THE LEADER LEADS.

STATEMENT of the amount of Advertising reported to the U. S. INTERNAL REVENUE by the LEADER, Plain Dealer and Herald from the first day of July, 1865, to the first day of April, 1866, making nine months.

For Quarter ending	*Plain Dealer.	Herald.	Leader.
Oct. 1, 1865	$2,188	$3,054	$5,075
Jan. 1, 1866	2,947	4,751	8,008
April 1, 1866	3,631	5,078	8,790
	$8,686	$12,883	$21,973
Herald and Plain Dealer combined			$21,572

Advertisements in LEADER exceed Herald and Plain Dealer combined $2161

I hereby certify that the above is a correct statement of the amount of advertising reported under oath to this office by the above newspapers for nine months, ending April 1st 1866.

JOHN K. HURLBUT,

Dated Cleveland, April 21, '66. U. S. Assessor.

The Campaign of Pigeon Hill.

Three times and out! The third and last Fenian invasion is over. It has proved a more ridiculous fiasco than the Fort Erie campaign or the Campo bello fizzle. The invasion of the township of St Armand in Lower Canada, and the occupation of the four corners known by the title of Slab City and the eminence dignified by the euphoneous name of Pigeon Hill, is a fit sequel to O'Neil's insane foray into Upper Canada and Killian's ridiculous expedition against New Brunswick.

Had the Fenians shown as much address as they have enthusiasm the movement against Lower Canada might have been made a serious affair. It is estimated that Sweeny had, scattered along the border from Potsdam Junction and Malone to St. Albans, from ten to fifteen thousand men. Had these men, instead of being scattered along a frontier forty miles, been concentrated at one point, had the reinforcements which have for a fortnight filled every northward bound train been forwarded before a blow had been struck, and had the movement been made at the time that O'Neil captured Fort Erie, the demonstration would have assumed far different proportions. Instead of this, Sweeny dispersed his army in bands, without *morale* or discipline along the frontiers Instead of striking promptly, he waited, when to wait was ruin—waited until Canada was fully roused, until British troops had concentrated against him to the number of twice his own army, until the American government was forced to take cognizance of his movement, until the President had issued his proclamation, until Meade had arrived on the frontier, until his ammunition and muskets had been seized by the government, until all his reinforcements had been cut off, until he himself had been arrested, until his men, discouraged, disgusted, leaderless, were scattering off homeward. At this moment, when possible success has been transformed into inevitable failure, a few hundred of his men march two or three miles across the line, scare away a score of Canadian volunteers, occupy the hamlets of Slab City and Pigeon Hill, and then scamper back again to the protecting ægis of the United States. Is this farcical affair a serious movement, or is there a swindle at the bottom of it? It certainly looks to us very much as though the whole demonstration had been arranged by its leaders simply to dupe the Fenians, and to afford a pretext for the disappearance of the funds, just as a villain sometimes burns down his store or house or office to cover fraud. It certainly looks as though all this delay were intentional, and as though Sweeny meant to be arrested and have his announced purposes thwarted. Had such been his deliberate intention he could not have managed better to carry it out.

The scene of Sweeny's invasion is the county of Missisiquoi, Lower Canada, nearly opposite St. Albans. In the immediate vicinity of the latter place, between it and the border, fourteen miles distant from it, there have been concentrated from two to five thousand Fenians, which constituted the "right wing" of their army, under Gen. Spear. Not over two or three hundred, however, were with that officer in his attack, the rest having become scattered and demoralized. This handful of men moved from Franklin, Vermont, two miles south of the border, on Friday, and occupied Frelighsburg, or Slab City, and Pigeon Hill, driving away a squad of Canadian troops. Here they remained inactive till the next day, waiting for supplies and re-inforcements, but, receiving none, they retreated to St. Albans, and Spear and staff surrendered to the United States authorities. The St. Albans Fenians are now scattering home as rapidly as possible, and all trouble in that quarter is over. At Malone there are still a number of Fenians, who may make some equally absurd demonstration; but it is not probable. For all practical purposes the Fenian invasion is over.

Habeas Corpus Suspended in Canada.

