Providencia's Offer.

The following offer was made by the Providencia Land and Water Company

Frovidencia Land and water Company for the State Reform School:

To the Board of Commissioners for the location of the State Reform School.

GENTLEMEN—At the meeting of the Board of Directors held on April 8th, 1889, the following resolution was adopted:

"Refit resolved. That the Providencia

Board of Directors held on April 8th, 1889, the following resolution was adopted:

"Be it resolved, That the Providencia Land, Water and Development Company will donate to the State Reform School for boys, eighty acres of land with water stock in the Laguna Irrigation Company, representing eight inches for irrigation and sewerage purposes, and that we will lay fipes and deliver pure spring water from the mountains from the Burbank water system for domestic purposes upon the same terms and conditions that are furnished property owners in the town of Burbank."

We state further that there is an abundance of first-class foundation stone on our property, near the land offered, which the State can have without charge. There is also a fine quality of clay for making brick very near the proposed site, and that brick can be made very cheaply, probably not to exceed \$6 dollars per thousand. The purest and best of water for domestic use can be had by boring from fifteen to thirty feet, and water could be pumped into a reservoir on the roof of the building at a very small expense. The land offered is of the finest quality, and will produce anything that grows in Southern California. The Log Angeles and Pacific and the Southern Pacific Railroad Companies run many trains to and from Los Angeles during the day, both roads being immediate to this property. The land is within eight miles of the city of Los Angeles, and within feet in the city of Los Angeles, and within feet miles of the city of Los Angeles, and within feet miles of the city of Los Angeles, and within feet miles of the city of Los Angeles, and within feet miles of the city limits. In point of the city of Los Angeles, and within feet miles of the city of Los Angeles, and within feet miles of the city of Los Angeles, and within feet miles of the city of Los Angeles, and within feet miles of the city of Los Angeles, and within feet miles of the city of Los Angeles, and within feet miles of the city of Los Angeles, and within feet miles of the city of Los Angeles, immediate to this property. The land is within eight miles of the centre of the city of Los Angeles, and within five miles of the city limits. In point of healthful location nothing more desirable can be found in Southern California. The soil is rich and entirely free from alkali or adobe. The situation is elevated, commanding a view of the entire San Fernando Vallev and a portion of the city of Los Angeles. Yours, very truly, L. T. Garnery, President Providencia L. & W. Co. Los Angeles, April 9, 1889.

A Denver and Riq Grande excursion will leave for the East to-night.

chief waiting-room of the Wolfsan depot.

Mr. D. M. True, Passenger Agent in this territory for the Pennsylvania Rail-road, has returned from San Francisco. He will leave for Santa Barbara to-day.

The Pacific overland, No. 20, which should have arrived here on Sunday evening, did not pull in until noon yesterday. The cause of delay was a freight wreck near El Paso.

Messrs. J. W. Adams, of the Chicago and Alton, and Frank Phillips, of the Phillips Excursion Company, have gone to Portland, where they are about to establish a Walker & Phillips excursion agency.

Mr. Eli Denison, the proprietor of the peanut routes on the Southern Pacific, who has been attending the spring meeting here, left last night for the north, leaving, however, his wife and family here. He will return on Friday.
