THE DAY FOR GIVING THANKS.

Services in the Churches and Turkeys in the Homes.

Thanksgiving Offerings to the Dying Poor.

The Fall Field Day of the Athletic Club Offers a Fine Entertainment for the Sport Loving Public.

Thanksgiving day will be pretty generally celebrated in this city today, principally by the churches, the athletes, the lovers of sports and the lovers of good things to eat. The business houses will close in recognition of the day, and the schools likewise. The theaters of the city give special matinees, and the churches hold services appropriate to the occasion.

The poor people of the city will enjoy the day, thanks to the school children who yesterday brought articles of all kinds to the several schools until one gentleman who visited the different school houses said that any one of the collections of good things would discount the Los Angeles county display at the midwinter fair.

Sports in the afternoon will be the principal outdoor amusement afforded. A game of baseball takes place at First-street grounds in the afternoon.

FALL FIELD DAY.

The Programme of Sports to be Given at Athletic Park.

Today is the fall field day of the Los Angeles Athletic club and an excellent programme has been arranged, to be given at Athletic park.

At 1:30 the events will commence and the whole afternoon will be crowded full of them, varied enough to please everybody.

The wheelmen of the club have been training for the day for weeks. Every afternoon a track full of them might have been seen at the park with sweat-drops and rubbers and all the track paraphernalia, getting down to fine condition.

Al Schock, the champion six-day man, has had charge of several of the wheelers, notably Fay Stephenson. This well-known athlete will endeavor today to establish a new coast record.

"I shall ride 100 miles," he said to a Herald reporter yesterday, "if it takes a week, but I expect to make it in less than five hours, and that will give me the coast record."

Waller now holds the coast record and A. Harding of St. Louis holds the American record for 100 miles in 4 hours, 37 minutes and 56.45 seconds. Stephenson is a strong rider and Schock has him in fine trim, so that the chances of his getting a record are good.

Emil Ulbricht, another powerful rider, will pace Stephenson for 25 miles and endeavor to make a record on that distance, or possibly lower the one hour record.

The entries for the events today are as follows:

First heat—Charles D. McGee, Tom Rico, L. Martin, J. R. Gardner, Robert Gaylord.

W. A. Burke will ride a wheel which he has had made for him and which is probably the best racing wheel in the city. It is a March and weighs 18 pounds. Burke is expected to distinguish himself on the new wheel.

The track officials for the day will be as follows: Referee, W. J. Allen; clerks of the course, H. C. F. Smith, A. D. Cummings; starter, A. C. Way; timers, J. S. Thayer, W. Kalpenberg, J. Phil Perceval, W. E. Tyler; judges at finish, W. F. Kennedy, John Brink, C. P. Lyndall; field judges, Alfred Cooper, C. M. Baker, C. W. Chase; scorers, Geo. Tuttle, Chas. McKee, E. S. Pauly.

The events are held under sanction of the L. A. W. racing board and A. A. U. and L. A. W. rules.

The Boys Will Eat.

The Herald newsboys will be given a substantial Thanksgiving dinner today at 2 o'clock at the New York Kitchen, on First street. The bill of fare will include, among other good things, roast turkey, mince pie, ice cream, etc.

Considerable clothing, shoes and stockings will be distributed to the boys who have sold the most HERALDS during the past month.

The youngsters will no doubt be out in full force and do ample justice to the supply of edibles.

To Render Thanks.

At the Thanksgiving services at the cathedral this morning, to begin at 9 o'clock, Edward Marz's Italian mass will be rendered by the choir. During the offertory, Donizetti's O Salutaris Hostia will be sung as a trio, and the

To Doom Landamus will be the concluding feature of the musical portion of the service.

Bishop Montgomery will preach the sermon, and without doubt the cathedral will be crowded in order to hear this eminent divine and also enjoy the exceptionally fine musical programme. Thanksgiving is not a day of obligation, but the Catholic church observes it as a day of special blessing and thanksgiving in accordance with the Baltimore decree as well as the proclamation of the president.

Union Thanksgiving services for all the central churches will be held today at 11 o'clock in the First M. E. church on Broadway. Rev. A. C. Bane will deliver the sermon, and the collection will be made for the special benefit of the Associated Charities.

To Make Others Happy.

Thanksgiving offerings of a cheering and appetizing kind are piled up at 344 New High street, and all those good things will be distributed to the deserving ones this morning. It is especially requested that all charity organizations will delegate a committee to attend at the above headquarters at 9 o'clock to assist in attending to the needs of the throng that it is anticipated will besiege the place.

BISHOP MATZ'S RESIGNATION.

Father Maguire of Chicago Named as His Successor.

CHICAGO, Nov. 28.—Regarding the rumored appointment of Father Maguire of this city to succeed Bishop Matz of Denver, Father Malone, editor of the Colorado Catholic, who is in Chicago, says:

"The report of Father Maguire's appointment most likely originated from the fact that Bishop Matz himself suggested Father Maguire as his successor. There has never been any secret about this that I have been aware of, as all of Bishop Matz's intimates have made it public, but as Bishop Matz's resignation, as was not generally known, is conditional upon his appointment to some other office, it is very improbable that any one will be appointed to succeed him, at least for some time. The condition attached to his resignation of Bishop Matz makes its acceptance highly improbable."

Resolutions Adopted for the Remonetization of Silver and General Promotion of Western Interests.

Special to the HERALD.

St. Louis, Nov. 28.—The transmississippi congress has passed the following preamble and resolution:

Whereas, Upon the completion of the Nicaragua canal, a deep-sea harbor on the southern coast of California is indispensable to the commercial and naval necessities of the country, there being no adequate harbor facilities between San Diego and San Francisco, a distance of 600 miles of sea coast, and

Whereas, The United States government, through its corps of army engineers, has by its several boards in exhaustive reports, unanimously selected San Pedro harbor as the most eligible site for such deep-sea harbor and the only practicable harbor of refuge between points Dame and Capistrano, as required by act of congress, and

Whereas, There is an interior harbor at San Pedro which has been improved by the government under the direction of its engineer corps, and which has a dock frontage of more than two miles in extent; therefore, be it

Resolved, by this transmississippi congress, That the congress of the United States, at its coming session, be urged to provide for the construction of this deep sea harbor at San Pedro, as already determined by the several acts

The Wine Growers.

SAN FRANCISCO, Nov. 28.—The Wine Growers' association held another meeting here this afternoon. There was a large attendance. The report of the committee showed that signatures had been secured guaranteeing to the association the control of 9,500,000 gallons of wine, an increase of over 3,000,000 gallons since the last meeting. The committee is still at work. After some talk as to the men to be elected, the directors' meeting adjourned.

Household Economists.

CHICAGO, Nov. 28.—The National Household Economic association held a special meeting today. Letters were read from the vice-presidents of the different states, who made encouraging reports. BOUNTY ON EXPORTS.

Mr. Lubin's Proposition Tabled.—Proceedings of the Congress.

By the Associated Press.

St. Louis, Nov. 28.—At the morning session of the transmississippi congress the California delegation, under a special order allotting two hours to the discussion of staples of agriculture, opened the debate upon a proposition to favor a bounty upon exported agricultural products which cannot be aided by a protective tariff, so long as manufacturers receive such protection. The proposition was in the form of a minority report from the committee on resolu-
