☞ A SINGLE BOX OF BRANDRETH'S PILLS contains more vegetable extractive matter than twenty boxes of any pills in the world besides; fifty-five hundred physicians use them in their practice to the exclusion of other purgatives. The first letter of their value is yet scarcely appreciated. When they are better known, sudden death and continued sickness will be of the past. Let those who know them speak right out in their favor. It is a duty which will cost life.

Our race is subject to a redundancy of vitiated bile at this season, and it is as dangerous as it is prevalent; but Brandreth's Pills afford an invaluable and efficient protection. By their occasional use we prevent the collection of those impurities which, when in sufficient quantities, cause so much danger to the body's health. They soon cure Liver Complaint, Dyspepsia, Loss of Appetite, Pain in the Head, Heartburn, Pain in the Breast-bone, Sudden Faintness and Costiveness. Sold by all respectable dealers in Medicines.

## THE OLMSTED FALLS TRAGEDY.

## THE CLOSE OF THE TESTIMONY.

**Trial of Alexander McConnell for the Murder of Rosa Colvin in Olmsted, March 24th, 1866.**

[*Court of Common Pleas, Judge Foote presiding.*]

FOURTH DAY—FORENOON SESSION.

Pursuant to adjournment the court resumed the trial of Alexander McConnell at 8 o'clock yesterday morning. C. W. Palmer, Esq., offered in defense the affidavits of Nelson Smith, brother-in-law of the defendant, a resident of Fitzroy, who testified to the general good character of the defendant, and of Wm. W. Figot testifying to his industry and general good character. Other affidavits to the same effect, and to show that the prisoner's object in coming here was to procure employment, were introduced by Mr. Palmer, from Samuel Bell, Samuel Stephenson and Rev. Alexander Morris, all of Canada. Nelson Smith also testified that he knew of the return of McConnell and that he was without money to defray the expenses of his trial. It was claimed by Colvin that about $100 had been stolen from a trunk in his house at the time of the murder.—Ker.) This closed the evidence for the defense.

E. J. O'Neil recalled by the State for rebutting testimony.—I reside in Carrolton county, C. W.; know the prisoner; his reputation as a law abiding citizen is not good; knew of McConnell's departure from Canada; had a conversation with him; he said then that he had struck a man on the head with a stick of cordwood and had to run away from the officers of the province. This conversation was in Fitzroy, some weeks before the murder.

Cross-examined by Mr. Knight—I have heard of McConnell perhaps a hundred times; heard once that he was charged with burning a church.

Sheriff Nicola recalled by the State for rebutting testimony—I was in Canada two weeks; had a conversation with the prisoner some where in which he said he had a difficulty with a Canadian in a horse trade, for which he had to leave the country.

Frederick Davis recalled by State for rebutting testimony.—I have lived in Carrolton, C. W., 14 years; had a conversation with McConnell in reference to why he left Canada. He said he had hit a man with a stick in a quarrel, hurting him badly, and had to run away; said his friends had settled the matter.

Cross examined.—It was on our way from Fitzroy to Ottawa when we had the conversation. He said the man was one with whom his brother-in-law traded a horse.

John O'Dell recalled by State.—I had a conversation with McConnell respecting the cause of his leaving Canada; asked him if he had not told that his reason for leaving Canada was because he had struck a man with a stick of wood in Fitzroy. He replied that he said so, and that it was true, but his friends had settled the matter. I have heard McConnell's character was considered. Ottawa has about 20,000 inhabitants; Fitzroy is a place of only two or three houses.

Cross-examined—Had the conversation with him in the sleigh on the way from Fitzroy to Ottawa.

This closed the testimony in the case. The counsel obtained a recess of fifteen minutes.

Mr. A. T. Slade commenced the opening argument for the State yesterday forenoon. Mr. Knight will follow for the defense. Mr. Palmer will close for the defense, and be followed by Mr. Castle, Prosecuting Attorney, in the closing argument for the State. The arguments will probably be concluded and the case given to the jury about noon to-day.

We have carefully refrained from any uncharitable remarks upon the prisoner's probable guilt, content to await the issue, believing that with learned counsel, a just judge and an impartial jury will render a righteous judgement.

Our report of the evidence has been quite full, for, in our opinion, our readers who wish to know anything of the matter, desire the particulars.

