## FIRST PLACE IN CABINET

### Olney Appointed Secretary of the State Department

#### THE PORTFOLIO OF JUSTICE

Judson Harmon of Ohio to Be Attorney General

Official Announcement of the Appointments Made by the President—Pen Pictures of the Officials

Associated Press Special Wire. WASHINGTON, June 7.—President Cleveland this afternoon announced the following cabinet appointments:

Secretary of state, Richard Olney of Massachusetts.

Attorney-general, Judson Harmon of Cincinnati.

The appointment of Mr. Olney to fill the vacancy caused by the death of Secretary of State Gresham was expected, the president having intimated a few days ago that he would make such appointment.

Mr. Cleveland's selection of Mr. Harmon was somewhat of a surprise and he had not been placed by the press on the list of the gentlemen likely to be chosen for office.

#### The New Secretary

Richard Olney, the new secretary of state, comes from sturdy Puritan stock. His ancestor, Thomas Olney, came from England and settled at Salem, Mass., in 1735. The father of Richard Olney lived on the cotton mills at Roxford and also engaged in banking. His mother was a Signorette, descendant from French Huguenots who fled from France to this country. The new secretary graduated from Brown university in 1859 and from the Harvard law school in 1863. He married Agnes, daughter of Judge Benjamin F. Thomas, with whom he studied law. They have lived for late years at Boston, with summer residences near Buzzard's Bay and Gray Gables.

Mr. Olney is a man of medium height and robust form, and in general appearance he conveys the impression of intense vitality and physical endurance beyond that of any man who has occupied the position of secretary of state in many years. He has served one term in the state legislature in Massachusetts. In politics Mr. Olney is an old time Democrat, but was once a Republican. He has been a member of the Massachusetts legislature for many years. He did not take part in the last presidential campaign, but rendered effective service to Mr. Cleveland in an unobtrusive manner. As a lawyer his success has been rather that of a counselor than that of an advocate.

#### The New Attorney General

Judson Harmon is not only recognized as one of the foremost lawyers and jurists of this state, but also as one of the most popular citizens of Ohio. He was born near Cincinnati, forty-nine years ago, which has always been his home and is known by all. His father, Rev. E. F. Harmon, was a Baptist minister, well known throughout the Ohio valley. Judge Harmon was graduated at Denison university, a Baptist institution at Granville, Ohio, in 1865, and began the practice of law in Cincinnati. He was elected to the Ohio legislature in 1872, when he was elected to the Ohio legislature. As a Democrat he was elected a common pleas judge on the Tilden ticket in 1876. He was elected supreme judge in 1878, re-elected in 1883 and when ex-Governor George Hoadley went to New York in 1887, Judge Harmon resigned from the bench to become the head of the firm of Harmon, Colston, Goldsmith & Hoadley, which represents many railroads and other large corporations, and was which he will continue to do. When Judge Harmon resigned in 1887 Governor Foraker appointed Judge William Taft, now United States circuit judge, and formerly solicitor general, to the vacancy.

Mrs. Harmon is an accomplished lady, the daughter of the late Dr. Scobey Hamilton. They have three daughters, Mrs. Edman Wright, jr., of Philadelphia, Miss Elizabeth, a recognized society leader, and Margaret, the youngest of the family, who is 14 years old.

CINCINNATI, June 7.—When the appointment of Judge Judson Harmon became known here this afternoon attorneys from the courts and their offices

rushed to the office of Harmon, Colston, Goldsmith & Hoadley to congratulate the new attorney general and ask for a date for a farewell dinner from the bar.

Judge Harmon said he received a letter from President Cleveland today and replied to it by wire. He had no knowledge of his appointment until advised by the Associated Press. He went to Columbus tonight on business and does not know when he will go to Washington.

#### EACH STOCKHOLDER LIABLE

Claim of Counsel for the Government in the Standard Case. SAN FRANCISCO, June 7.—Judge McKinnick, special counsel for the government, made his argument in the suit against the Leland Stanford estate today in the United States circuit court.

