ARKANSAS ELECTION Results in an Unquestioned Demo-

cratic Victory LITTLE ROCK, Ark., Sept. 5.—Arkansas oday elected a full corps of state officers, 100 members of the lower house of the legislature, 16 state senators, local officers in each of the 75 counties, and voted on the adoption of two important constitutional amendments as well as on the question of the liquor license in the different counties. The Democratic state ticket, headed by Dan W. Jones, is undoubtedly elected, the only question of doubt being the size of the Democratic plurality. The vote on the two constitutional amendments is in doubt. One of these provides for the creating by the legislature of a railroad commission, and the other for the levying of a tax of 3 mills

for road purposes. This being an off year, the total vote will hardly exceed 125,000. There is much excitement in several counties over local contests. In Crawford county the between the Democrats and Republicans is very bitter. It is alleged that whisky in large quantities has been secretly distributed in that county by both sides, and trouble is looked for. The rivalry in Garland county is interesting. Secret com mittees composed of determined men, friends of the opposing candidates, are stationed at every polling place in Garland county for the avowed purpose of preventing fraudulent voting and corrup The situation in Jefferson over the race apprehension and reports from that county are eagerly awaited.

But few figures are at hand at midnight.
The Republicans have carried Newton and

probably carried Clarke, Cleveland, White and Nevada. A few other counties are in doubt, but the Democrats have nearly all of them secured.

The indications are that Jones will have a majority over the combined opposition of from 20,000 to 30,000. The railroad commission constitutional amendment is undoubtedly adopted. So far as is known at this hour no serious trouble has occurred.

Wheeler if it was necessary for him to go to Alabama for the campaign, and Gen. Wheeler replied that it was not. President McKinley expressed a desire for him to remain in the army until the work of the peace commission takes some satisfactory form. Gen. Wheeler, however, is not likely to stay in the army after congress meets in December.