THE MERCHANTS' DESPATCH.—We mentioned a few weeks since the prompt payment of losses amounting to $200,000, occasioned by the great fire in Detroit last spring, by the well and favorably known Fast Freight Branch of the American Express Company. The Company was also a heavy loser by the disastrous fire at Detroit on the night of April 26th, and with characteristic fairness and enterprise, it has settled all claims arising thereon. The Detroit *Free Press* has the following card in regard to it:

"We take pleasure in again calling attention to the acknowledgment, in another column, of the promptness with which this reliable business company have paid up their losses at the recent disastrous fire at the Detroit and Milwaukee Railway depot, on the 26th of April. Their loss on this occasion was something near $40,000, all of which has been handed over to the sufferers. Such promptitude and completeness is a safe guarantee of the reliability of this popular company."

The acknowledgment referred to is a very handsome one, and contains the names of over forty prominent firms.

We take pleasure in publicly acknowledging the prompt payment, from the Merchant's Despatch, of the full amount of our claims for loss caused by the destruction, by fire, of the G. W. and D. & M. Depots, April 26, 1866.

We endorse the sentiments expressed by the losers at the Michigan Central fire last October, that "we most cheerfully recommend this old and reliable line to the merchants throughout the west. Having patronized the line for many years, we do not hesitate to say, that for promptness to delivery of freight and payment of all just claims, it has no competitor."

Such promptness on the part of the company must be extremely gratifying to its numerous patrons, and must give the public entire confidence in its ability and disposition to deal justly and honorably.

In this city this freight line has always been popular, and under the efficient management of the present excellent and gentlemanly agent, Mr. W. S. Porter, the local patronage has steadily increased.

At the present time Mr. Porter is receiving freights from New York and Boston in three days, almost as quick as Express time. Our Merchants have found this Line careful and prompt in the delivery of goods; and when to the good management of the Company is added to its entire reliability, we think that no Company can compete with it in its department of the immense freight business of the country.

SUNDAY TRAFFIC.—Last Sunday was the largest stock day known in the history of the Lake Shore Railroad. Trains took to Buffalo two hundred and forty-five loads of stock, and seventy seven cars of the Red Line and other freight, making a total of 322 cars. The return trains brought to Erie 242 cars, making the aggregate day's business over the Lake Shore Railroad, 564 cars.

POLICE COURT.—The following cases were disposed of by Judge Abbey yesterday:

Several other cases were on the docket, chiefly of slight importance, not disposed of in time for this issue.

APPOINTED PRESIDENT.—J. Lewis Grant, Esq., the Superintendent of the Buffalo and Erie and Erie and Pittsburg Railroads, has been elected a Director and President of the Southern Central Railroad Company, and has accepted those positions. The road is yet to be constructed, a capital of $3,000,000 being required for that purpose.

A TORNADO.—A terrible storm passed over Buffalo on Monday, doing immense damage to property. A woman was killed by the collision of a canal boat and a schooner in the harbor, and a man was instantly killed near Black Rock by having a car blown upon him.

PERSONAL.—B. F. Peixotto, Esq., whose uprightness and enterprise during a long residence in this city gathered about him many friends, and who has been sojourning here for a few days past, left last evening on his return home to New York.

A NEW TUG.—The Cyclone, a strong, well-built tug, built at Vermillion, registering thirty tons, commanded by Captain E. Duville, has been enrolled in this district. She will, for the present, be employed in these waters.

MAN MISSING.—James Harmon—20 years of age, has fits, wore blue soldiers' blouse, and was barefoot—left Rockport on Friday last. Any information concerning him will be thankfully received by Mathew Haberson, West Side.

OPENING OF THE PUBLIC SQUARE AGAIN.—The question of opening Superior street through the Public Square has again been brought on the tapis by the City Council.

POSTPONED.—The excursion for the benefit of the Police Department has been changed from Saturday morning to Saturday afternoon.

PATENT FENCES.

UNION PATENT WOOD AND IRON FENCE.

The Cheapest, most Beautiful and Durable Fence now in use.

Manufactured by the Union Fence Company of Painesville.

T. W. MORSE, Agent, Sartwell's Block, CLEVELAND, OHIO.

THIS FENCE IS MADE OF WOOD, braced with iron, set in ornamental iron posts, which is embedded in a stone foundation, and the whole is painted with three coats of best quality of paint and thoroughly sanded with light colored sand. The wood part of the fence is so constructed that it does not touch the ground, and there is no place where water can possibly be absorbed. Hence it will last, at the lowest calculation, 75 years. The gates are made upon the most improved principle, and are ornamental in the highest degree. The painted ornaments are all iron. By many this fence, when set, is taken to be composed entirely of iron, so airy and substantial is it to appearance.

