the bids for the transportation of Philippine supplies were opened in the West a few days ago it was found that they were alike in many particulars, although Mr. Hill underbid Mr. Harriman on fares for commissioned men. This is just the business which Harriman wants. Much of the freight must of necessity go from Seattle.

Mr. Harriman declared in San Francisco that the fight for the Golden Gate City would be kept up in Washington. It is believed here that despite every effort the Southern lines can make the Northern lines will get a fair division of the business.

SUGGESTED BY THE COURT.

Receiver to Be Appointed for Bay State Gas Company.

Wilmington, Del., May 20.—Judge Dallas of the United States court for the Eastern district of Pennsylvania has suggested that a receiver be appointed for the Bay State Gas company of Delaware. The appointment will be made in Philadelphia on May 26.

This order is the result of an action brought several years ago by Jacob Edwards of New York and others, who asked among other things the appointment of a receiver. There were hearings in this city and Philadelphia, and testimony was also taken in New York and Boston, various interests being involved. A supplement bill of complaint was filed on April 25 of this year and it was on the strength of this bill that Judge Dallas issued the order.

None of the officials of the Bay State Gas company of Delaware are in Wilmington and their wishes as to the selection of the receiver are not known. United States Senator J. Frank Allee is president of the company.

SALOONKEEPERS ARE LIABLE.

Wives Can Recover Damages for Habitual Intoxication.

Des Moines, May 20.—The supreme court has declared the old 1862 law still in force which makes saloonkeepers liable in a civil action to wives whose husbands have been ruined by the drink habit. The court, in deciding the case of the Adel league against Claude Ehnke, a saloonkeeper of Pottawattomie county, says:

"A condition of habitual intoxication does not continue without such continuance being caused or contributed to by further sales of liquor, and if the only reason why the plaintiff's husband did not furnish her support was a condition of habitual intoxication then the plaintiff may recover damages resulting from the continuance of this condition by reason of defendant's act."

The court also holds that injury to the wife as result of threats of bodily injury by a drunken husband may be taken into consideration in assessing said damages.

SEVEN THOUSAND OUT.

No Change in the Strike Situation at Denver.

Denver, May 20.—No change has taken place in the strike situation here. Boycotted houses in various lines are resuming business with non-union forces as rapidly as possible, but labor leaders assert that there are no less than 7,000 members of unions still out. The state board of arbitration has been blocked in its efforts to bring about arbitration by the employers' alliance, but committees from the printing trades and business interests have undertaken to mediate between the labor executive committee and the alliance.

NAVY YARD OFFICIALS WORRIED.

Efforts Being Made to Get Employees into Labor Unions.

New York, May 20.—The officials at the Brooklyn navy yard are somewhat apprehensive of trouble on account of information received by them that a determined effort is being made to get every workman in the yard into a labor union. For the last month the unions have caused almost constant annoyance to the heads of the various departments, but have not been successful in tying up any of them completely. It is believed that the union men are attempting to get all the workmen in the yard into their organization in order that a demand may be made for a recognition of the unions.

SEVERAL CLASHES OCCUR.

Police Called Upon to Suppress Striking Italians.

New York, May 20.—Clashes between police and striking Italians took place at several points along the line of the subway during the day. The bluecoats on picket duty along the trench and the reserves at the station-houses were called upon to suppress a dozen fights caused by the attempts of the striking excavators to intimidate their countrymen who tried to return to work.

The strikers were out as usual at daybreak in squads of five to pick up workmen as they left their homes. When the men got past them they found another set of pickets awaiting them in the side streets just off the subway route.

The second line of pickets, finding they could not turn the men back, set upon them. They confined their efforts strictly to workmen of their own nationality.

At Seventy-second street and Columbus avenue a young Italian was set upon by a crowd of ten strikers. Merchants, messenger boys and laborers passing at the time went to the aid of the assistance and a general melee was in progress when the police arrived.

SURROUNDED BY FANATICS.

Lieutenant of Constabulary and Several Men Killed.

Manila, May 20.—Lieutenant Walker of the constabulary, who was reported missing after the recent fighting in the island of Cebu, was killed by a superior force of fanatics, which surrounded the lieutenant's party. Two privates of the constabulary were also killed and three were captured. Two of these prisoners were murdered. One of them escaped.

The situation in some of the districts of Cebu is regarded as serious. It is reported that the total of the bands of insurgents in the field exceeds 1,500.