Our Canadian neighbors used, during the late war, to sneer at the people of the United States because we found it necessary, in the crisis of our great life-struggle, to suspend the operations of the writ of *habeas corpus*. Now, threatened as they have been by a disorganized mob of Fenians, they have done precisely the same thing. The Canadian Parliament met on Friday, and the bill suspending the writ was rushed through both its branches under a suspension of the rules and by a unanimous vote, and received the royal assent at four o'clock Friday afternoon. It is an adaptation of the bill passed by the English parliament in February last for the suspension of the *habeas corpus* act in Ireland. By its provisions, persons suspected of committing acts of hostility or of conspiring against Her Majesty's Government may be detained in safe custody, without bail, until the 8th of June 1867. The Bill also provides that the Governor may, by proclamation, suspend its operation at any time during the year and again put it in operation, if necessity arises. Commitments recognized by the Bill must be on oath, and by two magistrate or military officers; but if any commitment is not countersigned by the Clerk of the Executive Council within fourteen days, the Act is not to affect the case.

Attorney General Macdonald also gave notice of a bill applying to Lower Canada the bill passed in 1838 in upper Canada for the punishment of hostile marauders.

Hon. William S. Holman has been nominated for Congress by the Democrats of the Fourth Congressional District.

POLITICAL.

It is said that President Johnson's proclamation against the Fenians will cause a split in the conservative party in that State.

The call for Doolittle-Johnson a Convention in Wisconsin, on June 20th, is not sustained by a Republican paper in that State.

The New York *Tribune* says that in its exchange list of 1,000 Republican papers, it can remember the names of but ten that support the President.

The Republicans of the New Hampshire Legislature have nominated the following officers: Speaker, Hon. Austin F. Pike, of Franklin; Clerk, Charles B. Shackford, of Conway. Senate—President, Hon. Daniel Barnard, of Franklin; Clerk, Horace S. Cummins, of Exeter.

Representative John H. Farquhar, of the Fourth Indiana District, has declined a re-nomination to Congress. Personal considerations alone have prompted him so this course.

Colonel John M. Connell, of Lancaster, Ohio, a supporter of the President, has been appointed Assessor of the 12th District, in the place of Charles P. Shaffer, removed.

The Democratic nominee for Congress in the Cairo (Ill.) District will probably be Colonel J. M. Crebbs. Hon. J. H. Rice has withdrawn as a candidate for renomination in the 4th Maine District, and there is now no opposition to Hon. J. A. Peters.

General Comly Not a Candidate.

General Comly, of the Columbus *Journal*, whom the Sandusky *Register* put in nomination for Secretary of State, writes to that paper announcing that he is not a candidate and will not be. We regret this, as it would have given us pleasure to have supported him for nomination and election, but we applaud his determination to devote himself strictly to the field of journalism.

The Governor has approved the action of the Commissioners of the Sinking Fund, in accepting the highest bids offered for the State's interest in the Sandusky, Dayton & Cincinnati, and Sandusky, Mansfield & Newark Railroads, and the Hamilton, Springfield & Carthage, the Colerain, Brookville & Oxford, the Dayton & Western, and the Dayton & Covington Turnpikes. The first certificate of transfer of stock was issued to-day to G. W. Rogers, the purchaser of the last named stock.

The Tariff on Wool—Letter from Mr. Goodale.

CLEVELAND, June 9, 1866.

EDITORS LEADER: While commenting on my letter in your remarks to-day you state:

"It strikes us that the fallacy of Mr. Goodale's argument lies in the assumption that if the tariff on wool be increased that on woolen goods must be increased proportionably. This by no means follows."

I am sure you would not make this statement had you not lost sight of an agreement between the wool growers and manufacturers that they would go before the Congressional Committee with the request that whatever increased duty was placed on wool a proportionate increase should be made on woolen goods. This agreement was made between the manufacturers and growers and discussed at meetings held in different places at different times, Syracuse, New York and other places. The manufacturers very reluctantly consented to this, fearing that some disastrous changes would be effected. My only object at this time is to refer to the evident error you were laboring under, and I will, if agreeable to you, discuss this subject more fully at the first leisure opportunity.

S. W. GOODALE.

Wool.

