## TRACK MEN TO COMPETE

Interclass Track Meet at University to be Held Tomorrow at 2:30.

After a strenuous two weeks of continual practice the track men of the university are in fine shape for the meet to be held tomorrow at 2:30. Previous to the track practice the candidates are kept in form by work in the gym, and are therefore in the pink of conditions for the contests to follow. All in all the prospects for a good showing at the meet, with the hope of a few records being broken are fine.

Sullivan, in the mile and the half mile, has been making excellent time in the tryouts, and expects to set new records in both events. Martin, who made a record in pole vaulting last fall of 11 feet 3 inches, expects to beat his own record tomorrow. Several other of the men have also been doing exceptional work.

The purpose of the class meet is to create interest in track training among the students, and to line up material for the intercollegiate meet to be held later. This year the final meet will be held May 21 at the varsity field.

## FROM COLLEGE TO MAJOR BALL UNIQUE RECORD

J. Riggs Stephenson, Second Baseman for Cleveland Americans Holds Record

Cleveland, May 13.—From the college campus direct to the major leagues without previously having seen a professional ball diamond is the unique record of J. Riggs Stephenson, second baseman, with the world's champion Cleveland Americans.

Stephenson probably is attracting as much attention as any player in the big leagues. His play around the Keystone sack equals that of a veteran. He made his first game with the Indians he made 15 hits out of 26 times at bat, an average of .577, and accepted 28 fielding chances perfectly.

When Bill Wambegans, unassisted triple play hero of the world series last October, sustained a fractured arm during the trip north from the spring training camp at Dallas, Manager Tris Speaker filled the gap with Harry Lunte, utility infielder. A few days later Lunte wrenched his ankle and Speaker found himself without a second baseman.

Stephenson, signed with the Indians last spring, was attending the University of Alabama. He was to have joined the team when he finished studies in June. Speaker explained the circumstances to the university officials and his request that Stephenson be excused until May was granted.

## KRAFT TRYING TO RETURN TO MAJOR LEAGUE

Attempts Home Run Route; Gets Seventh Before Either Ruth or Kelley.

Fort Worth, Texas, May 13.—Down in what high school star of the major baseball leagues term "the bushes," a discarded big leaguer is making a valiant effort to prove that ball players do not have to be glib. Babe Ruth and George Kelly, a real race for national home run hitting honors.

Kraft, first baseman of the Fort Worth club of the Texas league, is the player who is trying to drive his way back to the major leagues. He smashed out his seventh homer of the season—four days before Kelly made his seventh and before Ruth had knocked out his sixth.

Kraft tried to get the Boston Red Sox and Brooklyn National league club in 1914 and sent to Newark. Even there he was not considered good enough to stick. But now, in the Texas league, this "discarded" player is making his way back to the majors and bids fair to literally smash his way into another tryout.

Over the years which may prove dangerous before the season opens, the baseball player who enters into some other sport between seasons, according to Kraft.

The home run which he played basketball early in his diamond career, warned beginners against over-training.

Sports player who engages in other work between seasons is liable to overtrain much the same as a prize-fighter and he will suffer the same effect. Kraft said. "A little basketball playing, or some other exercise, is good to work off surplus flesh and put a baseball player into condition just before the opening of the spring training season, but it should not be overdone."

"Baseball players should not play a complete series of basketball games or follow his summer's work with some other sport throughout the winter season. The effort will be during the progress of the next baseball season; for the player's muscles will begin to overdeveloped that they will begin to suffer as a result."

Kraft first began his professional baseball career with the Boston Red Sox in 1914. He was "farmed out" to the Newark club of the International league and remained with that team until 1915. He then went to the Louisville and Milwaukee clubs of the American association. In 1917 he came to Fort Worth and has played here since.

It was in 1914 and 1915 that Kraft was active in basketball. He played in a Y. M. C. A. team at Evansville, Indiana, and coached a high school team in Chicago. He also played semi-professional basketball in Michigan.

## MRS. KAUFF ON STAND IN AUTO STEALING CASE

New York, May 12.—Mrs. Benny Kauff, wife of the suspended outfielder of the New York Giants on trial here charged with stealing an automobile, testified in her husband's behalf today.

On the night Kauff sold the car in question, she said, she and Miss Sadie Levy dined with her husband and then he left them at an uptown store, saying he had business to transact. Returning in a half an hour, Kauff informed them he had disposed of the machine and they returned to their hotel where Mrs. Kauff said her husband immediately turned over the proceeds of the sale to her.

James Barnes, pitcher for the Giants, told the jury that he and Kauff failed in the automobile accessory business here, and had to borrow from the baseball club to pay their debts when the trial here charged with stealing an automobile, testified in her husband's behalf today.

Kauff again went on the stand, repeating that he was innocent and had not known the car he sold had been stolen.

## CHICAGO

CHICAGO GRAIN. Chicago, May 13.—Wheat prices developed strength today after a decline at the start. Predictions of frost to night west and northwest gave an advantage to the bulls, and so too did a renewal of crop damage reports from the southwest. Prices set back were ascribed to lack of buying orders in the temporary absence of any immediate fresh incentive. Opening quotations, which ranged from 1.41 to 2.14 lower with May 1.41 to 1.43 3/4 and July 1.14 to 1.14 3/4, are followed by a sharp upturn which carried the July delivery to well above yesterday's finish.

Corn reflected the changes in wheat. After opening unchanged to 1-4 to 3-8 cent lower, including July at 62-3-4, the market scored slight general gains.

Oats were governed chiefly by the action of other cereals, starting 1-4 to 3-8 cent off to 3-8 cent up, July 39-1-4, and later hardening up all around.

Steadiness in hog values tended to uphold provisions. Subsequently owing to profit taking sales and to rain at some points in Oklahoma, best prices were not maintained. The close was unsettled at the same as yesterday's finish to 3-4 advance, with May 1.41 to 1.41 3/4 and July 1.16 to 1.16 3/4.

May corn showed relatively more strength than July. The close was unsettled at 1-8 to 1-4 to 3-4 cent net advance with July 62-1-4.

The rebound made further progress at midday under guidance of independent steels, motors, leathers and utilities. Crucible, Republic, Republic, Vanadium, Studebaker, Willys-Overland, preferred, Central, Wagon, Hide and Leather, preferred, Peoples Gas and International Paper were higher by 1 to 3 points.

Virtually all of the advance was cancelled in the last hour. Oils, motors and specialties, notably Sumatra Tobacco, showed extreme declines of 2 to 7 points. The closing was heavy. Sales approximately 500,000 shares.
