HELP IS SCARCE FOR POLK FARMS

County Agent Bond Has Many Plans For Relieving Shortage This Spring

Crookston, Minn., March 31.—Although the demand for farm hands and laborers has not become insistent at the present time, County Agent Bond states that he is unable to fill all calls for laborers. During the past week he received twenty-six calls for help and has sent out six laborers. This condition will be somewhat remedied, however, when the men begin to return from their winter work in the woods.

An endeavor is being made by the farm bureau office this year to obtain farm boys from more thickly settled districts where they are not needed and get them out on the farms here. They prove to be more efficient help than the floating element and usually remain with the farmer during the entire season. The average wage paid is about \$45 per month. This wage scale also exists in North Dakota.

In many of the districts in the United States profit sharing, co-partnership arrangements, bonuses, favorable leases and various other devices are being tried to keep good men on the farms. It is thought possible that one of these plans may be tried in this district within the near future.

Your Eyes Do More Than Earn Your Living

They are your greatest source of comfort, of inspiration, of happiness. Without them—and their marvelous functions of sight—man loses his most precious physical possession.

ENLARGEMENT OF DITCH 21 TO BE TALKED AT WARREN

Crookston, Minn., March 31.—A hearing for the proposed widening and deepening of Ditch 21 in Beltrami and Marshall counties, Thief River and Thief Lake will be held tomorrow before Judge Grindland at Warren.

Owing to the flood in that vicinity last summer, efforts are being made at the present time to provide adequate drainage for that district by widening and deepening the ditch, lakes and rivers. There will be considerable opposition to this move, however, as the taxes for the cost of this work, which is estimated at \$1,300,000, will be directed against the land in the townships through which the ditches run. It will also mean that these rivers and ditches will empty all their waters into the Red Lake river, which flows through this city.

PALACE HOTEL AT CROOKSTON HAS MINIATURE FIRE

Crookston, Minn., March 31.—A small blaze starting in the kitchen of the Palace hotel this morning at 4 o'clock was quickly extinguished by the efficiency of the workers of the Crookston fire department.

There was some damage done, however, to the floors of the kitchen and some little damage by smoke. It appears that the fire started underneath the kitchen range.

All guests in the house had been aroused and warned to be ready to leave their rooms at once. However, the fire was under control by the time the guests began to assemble and they were allowed to return to their rooms almost immediately.

Owing to the damage to the kitchen and the water in the dining room, it was impossible to serve meals today but this service will be resumed again within a day or two.

ILLINOIS PASTOR CALLED TO INKSTER

Inkster, N. D., March 31.—At meetings of the Presbyterian congregation, both here and at Elkmount last Sunday it was decided to issue a call to Rev. E. A. Arnfield of Clayton, Ill., to come north and assume the pastorate of the two churches.

Rev. Arnfield preached two sermons here on March 14 and made a decidedly good impression. The church here has had no regular pastor since the departure of Rev. W. H. Evans last fall.

PEOPLE TO GET BONUS BONDS.—St. Paul, Minn., March 30.—The people of Minnesota will be given an opportunity next month to subscribe to the state's five per cent soldiers' bonus bonds. It was decided today by the bonus board, present funds will be exhausted by May 1, the board estimated, and State Auditor Preus is working out a plan for popular subscription to the next issue of the \$20,000,000 authorized total. Payments to date total about \$2,000,000.

Prize Winning Essay Shows Advantages of Army Service

J. C. Madel, a member of the senior class of the Cathedral high school of Sioux Falls, S. D., is the winner of the highest prize in the army recruiting essay contest. It is announced by Lt. Col. T. J. Rogers, district recruiting officer.

His essay which won the prize is as follows: "The Army. THE ADVANTAGES OF AN ENLISTMENT IN THE UNITED STATES ARMY."

"Let all the ends thou aim'st at be thy country's, Thy God's, and truth's; then if thou fail'st, O Cromwell! Thou fall'st a blessed martyr!"