The Medina Wool Growers Association held its semi-annual meeting at the fair grounds, in Medina, on the 5th inst. There were a goodly number of spectators present to witness the sheep shearing competition. The Association adopted the following resolutions:

1. That the practice of housing and graining stock sheep in summer is detrimental to their native vigor, enfeebles the constitution, causing many and various evils, and should be abandoned.

2. That the statement made by James M. Brown of Massillon, Ohio, at the Wool Buyers Convention recently held in the City of Cleveland, "that the wool growers of Medina county used cord enough in tying up their wool to tie up all the wool in Ohio," is untrue, false and slanderous.

3. That we we will cheerfully second all efforts, from whatever source they may emanate, to secure perfection in the perpetuation of our wool market, and that while somemay have justly been censured for their dishonest practice in the putting up of their wools, we believe that the majority of our wool growers are not liable to this censure.

5. That we will put up our wool in good condition, well washed, and then we will not submit to any shrinkage, except upon unwashed buck fleeces.

The Association witnessed a trial of Davis' Patent Sheep Shearer, and are perhaps satisfied with the results, which may be summed up as follows: One sheep, time thirty minutes, two men; sheep turned over to a hand shearer to trim; sheep badly shorn; sheep and wool badly cut, and the shearer severely if not mortally wounded, and turned over to the attending surgeon.

WASHINGTON TOPICS AND GOSSIP.

PERSONAL.

General Morgan, late Democratic candidate for Governor of Ohio, had an interview with the President to-day.

VOTE RECONSIDERED.

The vote passing the resolution to adjourn on the 28th inst. was reconsidered by the House this morning, and it was sent to the Ways and Means Committee.

HENRY STANBERRY'S NOMINATION.

It is understood that Henry Stanberry was appointed Associate Justice of the Supreme Court at the instance of James T. Brady and other legal gentlemen of like politics, who urged that it was due to the War Democrats that one of their number should be raised to the Supreme Bench. The Senate has not yet taken any action on the nomination.

THE PLANS OF THE PRESIDENT.

The measures of the Conservatives for controlling the coming elections in Ohio are being pushed with great vigor. The President, aided by high officials here and in that state, and by a large clique of subalterns, is using all the means in his power to accomplish the desired end. This information comes from well informed sources, and is true to the fullest extent indicated.

The Cleveland *Herald* says a subscriber writes it thus:

"I can go without my dinner, take a scant supper, enjoy a tolerable breakfast, and with the *Herald* daily I can manage to get along, as it makes bad coffee, heavy bread, saleratus biscuit and ancient beef steak relish well."

That subscriber manifests a knowledge of the eternal fitness of things when he classes together "scant suppers, bad coffee, heavy bread, ancient beef steaks and *Daily Heralds*." If this bill-of-fare were presented to us we should hesitate what to choose!—*Sandusky Register.*

A correspondent of *The Pall Mall Gazette* complains that the Prince of Wales is being talked of in society as being a little wanting in "princely courtesy;" that on the recent occasion of the Royal Academy, he exhibited impatience at the ceremonies, and a want of consideration for the eminent men by whom he was surrounded. What is really said in society is, that the speaking was mediocre and the Prince was bored. A hint was given to intending orators to be brief, which hint was received with particular disgust by the orator. At length the Prince could stand it no longer, but left abruptly when the list of toasts was concluded.

NORTHERN OHIO NEWS.

ASHTABULA COUNTY.

A correspondent writing from Orwell under a late date says:

"We have in this little borough, two churches, two hotels, four stores, three blacksmith shops, two wagon shops, one harness shop, two tailor shops, four millinery stores, besides cheese box factories, shingle machines, steam mills, etc. Although we are not incorporated and known abroad we have a good opinion of our town, and get up a show on fair day equal to any in the county. We had, recently, a mock trial of Jeff. Davis, and convicted him for high treason. We think some of trying "Andy" Johnson, as we have already condemned him in our hearts."

From the Conneaut *Reporter:*

On Monday afternoon a most distressing accident occured at Sweet's mill in Monroe township, which resulted in the death of Mr. Lucius Main. Mr. M. was employed in the mill as a laborer and at the time of the accident he was engaged in carrying boards from a circular saw when the end of a board caught in the saw dragging him against it. His right leg was severed just above the knee, and the left shattered and nearly torn off in the vicinity of the hip joint.

