## The American Field Day Takes Place Today. A Big List of Entries in Athletic and Bicycle Events—This Will Be an Important Day in Sports

Yesterday the best men of the Turner societies had a chance to show their prowess at Agricultural park, in the individual turning that marked the second day of the Kreisturnfest, and a very pleasant sight it was.

"The day was all that could be desired, although the grand stand did not fill up to any great extent.

The day was essentially for Turners, and nearly all the men in the different teams were on deck to take their share in its hard work, and many of them acquitted themselves in admirable style.

During the entire day the "festplatz" in front of the grand stand was a busy place. Different groups of "man in gray" exhibited to the spectators an ever-shifting scene of muscular activity.

President F. G. Teed and Councilmen Munson, Pessell, Kingery, Snyder, Stockwell and Ashman were interested spectators of the afternoon events, and were accorded many courtesies by officers of the Kreisturnfest.

The individual turning began in the morning at 9 o'clock. In these events the Turners are divided into three groups or grades. In the first group the participants work on the horizontal bar, parallel bars and long horse; in the second group, they embrace the hop, step and jump, broad jump and putting the shot, while

Robert Krohn, the Wonderful Athlete the third or highest group includes the pole vault, high jump, running high jump and rope climbing.

There was a fourth group which was the center of much kindly interest, and the members of which were obliged to undergo a lot of good-natured chaff. It was called the "tertiary" or old men's class. Most of them are husky "old boys" and could give the youngsters a hard rub all along the line. It embraces Turners over 30 years old, and one of its most active members was Caspar Eilbarger of San Francisco, who is 53 years of age and active as a cat. The others in the class were: P. Ottinger, A. Brehm, F. A. Dohrmann, E. Grose of San Francisco; G. Kurtstein and N. Frankenberg.

It is the arrangement of the managers that the results of the contests will be given tonight at Turner hall, when a distribution of all the prizes takes place, so that the records of the new men in the individual contests yesterday and the society contests of Monday will not only be officially known until then. From conversations with Turners, however, it is pretty well settled that the San Francisco Turnverein of San Francisco will not only be both with flying colors, and get away with a good many of the events. They are a splendidly trained set of men, and their appearance both in the society contests and other events has excited much admiration and has been the despair of the Turnverein Germania team, which has been very hard work, and will come very close to the victors.

Among the men who excelled in the individual contests yesterday were: W. Feldkamp of San Francisco, who made 12 feet 4 inches in the running broad jump; he also made 42 feet 6 inches in the hop, step and jump, and 18 feet 6 inches in the pole vault.

Others of the bicycle meet—Referee, J. Phil. Lavery; judges, Sherman Pease, S. H. Lavery, L. L. Fox; timers, J. S. Thayer, W. F. Travis; and ex-Councilman, J. Baumgarten of Oakland made 17 feet 1 inch in putting the 35-pound shot.

In the pole vault, M. Lehmann of Vortwars Turnverein in San Francisco, made 9 feet 2 inches, and 5 feet 2 inches in the high jump.

The rope climbing contest in the afternoon was very hotly contested, and made a splendid sight for the spectators, as the young athletes went swarming up, hand over hand, cheered on by their particular friends. The highest point reached was 45 feet 7 inches, by F. Woerner of the Eintracht Verein, who was carried in triumph on the shoulders of his gratified friends.

During the day the targets were kept going in the shooting contests, and there is a very hot contest between some of the cracks. Today these contests will close and the results will be known at Turner hall tonight, where the rifle prizes will also be distributed.

There was no chance yesterday to get in the literary exercises at the pavilion in Agricultural park, and they will be held this morning at 9 o'clock at Turner hall. The day passed off without an accident of any kind, and the satisfactory result has not been brought into requisition yet to put on a piece of sticking plaster for any over-ambitious Turner.

Today's Programme  
The American field day, which takes place today, will be a most interesting event, both in the athletic contests and the bicycle meet. There will be a few unfinished Turner events this morning, but the field day proper will begin this afternoon at 2 o'clock.

There have been some additional entries in the athletic events from the northern Turners, and the complete and official list is as follows:  
Pole vault—Louis Breer, E. Nimmer, H. Sturm, M. Lehmann, Paul Otto.  
Running high jump—F. A. Krause, C. Block, W. J. Eliesner, A. Sommer, Fred Decker, William Horstmeier.  
Running broad jump—William Feldkamp, W. J. Eliesner, E. Nimmer, H. Radloff, F. Hoffmann.  
Hammer throw—F. W. Edelson, Louis Breer, Jr., W. B. Straube, Patrick Quinn, M. Lehmann, E. Nimmer, H. Radloff, F. Hoffmann.  
100-yard dash—William Feldkamp, J. Schlosal, W. F. Brossmer, James Ryan, W. Hoffman, Phil Knack.  
140-yard dash—James Ryan, Silvia White, R. Cooper.  
One mile run—M. Lehmann, P. M.

Francisco Turnverein; G. Faig and Ph. Buchman of the Eintracht Verein, and the final was won from Faig by Joe Becker.

