Don't Slave Over a Hot Stove

Have More Time For Yourself

Many women find their hours so completely occupied by their domestic duties, they have no time for "play."

And no wonder! In many homes the cooking is still being done on a wasteful, dirty, smoky stove. If there is anything that burns up more time, as well as fuel, we don't know of it! Cook stoves, of the old work-making type, are relics of primitive, pioneer days.

**Install a
Cabinet Gas Range**

Nothing else like them for convenience and general satisfaction. All modern homes are equipped with them, and up-to-date housewives insist upon cooking with gas—the clean cool fuel.

How Old Are You? No Matter! Play Billiards!

No matter how many years you have tarried on earth, you are still young if you like to PLAY. And PLAYING helps to keep that young feeling and youthful outlook in men who are of mature years. Many of the GREAT men of the world—authors, senators, lawyers, prime ministers—find in BILLIARDS a most joyous relaxation and recreation. Make the Wilde Billiard Parlors your "club". Make this a regular meeting place for yourself and friends. You will find just the right atmosphere here to make your evenings enjoyable.
