Consumption Can Be Cured.

This has been demonstrated in thousands of cases treated by DR. WILLIAMS. With his new system of medicated inhalations, also the oxygen and compound oxygen treatment, combined with proper constitutional remedies for the liver, stomach, blood, etc. Probably no system of practice ever adopted has been so universally successful as that introduced by Dr. Williams for the cure of Catarrh, Throat Diseases, Bronchitis, Asthma and Consumption.

At times many of the symptoms of Catarrh...

At times many of the symptoms of Catarrh may seem to abate, and the patient is led to believe that the disease is about to wear off, but another class of symptoms soon appear, and he learns to his horror that instead of recovery from the disease, it is somewhat changed in its character and has extended to the throat. A sense of weariness is sometimes felt in reading, speaking or singing, hoarseness at times occurs, a sensation of dryness is sometimes felt in the throat, or it appears that some foreign substance, as, for instance, a hair, obstructed the throat; there sometimes occurs a feeling as though there was not room enough in the chest to breathe; these and other symptoms occur after the disease has made considerable progress. Then it is a time when consumption is about to begin its dreadful work. Up to this point the progress of the disease may have been slow, and the patient may be expressing his confident hope that it will "wear off," declare that he has had the catarrh for years and has not seemed to become much worse, and trusts he will "by-and-by" recover. But this delusion is the grand error which has peopled our cemeteries with consumptive forms, as all forms of catarrh end finally in consumption.

A SERIOUS BLUNDER.

A Lady Nearly Prostrated by a Patent Medicine. A lady well-known in the Western Admittion has been a great sufferer for years with indigestion and dyspepsia. Struck with the testimonials praising Joy's Vegetable Sarsaparilla, she sent for a bottle. The druggist, not having it, talked them into taking another sarsaparilla. As the leading sarsaparilla use mineral blood purifiers, the effect of the emptying of iodide of potash into a stomach already dangerously delicate was disastrous, almost prostrating her before the mistake was rectified. She then called upon Mrs. Fowler, of 327 Ellis street, whose name was among those cured by Joy's Vegetable Sarsaparilla. Mrs. Fowler said it was true that it had cured her. Again renewed, the vegetable compound was sent for and gotten. The gentle action of its vegetable stimulants upon the liver, kidneys and digestive organs, and its warm stomach tonics, were the very things needed, and she began improving and was her old self within a fortnight. This sounds like fiction, but the names can be given if necessary.—San Francisco Examiner.
