THE FAKIR OF AVA—AN UNMITIGATED HUMBUG.—The "Fakir of Ava" (as an imposter named Riggs styles himself) held forth at the Academy of Music last evening to a diminutive audience. The world is full of Barnumism, and sometimes those that humbug us most please us best; but no one tolerates a clumsy, bungling performer having neither merit nor with but with any quantity of low slang and not sufficient discernment to know when he insults his audience. The Fakir of Ava proper is a gentleman of taste and refinement, and a graceful performer of many surprising tricks, residing in Buffalo. The "Fakir of Ava" at the Academy of Music is an awkward impostor, who has no business with the appellation, but has resorted to the contemptible trick of claiming the name and fame of another.

The reputation of the true Fakir of Ava (Mr. Hughes, of Buffalo) and extensive advertising had the effect of drawing to the Academy on Thursday night a full and respectable audience. Expectation stood on tip-toe, and a meritorious entertainment was anticipated; but we venture the assertion that a more thoroughly disgusted audience never before left the hall. The tricks were silly, transparent and performed with ten times the awkwardness of a school boy. Messrs. Riggs & Co. will never humbug any of that audience into the Academy of Music again at fifty cents each. But the "Fakir" promised better things for last night—an entire change of programme—the hall and the audience were strange—he would do better. So he promised, and so forbore making any remarks upon the merit of his "show." But the news of his humbug spread over town, and despite his programmes and display, only about one hundred and fifty persons were wheedled in. The same silly tricks were performed by the same awkward hands, explained in the same choice language, as on the evening previous. He will go through the same programme this evening. It has ever been our endeavor to make the local columns of the LEADER reliable; and though earnestly solicited to puff this "show," we have declined doing so, preferring to put our readers on their guard and expose a humbug.

DISASTER AND PROBABLE LOSS OF LIFE.—Capt. Marsilliot, of the schooner Eliza Logan, from Chicago to Buffalo, reports that on the first night out from the former port, and while off Waukegan, he heard a cry for help on his lee beam, coming from several voices. He immediately hove his vessel in stays; shortly after, a boat with five or six men was discovered on his port bows, from whom he learned they belonged to a vessel which lay not far distant, hove to. This boat's crew represented that a vessel had capsized that night and the crew were clinging to the wreck. They had succeeded in rescuing two of the crew of the lost vessel, but they were too much famished to give her name. They were in search of the perishing sailors. Capt. M. lay to until daylight with his vessel, but saw nothing of them afterwards. He, however, discovered portions of a wrecked vessel floating about in the lake, including the cabin trunk, with a quantity of shingles, from which it may be inferred the lost vessel was some lumber craft, which had probably taken on a cargo at some port on Lake Michigan.

FROM LAKE SUPERIOR.—The steamer S. D. Caldwell, Captain J. M. Lewis, arrived at half-past five yesterday morning from Lake Superior. We are indebted to Clerk Scott for the following items: Left Portage July 30th, at 1 P. M.; arrived at Marquette at 6 P. M. same day. Left Marquette July 31st at 8 P. M., and arrived at Cleveland at 5:30 A. M., August 3d. Met the steamer Ironsides off Granite Island. The following vessels were loading iron ore at Marquette: Propellers Equinox and Portsmouth; schooners Ironsides, St. Andrew, Hazard, New London, Summit, W. S. Lyons, Milan; bark Marquette; brig Atsunto. Two brigs and two schooners were wind bound at Waiska Bay. The schooner Winona was unloading coal at Detour. The Caldwell brought down 25 tons of copper for Garretson & Co., Cleveland, 515 tons of iron ore for the Cleveland Iron Mining Company, a lot of miscellaneous, and a large number of passengers.

The Caldwell will leave on a grand pleasure excursion around Lake Superior on Wednesday next. She will visit both shores and touch at Superior City.