The Thirteenth Annual Exhibition of the Conneaut Agricultural Society will be held on Wednesday, Thursday and Friday, the 26th, 27th and 28th of September next.

A valuable horse belonging to N. B. Payne of this township was stolen from his pasture on Monday night, June 4th. A sulky and silver plated harness were also taken. Mr Payne offers one hundred dollars reward—fifty for the horse and fifty for the apprehension of the thief. The horse was a dark brown and about sixteen hands high.

The closing exhibition of the present term of the Kingsville Academy will be held on Friday of next week. As is the usual custom at the close of the Spring Term the exercises will take place in a grove not far distant from the village.

On Tuesday morning, about three o'clock, a building belonging to Esquire Woodworth, in Monroe township, occupied as a wagon and cabinet shop was discovered to be on fire, but too late to save it from destruction. The building together with its contents was entirely consumed.

GEAUGA COUNTY.

From the Chardon *Democrat.*

Mr. Samuel McGonigal, of Chardon, was badly hurt a few days since by the fall of a staging on which he was at work.

The Wool Hollow Sheep Shearing Festival, on Friday last, was a grand success, the attendance being larger, and the interest more intense, if possible, than last year. The following were the first premiums awarded:

S. J. Parkhurst, buck, 2 years old, weight 106 lbs; fleece 18 5-16 lbs.

P. T. Thompson, buck, 1 year old, 75½ lbs., fleece 10¼ lbs.

P. T. Thompson, three ewes, 2 years old, weight 63½, 55½, 70½ lbs., fleece 11, 9 10 3-16 lbs.

P. T. Thompson, three ewes, one year old, weight 48¾, 54½, 53 lbs, fleece 7 13-16, 8 13-16, 7 10-16 lbs.

The agricultural products of the town of Auburn for the year 1865 were: wheat, 158 acres, 1,126 bushels; corn, 385 acres; 13,633 bushels; oats, 305 acres, 10,801 bushels; potatoes, 53 acres, 3,861 bushels; flax, 6 acres, 46 bushels. Ninety-one acres of clover yielded 150 tons of hay, and 2,561 acres of medow produced 3,309 tons of hay. Pounds of wool, 6,450; pounds of butter, 30,774; and over 400,000 pounds of cheese. There was made 53,359 pounds of sugar, and 445 gallons of syrup.

In the township of Chardon there are 270 horses, 1,432 cattle, 17 mules, 4,151 sheep, 192 hogs, 39 dogs, 172 carriages, 45 watches, 5 pianos. There were made in 1865, of butter, 36,660 lbs., cheese, 293,672 lbs., sugar, 25,541 lbs., syrup, 316 gallons, wool, 12, 990 lbs.

COLUMBIANA COUNTY.

From the Salem *Journal*

Stanton Chowan, of Salem, who enlisted as a private in a Kansas regiment, and was wounded and discharged, reenlisted in the 104th Ohio, was promoted to a Lieutenancy and afterwards to a Captaincy in a colored regiment, has, since his return home, been breveted Lieutenant Colonel and received a commission as Second Lieutenant in the regular army.

The Perry Oil Company of Island Run, organized on the 30th ult., by electing Joseph R. Roller, President; J. B. Stauffer, Secretary; James Woodruff, Treasurer; and Henry Judd and Elnathan Petit, Trustees. Martin Bates of this place raised the company. They have struck a twelve barrel well.

The citizens of Carrolton, at a special meeting of the qualified voters, by a vote of nearly two to one, authorized the Board of Education to levy a tax of $16,000 to build a new school house—that sum to be collected in three installments.

LORAIN COUNTY.

From the Oberlin *News:*

Samuel Burton, a citizen of Wakeman, died last Saturday, of a disease that would have been pronounced cholera in a place where cholera prevailed. As it was it was pronounced cholera morbus. The body was taken to Cleveland for interment.

The Corporation Council of Oberlin have had the question of new steam engines before them and voted to raise by tax this year the sum of $2,500 for the purposes of the Fire Department.