He endeavored to demonstrate that the debt which was created under the act of congress of 1862 was merely a statutory limitation and not a condition as the Stanford counsel contended. He showed that each stockholder is liable for the debts of the corporation. He argued that the railroad had entered into a contract with the government and as a result certain liabilities were created. The railroad had accepted the land grants and agreed to pay the bonds on maturity. The government had exacted the railroad's pledge that it would maintain the road in good condition transport the mails for certain fixed sums and pay into the treasury of the United States a certain percentage of the dividends in order to redeem the bonds when they matured.

Counsel argued that congress had imposed a personal liability. The government was not dealing with an inanimate body like a corporation, but with the stockholders themselves.

In Carload Lots Seedlings and Mediterranean Sweets Will Be Handled for \$1 a Hundred Pounds

SAN FRANCISCO, June 7.—The Southern Pacific has joined the Santa Fe in a proposition to reduce the rate on orange seedlings shipped to eastern points.

The proposed rate is \$1 per hundred pounds in carload lots of not less than 24,000 pounds. The existing rate is \$1.25. The rate will only apply on seedlings and Mediterranean Sweets. The rate on navel and other varieties will remain the same.

SANTA CRUZ, June 7.—The highest tide of the season was last night. Notwithstanding this force it was a test which the dam passed through successfully. This morning the river has the appearance of a lake, the water almost touching the floor of the band stand. Large boats are being rowed over its surface, while on both sides of the river men are building gondolas. It has been decided to add fifty feet more of wharfage to the landing place of the queen's throne. This has been found necessary owing to the large number of boats entered for the procession on the river. The queen's barge is being modeled after that of the Doge of Venice. It will be a gorgeous affair, canopied and illuminated by incandescent lights. Maskers' day, Saturday, will be devoted entirely to pleasure. Everybody is requested to mask. Already hundreds of costumes have arrived. Business men, professional men, and in fact everybody will appear in mask. Rooms have been engaged for Governor Budd and staff. SAN FRANCISCO, June 7.—The fact that the steamer Mexico is about twenty-four hours overdue at Victoria from this port does not cause any apprehension here. Garcia, the San Bernardino Assassin, Goes to His Death With a Smile—Collins' Bravado Forbodes Him

#### Associated Press Special Wire.

SAN FRANCISCO, June 7.—In the state prison at San Quentin three murderers were hanged today. The men were Patrick Collins, who stabbed his wife twenty-eight times because she would not continue to relinquish her earnings for the maintenance of her husband's debauches; Antonio Azof, who shot Detective Len Harris of the Southern Pacific station at Boulder Creek, and Amelio Garcia, a Mexican who slew James Guilminot, an aged resident of San Bernardino, because the victim would not give his money to Garcia and two companions.

SAN QUENTIN PRISON, June 7.—At 8 o'clock this morning Warden Hale walked to the old factory building in the prison yard, in the third story of which gallows had been erected for the execution of Patrick Collins, Amelio Garcia and Antonio Azof. He visited the condemned men in their cells and found them cheerful. The warden prepared to read the death warrants. Collins offered to waive the reading, but the warden carried out the formalities of the law to the letter. During the reading the condemned men paid little attention. They seemed relieved when the preliminary was finished.

Garcia passed a good night. He went to bed early and slept soundly. But the slumbers of Collins and Azof were disturbed.

At 7 o'clock breakfast was served. All three ate heartily of fruit, coffee and bread. Early Father Lagan and other Catholic priests from San Rafael arrived at the prison and offered consolation to the three men. Collins and Garcia were Catholics and embraced the rites of the church. Azof at the last hour was baptized in the Catholic faith. At 8:30 the condemned men bathed and donned black trousers and dark blouses. As soon as the 7:40 train arrived from San Francisco with about 100 citizens invited to witness the execution, Garcia was taken from his cell and led to the gallows. Before him walked two priests chanting the Catholic service.

He smiled as he walked up the stairs.