Shakespeare. During his recent visit at Sioux Falls, Ex-President Taft said, "God gives country for freedom." The purpose of government then, is to secure the happiness and prosperity of the people. To secure these, the individual must fulfill certain obligations the highest of which is Patriotism. Exemplified by service in the army. The government is just as strong as its army, and patriotic service confers upon man the highest honor, for Loyalty to the Flag is ideal Americanism. The army offers wonderful physical, intellectual and moral benefits. Out door life, physical exercise, wholesome food and service to the acquisition of a fine, healthy body.

As a vocation, the army offers brilliant opportunities. Every field of human endeavor is covered by the fourteen branches of the service. These demand superior skill and scholarship.

Young Players Scored Big Hit Tuesday Night

A most successful concert was given Tuesday night at the membership dinner held by the Grand Forks Commercial club by the Grand Forks high school orchestra under the direction of E. A. Moses.

The young musicians were of a high quality which reflects great credit on Director E. A. Moses. Features of the program were violin and flute solos by Aaron Papermaster and Jarcho Miller, respectively, and two readings by Miss Mildred Lehman. Harry Turner also did good work in the solo part of the orchestra number, "Silent Trombone."

Besides the orchestra program there were several other features. W. P. Davies presided at the dinner, and talks were given by Mayor H. M. Wheeler, Dr. G. M. Williamson, Tracy R. Baugh, H. E. Dooley of Williston, and C. L. Dawson of Beach, state commander of the American Legion.

Polk Livestock Man Meet To Discuss New Industrial Building

Crookston, Minn., March 31.—The board of directors of the Red River Valley Live Stock association will meet this evening at the club rooms of the Crookston Association of Public Affairs. Among the things to be discussed are the plans for the new industrial building to be erected this spring, the back of the Sima garage, and the reading of various reports.

Following the business session a social session in honor of W. V. Gossett, and to whom it will be in the nature of a surprise, will be given at the Grill restaurant. Mr. Gossett, secretary of this association and connected with the animal husbandry department at the state school of agriculture, has resigned his position here and is leaving for Peoria, Ill., where he has accepted the secretaryship of the State Duroc Jersey association.

WILL DISCUSS PEAT AS FUEL

Thief River People Hear Lecture On This Vast But Undeveloped Resource

Thief River Falls, Minn., March 31.—Professor Peter Christanson of the School of Mines of the University of Minnesota and president of the American Peat society, will give an illustrated lecture at the Commercial club rooms here on April 1, his subject being "The Peat Lands of Minnesota." Considerable interest has been aroused in this community of late relative to the development of the extensive peat fields of northern Minnesota. The high price of coal has led to a consideration of peat fires and it is known that the peat fields of this state are equal in value to any in the world.

Some time ago congress appropriated \$250,000 for experimentation along this line and representatives were sent to the various countries of Europe and especially to Ireland where peat has been burned for hundreds of years, to study the methods of preparing the peat. The American Peat society was formed at that time and has done considerable experimentation work in this state. The peat as it exists here has also been found to contain very high fertilizing value.

The lecture on April 1 is intended as a means of arousing interest in the community as well as a means of acquiring information on the handling of the peat. A large attendance of Thief River people is expected at the lecture.

GIRLS AT VASSAR COOK BREAKFAST

Poughkeepsie, N. Y., March 31.—"College girls are no domestic," is the statement which Vassar wishes to disprove. A cooking class has been started under the guidance of Mrs. Inner, wife of Prof. Inner, that Vassar girls may learn cooking as well as invertebrate zoology and American philosophy.

In a spic and span kitchen in the basement of Assembly hall the girls may be seen at work, white capped and aproned, each at her separate little stove and with her own pots, pans and dishes.

The result of the first lesson was a delicate breakfast. Marketing with Mrs. Inner on Saturday morning is another part of the scheme. Some day the class will be such a past master of culinary art that they will be able to turn out at ease a complete dinner menu, from oyster cocktails to demitasse.

New York Song Hit.

