

NEWS FROM NEAR-TOWNS.

Proceedings of the Pasadena City Council.

An Unknown Floater Found Near Santa Ana.

Santa Monica's Interest in the New Wharf—The Pomona Woman's Council Hold an Interesting Session.

PASADENA, Feb. 19.—Only three members of the council were present when the meeting was called to order this afternoon. Councilman Lukens and Clarke being both out of town.

Mrs. Morrill, the librarian, presented a bill for supplies, which was referred to the auditing and finance committee without reading.

Resolutions were adopted ordering Maylin street graded, guttered and curbed for its entire length.

Machine drive was also ordered graded and curbed from Orange Grove to Pasadena avenue.

An ordinance establishing the grade of Garfield avenue was passed by sections; also one establishing the grade of Lincoln avenue, from Orange Grove to Lincoln street.

The regular weekly report of the auditing and finance committee was received, and bills ordered paid to the extent of \$1,000.

The clerk was instructed to have 300 copies of the annual report printed.

Dr. C. A. Briggs and B. M. Kelso addressed the council relative to the necessity of a sewer on South Euclid street, between Lincoln and Washington streets.

The council took action toward affording this section of town an opportunity of reaching the main sewer.

The matter was thoroughly discussed, and it was decided to ask the city engineer to prepare a plan and diagram of a sewer line, to be laid on Euclid avenue, Concord court, Arcadia and California streets.

A FLAG MAN WANTED.

The attention of the council was called to the fact that the flag man company had not a flag man at its Colorado street crossing as is called for in its franchise.

Considerable surprise was expressed at the failure of the company to comply with the requirements of its franchise, and the clerk was instructed to notify the railroad people that they must put a flag man at the crossing within five days.

MORE STREET IMPROVEMENTS.

The following petition was presented and granted for street improvements, showing that the general movement in this direction is far from dead:

To grade, gutter and curb Lake avenue from Colorado street north to Hill street.

To curb and grade Lincoln avenue between Orange Grove and Lincoln street.

To grade, gutter and curb Garfield avenue from Illinois street north to the city limits.

To grade, gutter and curb Lincoln avenue from Colorado street to Eleventh street.

Protests were received against laying a cement walk and gutter on Lincoln street between Colorado and Center streets, and another on the north side of Walnut between Raymond and Lincoln streets.

GENERAL BUSINESS.

E. S. Hine was granted permission to place a sign in front of his store on West Colorado street.

A petition was received from Mr. L. B. Huber asking permission to erect a brick building on the corner of Center and Lincoln streets, with a 25-foot frontage; also one from I. B. Powell, to be allowed to erect a corrugated iron building on the corner of Center and Lincoln streets.

The Terminal Railway company was granted a special of \$2.10 on personal property.

The appointment of S. M. Mills and P. Bassett as referees of the estate of the late Mrs. J. M. Buchanan was approved.

The city engineer submitted designs of sewer districts for both Lincoln and Colorado streets, which were respectively approved.

The city clerk was instructed to purchase such supplies as are necessary for the coming municipal election, after which a motion to adjourn until Wednesday morning, the 22nd, at 10 a. m. was carried.

The extra session will be held for the purpose of fixing the date of the coming election, which will occur on the second Tuesday in April.

THE RELIGION OF INDIA.

The Universalist church was crowded last evening to hear B. Nagarkar, a native of Bombay, India, deliver an address upon the Spiritual Belief of the Brahmo Samaj, the sect which the speaker presented at the world's congress of religions.

A NEW CHARTER.

It is probable that the next day's city council will be the last of the kind, and that at a very distant date the people will be called upon to vote on a new charter, which will bring us up to a fifth-class municipality. As will be remembered, the present charter is an amendment to the state constitution, and was voted upon by the people of the city of the fifth class the right to frame charters of their own, instead of working under the general state charter.

In order to get the special charter through it will be necessary to hold two elections. The first for the purpose of electing ten citizens, whose duty it will be to draw up the charter and present it to the voters of the city for approval.

