Notice of Street Work. NOTICE IS HEREBY GIVEN THAT ON Monday, the 25th day of Sept., A.D. 1933, the Council of the City of Los Angeles did, at its meeting on said day, adopt an ordinance, numbered 1872, (new series), to have the following work done, to-wit: First - That said

SIXTH STREET. In said city from the west line of Pearl street to the east line of Fremont avenue, including all intersections of streets crossing such portions of said street and intersections as are required by law to be kept in order or repaired by any person or company having railroad tracks thereon, and also excepting such portions as have already been graded, graveled and accepted in accordance with specifications in file in the office of the city engineer and specifications in file in the office of the city clerk of the city of Los Angeles, said specifications being numbered 1272.

Second - That a redwood curb be constructed along each line of the roadway of said street, extending along such portions of the line of said street as have not been graded, graveled and accepted in accordance with specifications in file in the office of the city engineer and specifications in file in the office of the city clerk of the city of Los Angeles, said specifications being numbered 1272.

Third - That a cement curb be constructed along each line of the roadway of said street, extending along such portions of the line of said street as have not been graded, graveled and accepted in accordance with specifications in file in the office of the city engineer and specifications in file in the office of the city clerk of the city of Los Angeles, said specifications being numbered 1272.

Fourth - That a cement curb be constructed along each line of the roadway of said street, extending along such portions of the line of said street as have not been graded, graveled and accepted in accordance with specifications in file in the office of the city engineer and specifications in file in the office of the city clerk of the city of Los Angeles, said specifications being numbered 1272.

Fifth - That a cement curb be constructed along each line of the roadway of said street, extending along such portions of the line of said street as have not been graded, graveled and accepted in accordance with specifications in file in the office of the city engineer and specifications in file in the office of the city clerk of the city of Los Angeles, said specifications being numbered 1272.

SIXTH STREET. In said city from the west line of Pearl street to the east line of Fremont avenue, including all intersections of streets crossing such portions of said street and intersections as are required by law to be kept in order or repaired by any person or company having railroad tracks thereon, and also excepting such portions as have already been graded, graveled and accepted in accordance with specifications in file in the office of the city engineer and specifications in file in the office of the city clerk of the city of Los Angeles, said specifications being numbered 1272.