The assessor's return of the property and productions for 1865 of the township of Wellington make the following show: Personal property in the village, $249,000; in the township, $167,816. There have been made during the year 21,650 pounds of butter, 66,680 pounds of cheese, 16,005 pounds of sugar, 446 gallons of syrup, and 41,491 pounds of wool thorn.

RICHLAND COUNTY.

From the Mansfield *Herald:*

The Plymouth Agricultural Society will hold a home fair in Plymouth on the 13th and 14th of June.

The number of marriage licenses issued in Richland county during the present year foots up to one hundred and seventy-five. More marriages were celebrated in January than any other month.

The annual examination of the Mansfield Female Seminary will take place on the 22d, 25th and 26th instants.

STARK COUNTY.

From the Canton *Republican:*

A young lad, only son of Rev. Mr. Slusser, of Louisville, this county, was accidentally shot on Tuesday last and died in a few hours. He was carelessly handling a pistol.

The village of Limaville was visited by a serious fire, on Saturday night last. The warehouses which belonged to Messrs. Paine & Bro., were destroyed, together with an adjoining dwelling, and a car standing on the track near by. The loss is between eight and nine thousand dollars; the sufferers being H. Paine, S. Hamlin, John Colton, Robert Colton, Samuel Butts, and the C. & P. R. R.

Canton is rather Metropolitan in its character. The *Republican* thus catalogues its "institutions:"

Here we have a "street sprinkler,"—a "Tattersall's" where you can buy, borrow or sell a good or bad equine; daily auction sales of dry goods, notions, furniture, etc; police with the left breast of their extreme outer garment beautifully ornamented with a german silver service much resembling an old fashioned ginger cake, wagons of huge dimensions daily make the circuit of our thoroughfares laden with crystal blocks of frigid aqueous; the professional bill-posters; a regular and well conducted bus line; a line of express wagons; fast young men with "eyeller" clothes, speckled dorgs, shakespeare collars, coal-box wagons and fast roadsters; nymphs of the pave; vagrants, roughs, gamblers, thieves, counterfeiters and loafers till you can't rest.

From the Canton *Repository:*

A friend, who has kept an account thereof, tells us that his record shows that in the month of May there were twenty-one frosts.

On Monday night the Hardware Store of J. S. Kelley & Sons, Massillon, was broken open and robbed of a considerable amount of fine cutlery, consisting mainly of pocket knives.

On Monday morning a report was current upon the streets of Massillon, that Michael B. McCavitt, a well to do farmer, living on the Canton road, near Genoa, had been arrested on a process of stealing harness and other personal property. A large amount of articles not usually needed by persons in his business, was found on his premises.

The Alliance *Monitor* says that John Fitzsimmons, engineer on the Pittsburgh, Fort Wayne & Chicago Railroad, was killed on Wednesday of last week near Rochester. He was looking out at the side of his engine while the train was in motion and his head came in contact with a telegraph pole, knocking him off the engine and killing him instantly. He was a member of Alliance Lodge, F. and A. Masons and had been in the employ of the Railway Company fourteen years.

By a vote, says the *Monitor*, taken on last Monday, it was decided to levy a tax of $6,000 for the purpose of erecting new school buildings in Alliance—five-sevenths of the voters therein concurring.

SUMMIT COUNTY.

From the Akron *Beacon:*

The time for holding the Summit County Fair has been fixed for Tuesday, Wednesday, Thursday and Friday, October 3d, 2d 4th, and 5th.

A new post office has been established at Niles, in the township of Northampton, Wm. Hardy having received the appointment as Postmaster.

At a meeting of the Summit county wool growers held on the 3d instant, a friendly interchange of wool growing experience was indulged in, generally, by the goodly number present. The Association appropriated fifty dollars towards the payment of the expense incurred by the President of the State Association, Hon. R. M. Montgomery, in attending committee meetings at New York and Washington. The Association adjourned, unless sooner convened by the president, until the last Saturday in October, after which time it was determined to hold monthly meetings through the winter and spring months.

Nathan B. Dodge, Esq. for many years a resident of Summit county, but late of Lafayette, Indiana, died of appoplexy in New York on the 19th ult. He was in the city purchasing goods, and died very suddenly.