ARTISTS ABROAD.—A part of Mr. Ellsler's dramatic Combination have been playing in Youngstown the past few nights. The *Register* says, "not only were the seats all filled, but all the standing room was occupied." The article then goes on to say that "on Monday night, Bulwer's romantic drama, the "Lady of Lyons," with Mr. Lee as Claude Melnotte and Mrs. Day as Pauline, was performed to a crowded house, with the "Country Cousin" as the afterpiece. On Tuesday night the bill was the "Honeymoon" and "Don't Judge by Appearances." All these plays have been well and carefully produced." Mr. Lee and Mrs. Day in the leading roles are uniformly excellent. Mr. Stephens made a capital "old man," and the comedian, Mr. Irving, is irresistibly funny. Miss McKee and Mrs. Lee also won frequent applause, and Mr. Day, Mr. Ellsler and the other actors are worthy of praise."

The Mr. Ellsler referred to is Mr. Harry Ellsler, who there made his debut.

TO SOLDIERS.—Since the passage of the increased pension and bounty laws, private letters and circulars in great number have been sent out by claim agents from Washington, Columbus and elsewhere, asking soldiers to send them their discharges, claiming to have superior facilities for collecting claims. Many of these men are wholly unreliable, and none of them have any greater facilities for obtaining or collecting bounties than agents at home. We advise those having claims to employ agents at home whom they *do* know, and pay no attention to letters or circulars from men abroad whom they *do not* know.

TEACHERS' NATIONAL CONVENTION.—The National Teachers' Association will meet in Indianapolis, August 15th, 16th, and 17th. In the same place on the 13th will meet the National Association of School Superintendents, and on the 14th the American Normal School Association. Free return tickets will be given to members over the Indiana Central to Columbus, and from Columbus to Pittsburgh over the Steubenville line; also from Indianapolis to Crestline over the Bellefontaine line. Board at hotels from $3.50 to $2.50 a day. Ladies boarded free. The meeting will be held in the Baptist Church.

CITY RAILROAD FARE.—The section of the new Internal Revenue law, which took effect on Wednesday the 1st day of August, will reduce the fare on the city railroads:

"And whenever the addition to the fare shall amount only to the fraction of one cent, any person or company liable to the tax of two and a half per centum may add to such fare one cent in lieu of such fraction; and such person or company shall keep for sale, at convenient points, tickets in packages of twenty, and multiples of twenty, to the price of which only an amount equal to the revenue tax shall be added."

COUNTY CONVENTION.—The Cuyahoga County Union Convention will be held in Garrett's Hall on the 15th inst. The following officers of the county are to be nominated: Judge of the Court of Common Pleas, Probate Judge, Clerk of Common Pleas, Sheriff, Auditor and Commissioner. The primary meetings for the election of delegates will be held in the different wards and townships on the 15th inst.

MASONIC CONVENTION.—A Convention of Masonic Lodges will be held in Sandusky on Wednesday, August 15th, under the direction of R. W. Howard Matthews, Deputy Grand Master of Masons in Ohio, for the the purpose of instruction in the rituals and laws of the Order.

BASE BALL.—The return match between the High School (now Occidental) and Star Clubs came off on the grounds of the latter yesterday afternoon. It will be remembered that in the first match the Star club was badly beaten. They have picked up their playing, however, and yesterday beat their opponents by five runs—the score standing 25 to 20. The Occidentals were, however, minus the services of three of their best men, and this is the only defeat they have suffered this season. The rubber game will be played in September. The following is the

ALPHA DELTA PHI.—The thirty-fifth anniversary of the Alpha Delta Phi Fraternity will be celebrated in this city on Wednesday and Thursday, August 29th and 30th, under the direction of the Hudson, Kenyon and Miami chapters. At the public meeting on Thursday evening the annual oration will be delivered by Rev. Grosvenor W. Heacock, D. D., of Buffalo, N. Y., and the annual poem will be pronounced by Wm. D. Gallagher, Esq., of Cincinnati, Ohio. These public exercises will be followed by a social reunion at the Kennard House.

