SIMONS-FISCHBECK.

Miss Emma Simons and Mr. Charles Fischbeck of Sierra Madre were married last evening at the home of the bride's parents, Mr. and Mrs. Reuben Simons of California street. Rev. C. T. Douglass of the Baptist church performed the ceremony in the presence of friends and relatives, about fifty being present. The house was prettily decorated with roses and smilax, and in one corner of the room a canopy of peppers, smilax and bride's roses was erected, under which the ceremony took place. The bridal party, headed by Mr. W. R. Simons and Miss Kate Simons of Los Angeles, the groomsman and bridesmaid, entered the parlor to the strains of Mendelsshon's march. The bride wore a gown of white silk trimmed with lace and a garniture of seed pearls. Music was furnished by the Mandolin and Guitar club. After the ceremony an elaborate supper was served, and Mr. and Mrs. Fischbeck left for their new home in Sierra Madre. They were the recipients of many handsome

SAN BERNARDINO.

A MAN FROM SIERRA MADRE Annie Abbott Attempts to Commit Suicide—General News.

SAN BERNARDINO, Nov. 18.-Annie Abbott, who has been tried twice for living in and about a house of illfame, shot herself this afternoon with a 38-caliber revolver. The bullet en-tered the left breast and came out at the left shoulder, the ball passing within half an inch of the heart. The shooting took place at her private cottage. She evidently fired two shots, one entering her body and the other striking the mirror just back of her. At the time of the shooting, so far as known, she was alone. To an officer, in answer to a question why she shot herself she said: "I have been persecuted and prosecuted so much that I am tired of life."

Thinking she was dying, she asked for a priest, as she wanted to die a Christian. At this hour it is doubtful whether the wound is fatal.

BOARD OF HEALTH

A Session to Consider Proposed Changes in the Garbage Ordinance

The board of health met in the may or's office yesterday afternoon and spent some time in discussing the ordinance providing for the disposal of the garbage of the city. There has been more or less trouble over the collection and disposition of the city's garbage, and numerous complaints have been made to the health department. J. B. Franklin of the firm of contractors who have charge af this branch of the city's business appeared before the board and explained the situation at some length. He pointed out the obstacles in the way of giving general satisfaction, and thought that certain changes should be made in the ordinance and the contract which would result for the general good. He thought that if proper sanitary garbage cans were adopted and the specifications were changed so as to permit of the collection of garbage in the residence portion of the city in the early morning hours much good would result and a fruitful cause of complaint would less trouble over the collection and dis-

be removed. The contractor said that he was doing everything that he could to give satisfaction, and thought that with a few changes in the contract and specifications he could get through without any trouble.

After considerable talk, the board de-

SELF-DENIAL WEEK. The Salvation Army Actively Preparing for Its Great Work.

The Salvation army is alive and actively engaged in preparing for its annual self-denial week, which takes place throughout the United States from November 16th to 22d, inclusive.

Large sums of money have been raised in past years, and it is a wonderful testimony to the army's development and activity. Each member of the army, as well as the friends of its many social as well as the friends of its many social institutions, are asked to abstain from all luxuries, and in many cases officers and soldiers have actually determined to do without certain articles of food which are ordinarily considered necessary, in order that by their acts of self-denial they may add financial support to the army and its many different branches of work. The social operations throughout America have been greatly developed during the past twelve months; new food and shelter depots have been opened in New York, San Francisco and Kansas City respectively. As a natural constitution ed in New York, San Francisco and Kansas City respectively. As a natural consequence, therefore, the demands upon the army's funds have increased and this will require still greater effort to raise a correspondingly increased amount during this self-denial week. The total aimed at is \$40,000.

Gladness Comes

With a better understanding of the W transient nature of the many physical ills, which vanish before proper efforts—gentle efforts—pleasant efforts—rightly directed. There is comfort in the knowledge, that so many forms of sickness are not due to any actual discase, but simply to a constipated condition of the system, which the pleasant family laxative, Syrup of Figs. promptly removes. That is why it is the only remedy with millions of families, and is everywhere esteemed so highly by all who value good health. Its beneficial effects are due to the fact, that it is the one remedy which promotes internal cleanliness without debilitating the organs on which it acts. It is therefore all important, in order to get its beneficial effects, to note when you purchase, that you have the genuine article, which is manufactured by the California Fig Syrup Co. only and sold by all reputable druggists.

If in the enjoyment of good health, and the system is regular, laxatives or other remedies are then not needed. If afficted with any actual disease, one may be commended to the most skillful physicians, but if in need of a laxative, one should have the best, and with the well-informed everywhere, Syrup of Figs stands highest and is most largely

kidney troubles. Tongue could never press the misery I endured during tyears. I was reduced in fiesh until I a mere skeleton. My sight and hes were badly impaired; was constatroubled with constipation and piles, had a severe chronic cough. In short was a burden and death would have welcome. I was treated by various a failsts without avail. I finally resolve give Dr. Wong Him, of No. 633 Upper I street, a trial. Of course, like many oft took only a few doses of his life-given took only a few doses of his life-given to knock all the skepticism ou me. In just five weeks the doctor prone ced me cured, and now I can truthfully that I was never healthier and never better in my life. My sight and hea are both fully restored; that obnor cours, constipation and piles are enticured, and I am rapidly gaining in final having gained forty pounds in two mon I carnestly recommend all sufferers skeptics to give the doctor a trial and convinced of his superior skill as a psician.

JOHN M. STEVENSON JOHN M. STEVENSON. 620 Bellevue avenue, Los Angeles, Cal.

To the Public: I take pleasure in testifying to my marvelous recovery under the treatment of Dr. Wong Him of the Upper Main st., Los Angeles, from a number of stubborn aliments, among which were chronic sidek-headaches, dyspopsia and kindred stomach troubles, heart affection and kidney disease. But what I consider this physican excelled in, so far as my case is concerned, was in the restoration of my eye service. Astigmatism, coupled with other disorders, was my afficient in this respect, and, although a number of well known skilled oculists is some of the larger cities of this country advised me I should always have to depend upon glasses, and receive but poor service even then. Dr. Wong Him's remedies have enabled me to abandon totally the use of any artificial help to sight, and my eyes continue to give such aeryice, both for near work and distant, as is truly wonderful. To the skill and remedies of the physician named can alone be attributed a revolution in my physical condition throughout that puzzles those who knew of the 'incurable' character of my afficients. Respectfully, G. L. PLOWMAN.
