A NEW TRIAL IS ORDERED

Mayne Elated at the Prospect of Being Able to Prove His Innocence

If a man is not altogether corrupt in public places as evidence of common mind the ordeal of a trial on the revolt-reputation, and entries in family Bibles, If a man is not altogether corrupt in ing charge of having debauched a girl or other family books or charts, engravof tender years is such as is calculated to make him review his past. And this whether he be guilty or innocent of the charge preferred.

There are not lacking indications that the supreme court of this state has, in deciding the appeal case of Clifton E. Mayne trenched somewhat upon the province of the clergy, and has made a heartier reverence and respect for the Bible than ever he had before. And with

Like matters addressed to its discretion, its ruling in this respect is not open to review, and date of the birth, marriage or death unless it is made to appear that the disoretion was abused. THAT BIBLE ENTRY An entry in a family Bible is a written declaration of a fact made out of court, not under the sanction of an oath, or with any opportunity to test its correct ness by means of cross-examination. It is but a declaration by the person who written or oral. Being made in a book where entries of the same nature are often made, it is entitled to greater weight by reasons of formality than than would be a similar verbal declaration, but the principles upon which it is re-It it hearsay evidence, subject to the evidence is governed, that the fact made a motion to set aside the order desought to be established cannot be otherwise shown. "The rule of admission is restricted to the declarations of the deceased persons while the appeal way pending that who were related by blood or marriage to the person." Taylor, in his treatise on Evidence, 9th Edition, says: "Where, however, the declarant is himself alive and capable of being examined, his declarations will be rejected;" and in

the American notes to this edition it is said: "A familiar form of record is the family Bible. Declarations in such form of facts of pedigree, made by deceased members of the family, are competent evidence of the facts therein stated." (See, also, Depoyster v. Gastated." (See, also, Depoyster v. Gagani, 84 Ky., 465; McCausland v. Flemming, 65 Pa., 36; Laggett v. Boyd, 3 Wend., 376; Greenleaf v. Dubuque & S. C. R. R. Co., 30 Iowa, 301; Campbell v. Wilson, 25 Tex., 252; Robinson v. Blakely, 4. Rich. Law, 586; I Phillips on Ev., *pp. 248, 250.) These principles have been incorporated into the provisions relating to evidence in the statutes of this state. In Part IV. of the Code of THE VEXED QUESTION OF ELSIE SHIPTON'S AGE

Civil Procedure, after declaring the general principles governing the admissibility of evidence, Section 1870, declares: "In conformity with the preceding provisions, evidence may be given at a trial of the following facts: 4. AS THE CASE STANDS Very naturally Mayne is pleased at the chance of making his innocence appear. In the early stages of the case his pertinacious and continuous reiteration of his innocence was accepted as the brazenness of guilt; but that time has long gone by. And during his incarceration in the county jail an altogether new mass of evidence has been accumulatcourt yesterday said: "It will probably never be known what powerful influences were brought to bear in San Francisco in the attempt to secure the final conviction of Mayne." What interests are to be subserved by having Mayne barred in at San Quentin is a moot point, but the many and varied facts in the case would seem at least to indicate that other and ulterior ends were sought to be obtained by some person or persons using the machinery of law and justice.

Whatever may have been the accepted theories of the past, it is safe to say that the opinions at the present date of those best able to determine are well settled that the interment of anima matter in the soil is a menace to public health. The great weight of authority in my opinion, indicates that the manner interment of dead bodies, the place of their interment and the establlishment of cemeteries for such interment, are all matters within the power conferred upon the boards named by article 2, section 2, of the con stitution of this state.

It simply is an assertion of the right of the board to the police power

which I think is reposed in that board.

THE WAGNER INSOLVENCY Pleading His Discharge No Protection in Case of Fraud

In the case of Wunich et al. agains Wagner, involving a sum of \$13,770.50, Judge Clark yesterday rendered an opinion, in which he passes upon an objection, raised by the defendant.

The defendant pleaded a discharge unsubstantive evidence in support of this substantiffs on September 28, 1892, for issue her written declaration, made several years previously. It cannot be said on that day defendant filed his petition in voluntary insolvency, and was addence was not cumulative, but was of an entirely different character from any against the estate of the defendant, other evidence in reference to the child's which claim was allowed, and two dividends, aggregating \$2409.83, were paid

"Section 52 of the insolvent act of 1880 provides (and the same provisions are found in Section 55 of the act of 1895) that: 'No debt created by fraud or embezzlement of the debtor or by his defalcation as a public officer, or while acting in a fiduciary capacity, shall be discharged under this act, but the debt may be proved, and the dividend thereon mass of evidence has been accumulating tending rather to corroborate his said debt, and no discharge granted uncontention that there existed hidden der this act shall release, discharge or depths to the case that have not yet been plumbed. As an attache of the supreme debt for or with the debtor, either as partner, joint contractor, indorser, sure ty or otherwise.' It would seem apparent, therefore, that if the purpose of the offer is to prove, and the testimony does, in fact, prove that the debt was conceived in fraud, it is admissible, not as an attack upon, or attempt to set aside, the order of discharge, but as showing that the debt is one not affected thereby And if the purpose is to prove, and the evidence does, in fact, tend to prove, that the dichargre was fraudulently obtained, and that the fact constituting the fraud was discovered subsequent to the discharge, the same discharge ruling should be made." The objection of defendant is overruled and an exception noted.

The suit of Rachel M. S. Gardiner against Francis I. Gardiner was heard der the insolvent act of 1880, and put in by Judge Allen in department six. The plaintiff married one of the veterans at the Soldiers' home, and at his request came to Los Angeles and started a boarding house. The husband not only failed to assist in supporting his wife, but altogether abandoned her. In granting the decree Judge Allen held that the desertion had not been proved, for the reason that the wife had not, confessedly, gone back to Santa Monica and sought to resume marital relations with her husband. On the other point, however, the divorce was granted, and the wife allowed to resume her maiden name of Rachel M. Sherer. Mrs. L. J. H. Hastings, wife of "Dr." Hastings of electric fame, was a witness in the case.