In the middle weight class the men entered were all from the San Francisco Turnverein, being G. Metes, The. Plenz, W. Naeel, F. Krauss, E. Fleische and F. Hoffman. Hoffman and Metes held out to the end, and Metes won in the final.

There were two heavy weights, C. Steinback and John Will of the Oakland Verein. It required three pretty bouts to settle the contest, each taking a fall and Steinback winning the last.

There was a pretty contest of club swinging between H. M. Allen and John L. Francisco Turnverein and Miss Lulu

Heilbron of the Concordia, San Diego. Both were experts, but Miss Heilbron, a charming young lady in appearance, gave as fine an exhibition of club swinging as has ever been seen in the city, and was enthusiastically applauded.

The fencing contests were quite prolonged and brought out some skilled swordsmen, H. M. Alpen of San Francisco and Fritz Steinke and Adolph Brauer of Los Angeles being particularly noticeable. Others who engaged in this contest for points were W. Feldkamp of San Francisco, Jacob Schreiber of Los Angeles, Adolph Greub of Oakland, H. Woerner of the Eintracht Verein, San Francisco.

The fencing was greatly enjoyed by the audience and expressions of appreciation of the muscular young Americans were frequent. The boys had not a cold crowd by any means.

In the shooting contests yesterday, at the German twenty-five ring target, John Hauerwaas scored 90; C. H. Leighton, 83, and Emil Harris, 82.

At the point target the score up to night stands as follows: Joe Singer, 189; C. H. Leighton, 154; John Hauerwaas, 137; Emil Harris, 83; Keller, 73, and Joe Meyer, 67.

The competition for The Herald trophy is very spirited, and has resulted so far in a tie on 38 points between C. H. Leighton, Joe Singer and John Hauerwaas. The contests will be finished today.

F. C. Sanborn was for a time in the market to purchase a second-hand diploma. Dr. E. C. Buell is one of Southern California's most prominent and most skillful physicians and has recently been caused no little annoyance by the exposure of Dr. Sanborn's attempt to purchase a diploma for a third party whom he indelicately styled "Dr." Buell.

The skillful Dr. Otto S. Binswanger of Portland reports: "Dr. P. A. Baking Powder is a pure cream of tartar powder with no trace of adulteration."

DOWNY WILL FOR PROBATE  
Filed by J. Downey Harvey, the Nephew, Yesterday

He Applies for Letters of Administration and Reviews the History of the Loss and Finding of the Document

J. Downey Harvey yesterday filed for probate the will of his deceased uncle, John G. Downey, accompanied by a petition for letters of administration over the estate. The will and extent of the estate have heretofore been published in full, but the papers filed with the county clerk yesterday review the whole matter. The petition seeks for itself and abbreviated extracts from its contents are here given.

In the matter of the estate of John G. Downey, deceased; petition for probate of will and for letters of administration, with the will annexed.

To the Hon. W. H. Clark, judge of the superior court of county of Los Angeles, state of California:

The petition of J. Downey Harvey, of the city and county of San Francisco, respectfully shows:

That John G. Downey died on the 1st day of March, 1894, in . . . Los Angeles.

That said deceased at the time of his death was a resident of the city . . . and left an estate therein and in the counties of San Bernardino and San Diego, consisting of real and personal property.

That the value and character of said property was, so far as known at the time of his death, as follows: "Said deceased left a will dated May 15, 1877, with E. F. Spence of San Diego; E. F. Spence died before J. G. Downey and no one else knew of the existence of the will until the 20th of May, 1895, when it was discovered among the papers of the Consolidated National Bank of San Diego, then in the hands of A. J. O'Connor, receiver. The three executors named, only Stephen M. White is alive and he declines the trust. The other heirs have each renounced their rights to act as administrators. Therefore the petitioner prays that he may be admitted to probate and that letters of administration may be issued to him under the usual conditions. The petition is signed by J. Downey Harvey, and by his attorneys, White & Monroe, under date of June 24, 1895.

Ekstrom does the wall paper business of the city. He has a large stock, good taste and correct prices.

My proposed amendment to section 50 of the city and county of San Francisco, California, is as follows: "The committee on industrial education and kindergarten shall supervise the industrial features of these departments and shall recommend to the committee on educational supplies the purchase of all material necessary for the kindergarten schools and recommend the establishment of new kindergartens whenever practicable. The committee on industrial education and kindergarten shall be composed of all teachers for the industrial and kindergarten departments shall be made by this (industrial and kindergarten) committee."

It was the regular semi-monthly meeting of the board of education and the scenes and attending incidents there enacted, the innuendos and intimations expressed and implied, and the billingsgate bandied back and forth by the individual members of the board would have put to blush a Tammany hall city convention.

The reading of the minutes by Secretary Dandy, brought forth as a starter, warmly started a protest from Dr. Wills, the most interesting portion of the proceedings of last Thursday evening not having appeared in the record. Dr. Wills said that the minority have a right to be quoted officially, and the secretary's records as read contained neither the motion made by himself, that there be hereafter no informal, secret meetings, nor the motion made by Director Garland, that the city attorney be asked to furnish an official opinion as to whether or not a professor search was compelled by law to step out of office forthwith, as the issue had resulted.

The omissions resulted in a somewhat lengthy debate, during which Dr. W