The Bucyrus *Journal* is responsible for the following Summit county item: A cat in Summit county having her kittens taken from her and drowned, went to the woods, got four young squirrels, and at last accounts was still suckling them. The story seems highly Munchausenish, but we have it from men of the highest authority.

STATE ITEMS.

HEAVY ROBBERY.—Last Thursday night an iron safe was broken open, in Aberdeen, Ohio, and robbed of $7,000: $4,000 of which belonged to the Odd Fellows, $2,000 to Mr. Sharp, and $1,000 to Mr. Brookover.

OHIO STATE MEDICAL SOCIETY.—The Ohio State Medical Society will hold its twenty-first annual meeting at the Ohio White Sulpher Springs, on Tuesday, the 19th of June, 1866.

POST MISTRESS.—We learn from the Medina *Gazette* that Mrs. James W. Hendrickson has been appointed Post Mistress of that village. The *Gazette* says: She is worthy, and we have no doubt the appointment is in consonance with the wishes of citizens.

CHURCH THIEVES.—The Cincinnati *Gazette* says, some three weeks ago, Bethesda Methodist Protestant Church, near Mount Washington, was entered and robbed of twenty-six yards of carpet and a window shade, the perpetrators remaining unapprehended. On Friday night the same church was again broken open and robbed of all the carpet saved from the previous depredation. The pulpit lamps were also taken, the oil having been poured out on the pulpit platform.

ANOTHER NEW RAILROAD.—The certificate of incorporation of the Ohioville Railroad Company was filed at the office of the Secretary of State on Tuesday, June 5th. The company is organized with a capital stock of $25,000, and propose to construct a railroad from the east line of the State of Ohio, north from Little Beaver Creek. All within Columbiana county.

ESCAPED FROM THE PENITENTIARY.—Ransom Mountjoy, convicted at the March, 1857, term of the Scioto Court of Common Pleas, of manslaughter, escaped from the Penitentiary at 9 o'clock on Sunday night. He is an old man, about sixty years of age, and was employed at the stable. On Sunday night he set the stable in order, and departed.

MORE MEDALS.—Another installment of 3,168 medals for veterans has been received at the Adjutant General's office. These include medals for the veterans of the 84th, 65th, 66th, 77th, 68th, 80th, 70th and 71st Regiments. Medals for the 63d Regiment have not yet been forwarded. Those to whom the medals belong are urged to send immediately their postoffice address to the Adjutant General, and thus expedite the distribution.

The Fenian Prisoners.

The following is a complete list of the Fenians from Ohio seized by the steamer Michigan on their retreat from Canada, and who have been discharged on their own recognizance in the sum of five hundred dollars:

Equalization of Bounties—Circular From the State Agent.

OHIO STATE MILITARY AGENCY,
WASHINGTON, June 8, 1866.

To the Press and People of Ohio:

The prospect of laws soon to be enacted by Congress for equalizing of *Bounties of Soldiers* that enlisted in 1861 and 1862 as well as increasing Pensions in certain cases, renders it expedient that the people of Ohio should be informed, that, through provisions generously made by the Governor and Legislature of the State, this Agency, which was established by Gov. Tod, in December, 1862,—is continued, and is prepared to attend to the interests of its citizens, *free of charge.*

The underrigned, who has had charge of the Agency since its commencement, will, on application, by letter or otherwise, furnish *gratuitously* all necessary blanks and information required either in procuring the additional *Bounties* and *Pensions* referred to, or prosecuting any just and proper Claim for Officers, Soldiers, or their families against the Government; collecting Second Auditor's Certificates, etc., etc.

JAMES C. WETMORE
Ohio State Military Agent.

CITY NOTICES.

NOTICE TO CONTRACTORS.—Proposals will be received at the City Civil Engineer's office until 2 o'clock P. M., Monday, the 18th inst., for grading Henry and Chapel streets. Plans and specifications may be seen and more particular information had at said Engineer's office. The Board of City Improvements invite the submission of bids, reserving the right to reject any or all bids.

By order of the Board.

JOHN WHITELAW,
City Civil Engineer.