The attention of those wishing to improve the appearance of their front yards, and those contemplating building, is called to this fence, now used in front of the dwellings of the following gentlemen of this city:

## Foreign News.

**From St. Petersburg.**

NEW YORK, June 27.—The Herald's St. Petersburg correspondent, writing on the 6th of June, denies that there exists any understanding or treaty by virtue of which Russia will assist Austria in the coming war. He places in review a summary of the history of the diplomacy of the two empires during the past sixteen years, as evidence that such an arrangement would not be entered into.

Russia, it is said, will not permit Turkey to occupy the Danubian Principalities.

The price of every article of consumption as a necessary of life was rapidly advancing in Vienna in the face of a depreciated currency.

**From Berlin.**

A Berlin letter of the 10th of June says that from two to three hundred bills are brought to protest daily in that city.

The Spanish Senate has approved of the bill to fix the frontier line between France and Spain in accordance with the recent treaty concluded between the two countries.

## General News.

**Sentenced.**

CINCINNATI, June 27.—Coovert, the murderer of the Rooms, was yesterday sentenced to be hung August 24th, at Lebanon, Ohio.

**The Fenian Prisoners in Canada.**

NEW YORK, June 27—The Herald's Montreal special says that sixteen Fenian prisoners have been brought there for confinement. The broad charge upon which they are committed, is levying war against Her Majesty. Colonel Erinatinger, the committing magistrate, entered with the accused who were brought to this city for greater security, in view of the late affair at Pigeon Hill. It is not known when their trial will take place.

The Herald's Toronto special says that Marvin, one of the Fenian prisoners there, was admitted to bail on his own recognizance, yesterday, his employer at Buffalo representing him as an inoffensive and innocent person.

R. A. Harrison, barrister, is industriously working at the prosecution of the part of the Government. They will be tried by a Military Court Martial, under the Aggression Act. It is said that General John Hillyard Cameron, will act as Chairman of the Commission.

The 18th Regulars are now constantly on guard at the old jail, and an officer sleeps in the building.

The Second Church dignitaries are interesting themselves in the case of the Episcopal clergyman who is incarcerated as a Fenian.

**Tornado.**

One of the most terrible tornadoes that has ever visited Canada took place last night at the village of Oil Springs. A large hotel recently erected was blown to the ground. Much damage was done to the derricks and oil works. During the tornado a boiler bursted, killing one man and severely injuring others. The storm also passed over Ingersoll, doing a great deal of damage. The force of the storm tore up large trees by the roots.

## From Washington.

**Miscellaneous.**

NEW YORK, June 27.—The morning papers have the following specials from Washington:

It is probable that when Congress adjourns on Thursday or Friday of this week it will not reassemble again until the week after next, so as to give the members an opportunity to spend the Fourth of July at their homes.

There appears to be no prospect as yet of an early termination of the session.

The New York delegation of bankers had lengthy interviews this morning with Comptroller Clarke and the House Committee on Banking and Currency in relation to the proposed amendments to the National Currency Act. They complain that the State tax on national circulation is excessively heavy and enormous, and request its removal. They state that they cannot profitably continue their business under the present tax law.

Fresh developments are coming to light in relation to the Memphis swindle. It turns out that seven or eight hundred thousand dollars in seven-thirty notes, which were sent to Carlton some time toward the close of last year for disposal on the account of the government, have also been embezzled and employed in cotton speculations. The whole is to be investigated fully in a day or two by the Banking and Currency Committee.

## Southern News.

**Railroad Accident.**

MEMPHIS, June 26.—A freight train on the Mississippi Central ran through a trestle three miles north of Grenada yesterday, killing a negro brakeman and injuring severely Wm. Sutton and son, of Granada, and two others, demolishing the tender and two cars.

**Crops, River and Weather.**

The crops in Arkansas and Mississippi are reported more encouraging.

The river is stationary. Thermometer 90.

AMERICAN WATCHES.

REDUCTION IN PRICE.

OF THE

American Watches,

Made at Waltham, Mass.