A SPECIES OF SWINDLING.—There is any amount of swindling going on among the so-called intelligence agents in this city, just now—a class that have recently multiplied like frogs and toad-stools after a rain. Their victims are generally poor servant girls, or homeless laborers, whom they charge several dollars each for procuring them employment, which generally proves to have been a false promise on the part of the agent, in order to extort money from those who can least afford to part with it.

TELL-TAPPER.—A colored waiter in Charlie Flannery's St. Nicholas Dining Rooms, named Sim Morris, last evening stole about $30 from the till of the saloon. He was followed to Pittsburgh street by Mr. John Flannery where he acknowledged the theft and promised to refund the money; but on being released for that purpose he ran down an alley and escaped, after throwing stones at his pursuers. The police will probably have arrested him ere this.

ARRIVED.—The steamer Cleveland, of the Northern Transportation Company's line, recently sunk off Bar Point, has been successfully raised, and was brought to this port yesterday afternoon by the tug Relief. She was towed into the old river bed, near Stephens & Presley's marine railroad, presenting rather a dilapidated appearance, though we believe her machinery is in good order. Her hull will be repaired and a new cabin built.

LEFT FOR TEXAS.—The tugs "Superior" and "Ontario" which we mentioned a few days ago as here, on their way from Buffalo to Texas, started down the Canal on Monday, last. Drawing to much water, they were unable to proceed very far, and returned to this city. They were here "boxed," and thus drawing much less water left again last evening for the port of their destination.

THE BUFFALO HORSE FAIR.—Great preparations are being made in Buffalo for the Trotting Fair which takes place in that city on the 14th inst. A number of Cleveland gentlemen are going. The premiums offered amount to $10,500, which will be trotted for by the most celebrated horses of the nation, including the famous "Dexter," "Dictator, Jr.," "Butler" and "Toronto Chief."

THE FIRE AND BURGLAR ALARM.—Our friend, V. C. Seward, informs us that the "Fire and Burglar Alarm," for which he is agent, is meeting with universal approbation, and that orders are rapidly coming in. We predicted that it would "take," and still think so. No family or business man can afford to be without one. Call and see it to-night at the New England.

FREEDMAN'S EDUCATIONAL SOCIETY.—The above society will hold its regular monthly meeting to-morrow afternoon at 3½ o'clock, at the Methodist Church, Ohio street. Dr. J. P. Robinson formerly of the Ohio Legislature, will be present and address the meeting. The public are invited to attend.

MISS SEGUR'S CONCERT.—Miss M. Louise Segur, of Brooklyn, N. Y., formerly of this city, will give a grand concert at Brainard's Hall, on the evening of the 14th inst. She will be assisted by a number of New York *artistes*. Her appearance here will be hailed with delight by her numerous friends in this city.

LARGE RECEIPTS.—Probably the largest amount of iron ore ever received at this port in one day came in on vessels yesterday—about 4,000 tons. Among the vessels were the Sherman, Minnie Bell, Evelyn Bates, and John Wheden.

THE S. D. CALDWELL.—This well known and staunch steamer leaves Garretson & Co.'s dock on Wednesday evening next, on a grand excursion to Lake Superior. The fare has been reduced thirty-three per cent. on this trip.

FOR CHICAGO.—The Wenona leaves Buck's dock at 6 p. m. to-day for Chicago and Milwaukee. The Wenona on her downward trip struck a rock off Colchester Point and sprung a leak, which was repaired at Detroit.

CLEVELAND FEMALE SEMINARY.—We have received the Twelfth Annual Catalogue of the Cleveland Female Seminary, from which we learn that the Institution during the last year has been more than ordinarily prosperous. The Seminary edifice, which is spacious and well adapted to the purpose for which it is was designated, is located on Kinsman street, and stands upon a beautiful lot of about six acres, covered in part by a grove of native oaks. This Institution was founded A. D. 1855, and until the 8th day of November, 1863, was owned by a joint stock company, composed of citizens of Cleveland, without regard to church relations.

