## SPECIAL NOTICES.

A STRONG INDORSEMENT—

I hereby certify that I have used Oxydonor 'Victory' since April, 1894, and still use it as directed: furthermore, were it impossible to obtain another like it I would not accept in exchange for the one I have the whole Golden State of California, for of what use is a pocket-book full of gold when there is no sleep to be lought in the market? I am turning no fine phrase, but mean just what I say.

Twenty-three years ago while in perfect health I received a shock which resulted in my gradually losing the use of myself. I was four years on crutches, and have been ten years in a wheel chair—the last two unable to feed myself, During that time I have suffered yety much of agonizing pain in the joints and muscles, which culminated last February, 1894, in resultant nervous exhaustion super-Induced by insomnia.

I think I may venture to say that I have been known as a brave woman, but I am free to admit that insomnia conquered both hope and courage, and for the first time in my life I longed for oblivion.

A neighbor, Mr. George S. Patton of Lake Vineyard rancho, San Gabriel, brought me his Oxydonor to try. The first night I put it on I slept like a babe all night, and have continued to do so ever since, by following "common sense rules" in its application. The pain in my joint, muscle or nerve will cease inside of ten minutes after properly applying the "Oxydonor." STRONG INDORSEMENT-

donor."

My naturally good digestion and assimilation have returned, and I experience no minor troubles, except when getting food rendered unwholesome by poor cooking. Most of my joints have been entirely anchylosed for over three years, hence it would be incontrovertible idicey for me to expect a complete restoration; but though entirely satisfied with its work of less than a year, I feel quite sure of a further improvement, also I am equally sure that its application six years ago, before the joints atroplied, would have made me a useful citizen today. en today.

My case is well known on the Pacific coast,
nd though having been "out of the world" as
were, there are still enough of reputable
titzens who knowme, and will testify to the
nuth and reliability of any statement I may
ake

make,.

The 'Oxydonor' is no plaything as you will find if you try to "fool" with it, but by using common, sensible judgment, and studying Dr. Sanche's books, you will find it to do precisely what it says it can.

PROF. D. H. MORRISON, VOICE CULTURE studio 77-78 Potomac block, cheerfully gives the following testimonial as to the merite of the Oxydonor:

To preachers, Lawyers and Singers—The Oxydonor "Victory" is invaluable, as it gives tone and strength to the vocal organs, making one to speak or sing with brightness of voice. I find maself greatly benefited in various ways by its use, and will be glad to give my experience and opinion to any one who may desire to call upon me. My wife, who has been a sufferer from rheumatism for the past three years, causing severe pain and sleeplessness finds great relief from pain and entire cure from sleeplessness, by the use of the Oxydonor "Victory," and cannot say enough in its praise, D. H. MORRISON.

Nadeau Has Well that Spartly are all wondering how he does it, but never mind, he known how to doit. Some say he did it with his little hatchet. Well, that is partly right; you see it was this way, he called all the boys (his employes) together and gave them each a broad ax; within 48 hours they had chopped twenty-five per cent off the price of everything in the store. This meant a big loss in profits, but we had to do it to get room in our new store; and would you believe ft, our sales rau up so high the first week that we feel justified in keeping this thing up just as long as we car get hold of job lots of new or second-hand goods at snap bargains for spot cash. We shall take them all in, and our customers will get the benefit. Nadeau, 311-313 S. Main.