IN CONSEQUENCE OF THE RECENT great decline in gold and silver and all the materials used in the manufacture of our goods and in anticipation of a still further decline, we have reduced our prices to as low a point as they can be placed

**With Gold at Par,**

so that no one need hesitate to buy a watch now from the expectation that it will be cheaper at some future time. The test of ten years and the manufacture and sale of

**More than 200,000 Watches**

have given our productions the very highest rank among time-keepers. Commencing with the determination to make only thoroughly excellent watches, our business has steadily increased as the public became acquainted with their value, until, for months together, we have been unable to supply the demand. We have repeatedly enlarged our factory buildings until they now cover over three acres of ground, and give accommodation to more than eight hundred workmen.

We are fully justified in stating that we now make MORE THAN ONE-HALF OF ALL THE WATCHES SOLD IN THE UNITED STATES.

In different grades are distinguished by the following trade-marks engraved on the plate:

1. "American Watch Co.," Waltham, Mass.
2. "Appleton, Tracy & Co.," Waltham, Mass.
3. "P. S. Bartlett," Waltham, Mass.
4. "Wm. Ellery."
5. OUR LADIES' WATCH is of first quality named "Appleton, Tracy & Co.," Waltham, Mass.
6. Our next quality of Ladies' Watches is named "P. S. Bartlett," Waltham, Mass. These watches are furnished in a great variety of sizes and styles of cases.

The American Watch Co., of Waltham, Mass., authorize us to state that without distinction of trade-marks or price,

**All the Products of their Factory are fully Warranted,**

to be the best time-keepers of their class ever made in this or any other country. Buyers should remember that unlike the guarantee of a foreign maker who can never be reached, this warantee is good at all times against the company or their agents and that if after the most thorough trial, any watch should prove defective in any particular, it may always be exchanged for another. As the American Watches made at Waltham, are for sale by dealers generally throughout the country, we do not solicit orders for single watches.

CAUTION.—The public are cautioned to buy only of respectable dealers. All persons selling counterfeits will be prosecuted.

MEDICAL SUCCESS

EXTRAORDINARY

100 DOLLARS PREMIUM!

SEMINAL WEAKNESS,

OR SPERMATTORRHŒA, GLEET, &C.,

—AND—

Impotency Cured,

AFTER ALL OTHER TREATMENT FAILS.

DR. A. GIBSON,

Formerly of New York City, will pay one hundred dollars for the proof that he ever fails to cure the above named diseases. He will pay the same sum for the proof that any other Physician in the United States treats the same disease with equal success.

After many years of laborious study and experience Dr. Gibson is happy in being able to announce to the unfortunate, that he has perfected a system of treatment for

THE SPEEDY AND PERMANENT CURE

of the above, and also all contagious diseases of the Reproductive Organs, with all bad effects arising therefrom, including General

DEBILITY OR NERVOUS PROSTRATION.

He has succeeded in curing cases in this city, some of whom had expended hundreds of dollars with allstyled physicians, who profess to treat all private maladies with success, and without receiving the least particle of benefit.

Dr. Gibson does not boast that he is a member of some College in London or Paris, as perhaps some others do for the purpose of ensnaring the innocent, and who hold out great expectations, never to be realized. But what Dr. G. might boast of in this, that he is able to give entire satisfaction to those who repose confidence in his ability and integrity, and that he has perfected an American system of treatment which challenges any Physician of London or Paris, in any patent medicine, to equal for the radical cure of seminal weakness, and all diseases or derangement, both mental and physical, arising from sexual or secret abuse.

Dr. Gibson also claims for his new treatment the following advantages over all others yet discovered. And, first, the agents used are in no respects disagreeable; he uses no rules of the dark ages, such as Mercury, or any other deleterious drug; secondly, no restriction in diet or business is required; third, his treatment is positive and certain in all cases. He stands prepared to go into any public or private hospital in the United States, and demonstrate the immense superiority of his new treatment over any other now known in the world, in point of promptness, permanency, mildness, safety and convenience to the patient.

Dr. Gibson is permanently located in Cleveland, and has during the past five years performed many cures of diseases which had for years resisted all other modes of treatment. References can be given to individuals of the first respectability in Cleveland, Boston, New York and other cities, in regard to skill and integrity in all professional transactions. Dyspepsia, Rheumatism, Scrofula, all diseases of the Urinary Organs, and all Chronic Diseases treated with superior success.

☞ Medicine sent to any part of the country, on receipt of ten dollars.