The next term at the Cleveland Female Seminary commences on the 6th of September next. The following is a list of the Faculty of this excellent institution:

S. N. Sanford, A. M. Principal, Natural Sciences, and Higher Mathematics; Levi Buttles, A. M., Financial Manager, Book Keeping and Assistant in Natural Sciences; Rev. Wm. G. French, Chaplain, Christian Ethics and Sacred History; Prof. Hamilton L. Smith, Lecturer, on Natural Sciences; Miss Alice E. Smith, Vice Principal, Ancient History, Mental Philosophy and Butler's Analogy; Miss Mary E. Seymour, English branches and Mathematics; Miss Henrietta J. Angier, Physical Culture and Latin; Miss Jennie R. Moody, Modern History, Mathematics and Botany; Miss M. Augusta Steele, English Literature and Composition; Miss Amanda E. COMPLIMENTARY.—A correspondent writing from this city to the *Field, Turf & Farm*, speaks thus of Cleveland. "But if you want to see the improvement of carriage teams, you must look for it at the Forest City, and here you will find it. Our men of wealth are legitimate gentlemen who possess the collateral qualifications of good taste, and with leisure at command for the exercise of their gifts, and with the finest driving park in the far West, and the whole country about the City of Cleveland a delightful drive of itself, horse culture has become a ruling passion in our midst. No where else that I know off in this country, except upon the Bloomingdale Road or in Central Park, will you see such splendid carriage teams as may be seen on Euclid Avenue of a Sunday morning, at church time, or upon any of our suburban drives, almost any fine evening when the footing is good. In all matters of good taste and progress of this sort, we will match our City of Cleveland against any other town of seventy-five thousand people on this continent."

THE EXCURSION.—The steamer Keewenaw, which gives the excursion to Buffalo this evening, will arrive here from Detroit this morning. Everything looks favorable to the entire success of the excursion.

MISTAKE CORRECTED.—A mistake occurred in my short notice concerning Randall's cheese factory at Montville, which, in justice to the parties, you will please correct. I am made to say "two," when it should have been "four," as designating the number of milk vats. J. C. B.

SPECIAL NOTICES.

Peace Hath its Victories.—To prevent or conquer disease is a grand achievement; and as surely as bull t and bayonet will destroy, so surely will HO TETTER'S BITTERS preserve and prolong life.

This is the most trying period of the year. The stamina of the strongest yields more or less to the consuming temperature of midsummer. Vigor oozes from every pore. The strength of man passes away in invisible vapor, and weaker woman becomes relaxed and nerveless. It was to meet such difficulties that Hostetter's Bitters were given to society. It is to prevent the evil consequences to which an unbraced, depleted, debilitated organization is liable, that they are recommended as a SUMMER TONIC for both sexes. Old people die of exhaustion every day, who might have lived safe at bay for years to come by an occasional resort to the powerful and harmless vegetable stomachic.

Nine-tenths of the community, rich as well as poor, work continually. If their hands are employed their brains are busy, and head work is as depressing to the vital energies as muscular toil. But tone the system with Hostetter's Bitters and the wear and tear of business life will be comparatively unfelt even in the most oppressive weather. No languor will be experienced, for as fast as the vital forces are expended they will be recruited and renewed by this healthful restorative. As a summer luvigorant it is indispensable to young and old. Sold everywhere. jy20

A Remedy for the Piles.—It is a blessing to the suffering to know that we have an effectual cure for this truly troublesome disease. Mr. J. F. Hazards, of 184 Second street, Cincinnati, Ohio, takes great pleasure in informing all who are suffering with piles, that he used a small quantity of Dr. Strickland's Pile Remedy, and it effected a permanent cure. This seems to be the case with all who make use of this splendid preparation. It is manufactured at No. 6 East Fourth street, Cincinnati, Ohio, and sold by all Druggists.
