AN INCOME TAX MUCH FAVORED

Both Branches of Congress Agree to Conference Report on the Fortications Bill

WASHINGTON, May 4.-Quite unex pectedly, a brief but sharp debate was precipitated in the senate today on the in-come tax proposition. The resolution pro-posing an amendment to the constitution of the United States in relation to the succession to the presidency was under dis-cussion. Mr. Mills of Texas proposed an amendment in the form of a new section intended to authorize congress to lay a tax on incomes in such form as to meet the requirements of the decision of the supreme court. He was sharply criticised for endeavoring to place such a rider on a res-olution which practically all senators favored, but stood his ground and insisted upon a vote on his amendment. The amendment was defeated-12 to 29-all the Republicans voting against the amendment and all the Democrats except Mr. Caffery of Louisiana, together with the Populists the government claim than the principal Discussing the amendment, Mr. Mills in and Silver Republicans voting in favor of of the bonds issued in aid of the construcit. OSCAR F. WILLIAMS, UNITED STATES CONSUL AT MANILA

Consul Williams left Manila just in time to reach Hong Kong and join Commodore Dewey's fleet before it sailed to the Philippines. Williams is supposed to have carried to the commodore complete data regarding the defenses of Manila, and particularly the mines and torpedoes in the harbor. This, with the information supplied by the insurgent chiefs, probably enabled Dewey to take his fleet safely into the harbor at night. ŢŢŢŢŢŢŢ

Mr. Grosvenor (Rep.) of Ohio called up as a privileged report from the Committee on Ways and Means a resolution to repeal a joint resolution prohibiting the passage of goods in bond through this country into the free zone of Mexico, affecting importation along the northern border of Mexico. The effect of the resolution. Mr. Grosvenor said, would tend to

reduce smuggling.

Mr. Lanham of Texas raised a point of order against the bill, claiming that it did not raise revenues. The Speaker over-ruled the point of order and in doing so construed "raising revenue" as regards duties as being equivalent to "affecting revenue."
