### FINANCE AND TRADE.

NEW YORK, July 25.—Stocks opened slightly lower, but the pressure was less pronounced. Shortly after the opening a better feeling set in, and fractional advances were scored.

Later the market showed more resisting power, from the fact that there were now two sides to the trading. Some operators thought the decline had run its course, and were buying whenever favorites fell below a certain point. Some stocks, however, were weaker than ever, notably Missouri Pacific, Northern Pacific and Atchion, weakening the whoie list.

The bank failures at Milwaukee, Louisville and Indianapolis, more particularly the suspension of the Wiscousin Marine and Sire insurance bank of Milwaukee, utterly demornized the holders of western stocks this afternoon, and a general rush to sell was witnessed. Granger stocks sold at the lowest point in years. It was liquidation, pure and simple, sithough the bear element did all in its power to accelerate the downward movement. Blocks and blocks of long stocks were thrown overboard, and the question of price did not seem to enter into the operations. Dividend payers and fancy stocks suffered alike.