One of the greatest musical successes of the country, "SWEET HAWAIIAN MOONLIGHT" is the only truly Hawaiian melody ever written by an American, and is extremely popular in all the large musical centers. This immensely popular number is by the writers of "WEEPING WILLOW LANE," another decided success. The following is a part of the chorus clipped from a copy just received.

One of the unusual features of this song is its originality. It is one of those melodies, once heard is never forgotten. It is harmonious in its extreme and, when heard, its immense popularity is easily understood, for it is whistled, hummed and sung everywhere. This song is splendidly recorded, for all phonographs and player pianos. Adv.

STATE COMMANDER TO BOOST MEMBERSHIP IN AMERICAN LEGION

C. L. Dawson, state commander of the American Legion, left this morning for Larimore and Devils Lake, after spending Tuesday in Grand Forks.

"We want every former service man in the state of North Dakota to be a member of the legion," said Mr. Dawson last night in speaking of his trip, which is largely for the purpose of assisting the local posts in extending their membership. "There is no reason why any honorably discharged service man should not join the American Legion, and every reason why he should. This is the condition which we wish to bring home to the North Dakota soldiers and sailors."

Well Known Crookston Woman Died Monday

Crookston, Minn., March 31.—Mrs. Tomasine Myklebust of this city died last evening at the home of her son, Olaf Myklebust, 1002 Stearns avenue. A complication of diseases was the cause of her death. Mrs. Myklebust was about 60 years of age, coming to this city about twenty years ago upon her arrival in America from Norway. Mrs. Myklebust leaves to mourn her loss a son and daughter-in-law, Mr. and Mrs. O. Myklebust, and two brothers, Ole Fylling and John Fylling, both of this city.

Funeral services will be held Thursday afternoon at 2 o'clock from the Stenshoel undertaking parlors and from the Norwegian Lutheran church at 2:30. Rev. Moen reading the service.

BULL DRIVES GIRLS INTO ICY WATER

Jamesburg, N. J., March 31.—A mixture of yellow and red in the latest Brooklyn spring styles, as exemplified by Miss Maude Goldberg of 98 Hart street, and Mrs. Harry Cohen of 130 Hooper street, Brooklyn, resulted in a thrilling experience.

Arrayed in a bright red sweater, Mrs. Cohen invited her friend, Miss

Goldberg, to walk across a pond. They had progressed about a mile when the wind blew hard and the water became very cold. The girls, hearing the cry of the young women, came to their aid, drove the bull away and pulled the women to safety. Both suffered from shock and exposure and are staying at the Shostak sanatorium for a few days' rest.

Why the Public Should Help The Salvation Army in the Missionary Work Among the Heathen

Because:—

1. The purely missionary work of The Salvation Army is carried forward in many thousands of centres in heathen lands, over 2,300 of which are in India alone.
2. These corps and outposts are all located among the most needy of the world's population.
3. This missionary enterprise has marked The Salvation Army from its inception and it is growing with amazing rapidity.
4. The Salvation Army shows an aggressiveness in this missionary field beyond all proportions when measured by common standards.
5. It gives help, irrespective of creed or nationality.
6. Its medical missionaries are doing excellent overseas work.
7. It befriended the criminal classes without disparaging them.
8. It finds employment for the workless.
9. Its officers visit the poorest of the poor and give relief.
10. Its nurses visit the sick poor in their hour of need.
11. Many thousands of homeless men, women and children are sheltered in its numerous homes.
12. In its orphanages many fatherless and motherless children are lovingly cared for.
13. It trains hundreds of missionary officers every year.
14. It can make a dollar go further than any other agency.
15. The heathen, the blind and the hale of heathen lands are specially cared for in its Homes and Colonies.
16. It gives legal advice without charge to those in need of such assistance.
17. Thousands of the average and most depraved of men and women are won by its officers every year.
18. Hundreds of thousands of bright services are held for the people in its specially equipped Army Halls.
19. It makes for individual and national righteousness today and last and all the time.
20. It is the champion of the weak, the defender of the oppressed, the vindicator of the wronged, the savior of the lost.