This last will also have to be an election, so that the promises to hold a summer assembly for the purpose of electing ten citizens, whose duty it will be to draw up the charter and present it to the voters of the city for approval.

The last will also have to be an election, so that the promises to hold a summer assembly for the purpose of electing ten citizens, whose duty it will be to draw up the charter and present it to the voters of the city for approval.

The last will also have to be an election, so that the promises to hold a summer assembly for the purpose of electing ten citizens, whose duty it will be to draw up the charter and present it to the voters of the city for approval.

The last will also have to be an election, so that the promises to hold a summer assembly for the purpose of electing ten citizens, whose duty it will be to draw up the charter and present it to the voters of the city for approval.

The last will also have to be an election, so that the promises to hold a summer assembly for the purpose of electing ten citizens, whose duty it will be to draw up the charter and present it to the voters of the city for approval.

The last will also have to be an election, so that the promises to hold a summer assembly for the purpose of electing ten citizens, whose duty it will be to draw up the charter and present it to the voters of the city for approval.

The last will also have to be an election, so that the promises to hold a summer assembly for the purpose of electing ten citizens, whose duty it will be to draw up the charter and present it to the voters of the city for approval.

The last will also have to be an election, so that the promises to hold a summer assembly for the purpose of electing ten citizens, whose duty it will be to draw up the charter and present it to the voters of the city for approval.

The last will also have to be an election, so that the promises to hold a summer assembly for the purpose of electing ten citizens, whose duty it will be to draw up the charter and present it to the voters of the city for approval.

The last will also have to be an election, so that the promises to hold a summer assembly for the purpose of electing ten citizens, whose duty it will be to draw up the charter and present it to the voters of the city for approval.

The last will also have to be an election, so that the promises to hold a summer assembly for the purpose of electing ten citizens, whose duty it will be to draw up the charter and present it to the voters of the city for approval.

The last will also have to be an election, so that the promises to hold a summer assembly for the purpose of electing ten citizens, whose duty it will be to draw up the charter and present it to the voters of the city for approval.

The last will also have to be an election, so that the promises to hold a summer assembly for the purpose of electing ten citizens, whose duty it will be to draw up the charter and present it to the voters of the city for approval.

The last will also have to be an election, so that the promises to hold a summer assembly for the purpose of electing ten citizens, whose duty it will be to draw up the charter and present it to the voters of the city for approval.

The last will also have to be an election, so that the promises to hold a summer assembly for the purpose of electing ten citizens, whose duty it will be to draw up the charter and present it to the voters of the city for approval.

The last will also have to be an election, so that the promises to hold a summer assembly for the purpose of electing ten citizens, whose duty it will be to draw up the charter and present it to the voters of the city for approval.

The last will also have to be an election, so that the promises to hold a summer assembly for the purpose of electing ten citizens, whose duty it will be to draw up the charter and present it to the voters of the city for approval.

The last will also have to be an election, so that the promises to hold a summer assembly for the purpose of electing ten citizens, whose duty it will be to draw up the charter and present it to the voters of the city for approval.

The last will also have to be an election, so that the promises to hold a summer assembly for the purpose of electing ten citizens, whose duty it will be to draw up the charter and present it to the voters of the city for approval.

The last will also have to be an election, so that the promises to hold a summer assembly for the purpose of electing ten citizens, whose duty it will be to draw up the charter and present it to the voters of the city for approval.

The last will also have to be an election, so that the promises to hold a summer assembly for the purpose of electing ten citizens, whose duty it will be to draw up the charter and present it to the voters of the city for approval.

The last will also have to be an election, so that the promises to hold a summer assembly for the purpose of electing ten citizens, whose duty it will be to draw up the charter and present it to the voters of the city for approval.

The last will also have to be an election, so that the promises to hold a summer assembly for the purpose of electing ten citizens, whose duty it will be to draw up the charter and present it to the voters of the city for approval.