Cleveland, June 6, 1866. june7:333

NOTICE TO SEWER BUILDERS.—Proposals will be received at the City Civil Engineer's office until 2 o'clock P. M., Monday, the 18th inst., for building a sewer in Columbus street, between Franklin and Lorain streets. Plans and specifications may be seen and more particular information had at said Engineer's office. The Board of City Improvements invite the submission of bids, reserving the right to reject any or all bids.

By order of the Board.

JOHN WHITELAW,
City Civil Engineer.

Cleveland, June 6th, 1866. june7:333

NOTICE—To all whom it may concern.—Notice is hereby given that it is deemed necessary by the City Council, of the city of Cleveland, to provide for the construction of a sewer in Crooked alley, to connect with the Broadway street sewer; and for that purpose an ordinance is pending before said City Council, having been twice read before the same and now laid on the table. Any person having objections to the construction of said sewer are hereby required to file the same in writing with the City Clerk of said city within two weeks after the expiration of three weeks from the first publication of this notice.

By order of the City Council.

C. E. HILL, City Clerk.

May 30, 1866. may30:324

NOTICE—To all whom it may concern—Notice is hereby given that it is deemed necessary by the City Council, of the City of Cleveland, to provide for the construction of Prospect Street Branch Sewer No. 4, with branches in Huntington and Cheshire streets; and for that purpose an ordinance is pending before said City Council, having been read twice before the same and now laid on the table. Any person having objection to the construction of said sewer, are hereby required to file the same in writing with the City Clerk of said city within two weeks after the expiration of three weeks from the first publication of this notice.

By order of the City Council.

Notice to all Whom it May Concern

Notice is hereby given that it is deemed necessary by the City Council of the City of Cleveland to provide for the construction of a branch sewer in a part of Prospect and wranger streets, and for that purpose an Ordinance is now pending before said City Council. All persons having objections to the construction of said branch sewer, are hereby requested to file their objections with the City Clerk of said city within ten days after the expiration of two weeks from the first publication of this notice.

By order of the City Council.

C. E. HILL, City Clerk.

June 9, 1866. June9:321

NOTICE—To all whom it may concern—Notice is hereby given that it is deemed necessary by the City Council, of the City of Cleveland, to provide for the construction of a branch sewer in an alley lying between Euclid avenue and Prospect street; and for that purpose an ordinance is pending before said City Council, having been twice read before the same, and now laid on the table. Any person having objections to the construction of said branch sewer, are hereby required to file the same in writing with the City Clerk of said city within two weeks after the expiration of three weeks from the first publication of this notice.

By order of the City Council.

C. E. HILL, City Clerk.

May 30, 1866. may30:324

NOTICE—To all whom it may concern.—At a regular meeting of the City Council, of the City of Cleveland, held on the 29th day of May, 1866, the following resolution was adopted:

Resolved, That in the opinion of this Council it is deemed necessary to grade, pave, and improve the following named streets their entire length, viz: Leonard street, Frankfort street, and Park street. All persons claiming damages by reason of such grading, paving and improving, are hereby notified that they are required to file their claims in writing with the City Clerk within five weeks from the first publication of this resolution, or be forever barred from filing any claim or receiving any damages therefor.

By order of the City Council.

C. E. HILL, City Clerk.

PATENT FENCES.

UNION PATENT WOOD AND IRON FENCE.

The Cheapest, most Beautiful and Durable Fence now in use.

Manufactured by the Union Fence Company of Painesville.

T. W. MORSE, Agent, Sartwell's Block, CLEVELAND, OHIO.

THIS FENCE IS MADE OF WOOD, braced with iron, set in ornamental iron posts, which is embedded in a stone foundation, and the whole is painted with three coats of best quality of paint and thoroughly sanded with light colored sand. The wood part of the fence is so constructed that it does not touch the ground, and there is no place where water can possibly be absorbed. Hence it will last, at the lowest calculation, 75 years. The gates are made upon the most improved principle, and are ornamental in the highest degree. The painted ornaments are all iron. By many this fence, when set, is taken to be entirely of iron, so airy and substantial is it in appearance.

The attention of those wishing to improve the appearance of their front yards, and those contemplating building, is called to this fence, now used in front of the dwellings of the following gentlemen of this city:

THOSE USING THE BALLISTER FENCE WITH IRON PICKET ORNAMENT.

Peter Thatcher, Esq., Seneca street.
