NEW YORK.

New York, July 28.—Dealings dur-ing the morning session of the stock ing the morning session of the stock market were less by half than those of the previous session, but the tendency, except for leather issues, was mainly upward after the first brief period of uncertainty. United States Steel made full recovery and the olls, motors and associated specialties were run up sharply at the expense of the short interest. Among the reassuring features was the declaration of the regular Delaware & Hudson dividend concerning which there had been some misgivings. Further encouragement was found in the eight per cent opening rate for call loans. Losses and gains were about equally distributed at the hestiant opening of today's stock market. Sentiment was more cheerful, however, yesterday's late decline in the rate for call money offering hope of further call money offering hope of further ease. Features at the outset included Crucible Steel, Studebaker and Central Leather, at recessions of one to two points, and American Woolen, Vanadium Steel and Houston Oil at

advances of liberal fractions to a full point. United States Steel was unquoted at the outset, finally opening at a loss of nearly one point. Preliminary quotations for exchange on London were lower. LIBERTY BONDS.

over yesterday's finish.

Oats sympathized with the strength
of other grain. The market opened
1-8 to 2'1-8 higher, September 69 1-8
to 70, hardened a little more and
then tended to sag.

Cation.

10.00—Large double house, all modern with full basements, and hardwood floors in fine location and on easy terms.

W. H. Kelsey

MONUMENTAL WORKS
