

WEDDING COMES FROM AUTO TRIP

COL. EDDY AND MRS. LEWIS TO BE MARRIED

CEREMONY THIS AFTERNOON

Bride is the Widow of Late Member of Famous Jewelry Firm, and the Bridegroom is a Millionaire

Pasadena Agency, 114 East Colorado Street.

PASADENA, April 11.—Two prominent guests at Hotel Raymond, who were members of a merry automobile party from San Francisco to Pasadena, are to be married tomorrow afternoon at the residence of Rev. Hugh K. Walker, 1918 South Flower street, Los Angeles.

The contracting parties are Col. R. A. Eddy and Mrs. Ida S. Lewis of San Francisco, and while a few of their most intimate friends in that city knew that the engagement might be announced in June, all will be surprised to learn of the wedding.

Mrs. Lewis is the widow of the late George B. Lewis who left her a large property, mostly in the jewelry firm of Shreve and company. Her own fortune runs into the millions and Colonel Eddy is also a millionaire, well known here and in the northwest.

At the meeting of the city council this morning the recommendations as to the \$981,250 issue of municipal water bonds were approved. The bonds have been ordered engraved by the United States Mortgage & Trust Co., of New York, at a cost not to exceed \$1,612. They are to the amount of \$981,250, with interest at four per cent, payable semi-annually.

On Mr. Slavins' insistence, the city council this noon accepted his resignation as a member of the city council, and Orren H. Hayes was elected to fill his unexpired term. The new councilman is from the first ward, has been a resident of Pasadena for twenty-four years, is a member of the board of trade, Merchants' association, and of numerous others.

Gilbert Pratt's Funeral

All the local banks were closed this afternoon for the funeral of the late Gilbert W. Pratt of the Pasadena National bank. As Mr. Pratt was both a prominent Mason and Knight Templar, both bodies attended the services at the All Saints Episcopal church at 3 o'clock. Rev. William MacCormack, rector of the church, officiated, and at the close the Masons and the Knights Templar escorted the body to Reynolds and Van Nuys undertaking house where it will remain in a vault until June, when it will be taken to Providence, R. I. for interment. The pall bearers were Henry Newby, E. J. Pyle, W. H. Vedder, E. P. Hopkins, S. H. Halstead, D. W. Herlihy and C. J. Willett.

Prof. W. B. French, formerly professor of the Columbia school on North Lake avenue, died today at the California hospital in Los Angeles. He will be buried from Bresee's funeral parlors tomorrow at noon. Although he has been teaching lately in Los Angeles, at the Hewitt school, he still kept his home here, and had many friends.

Late last evening G. S. Woods, a wealthy tourist, returned to his cottage from the Maryland hotel, and found that his home had been ransacked by a sneak thief, about \$100 worth of silver and jewelry having been taken. A number of valuable pieces of silverware and jewelry had been taken from places of safety and placed ready for removal. The noise of the returning family frightened the robber away with but a small share of his plunder.

Pasadena Brevities

There are to be several important society weddings soon after Easter and one of these will be the marriage of Miss Mirth Camper of Lincoln avenue to E. W. Reider of Whittier. Special to The Herald.

VENTURA, April 11.—The coming field day, which is set for next Saturday, April 15, in this city, is attracting a great deal of interest. Mrs. Jerusha Bowe, an old lady living on North Oak street, fell while crossing the street Saturday evening and broke her hip. That part of the street being little traveled at night, she lay in the gutter, unable to move for some time until assistance reached her, when she was taken to the home of Mrs. E. T. Hare. Her condition is critical on account of her age.

A liberal donation has been raised among the church and benevolent people of Ventura for the destitute family of W. H. Cruzon of Park row.

George Houghes has filed suit in the superior court yesterday for divorce against his wife, Clara Houghes, upon the ground of desertion. ELECTS NEW OFFICERS

Sawtelle Financial Institution Holds Important Meeting

SAWTELLE, April 11.—The Western Loan and Trust company met last night at Jewett and Farleys' office to fill out their charter and elect officers. These are elected to constitute a local board of said company and hold their office for one year. The charter was signed by President and Secretary C. M. Shannon and E. G. Kinkead respectively, who came down from Los Angeles.

A party of twenty-four came down from Los Angeles in the private car, Mermaid and were met by Santa Monica trolley and three-seater here and taken for a drive through the Home and Sawtelle.

L. C. Pratt, who owned six or seven houses here a few years ago, and who left here to go to Johnson City, Tenn., returned today for a permanent residence in Sawtelle.

Mr. Bert Bell and family left here Sunday for Michigan on a summers' visit.

Sawtelle citizens are indignant at the record breaking speed of automobiles rushing through the streets. Several little children playing near the road, have narrowly escaped being run over; and especially at night it is dangerous for pedestrians or drivers, the autos racing at such speed as to endanger life and limb, and it is impossible to get the number of the car in order to report. The improvement society is discussing ways and means to check the rapid pace. Nearly all here are old people, veterans who are lame and in some cases blind, and they find difficulty in getting out of the way quickly, to let the "red devils" pass.

WILL CONTEST SEHON'S ELECTION

SAN DIEGO'S FORMER MAYOR TO ACT

BRINGS UP A TECHNICALITY

Claims That Official is Retired Army Officer on Government Pay Rolls and Constitutionally Ineligible

Special to The Herald.

SAN DIEGO, April 11.—At the meeting of the city council last night the returns of the recent election were canvassed and the result declared. There were no material changes from the unofficial returns. Capt. J. L. Sehon, retired, of the United States army was declared elected mayor.

This afternoon action was begun in the superior court by former Mayor D. C. Reed contesting the election of Sehon on the ground that, being an officer in the United States army and receiving salary as such at the rate of \$1500 a year, he is not qualified by law to hold the office of mayor at a salary of \$100 per month. Mr. Reed was not Capt. Sehon's opponent at the polls, but during the controversy he proposed to have the question settled in the court of last resort if the returns showed Capt. Sehon in the lead. The action is brought on the constitutional section that no officer holding a lucrative position under the United States should be eligible to hold any office of profit under the state. Judges of the superior and supreme court will be asked to put the case forward on all calendars.

To Establish Pumping Plant

The city council has taken action looking to the establishment of another pumping plant for the purpose of pumping water direct from Mission valley into the University Heights reservoir. The winter just passed has filled the Mission valley sand with an ample supply, and the extensions of the water distributing system will probably create a call for a larger supply. The University Heights reservoir will supply the higher levels, while the pumping plant and reservoir at Old Town will supply the lower levels.

R. C. Hubbard, who was in the employ of the California Development company of Imperial as an electrical engineer, will make application to the supervisors for the right to use the tide waters of Mission bay at its entrance for industrial purposes. There is a strong tide at the narrow mouth of Mission bay and it is claimed that it can be utilized for the generation of electric power for lighting and traction purposes.

Prof. T. S. Brandegee, Frank Stevens, Carl Palmer and Charles Moore have left for the desert for the purpose of collecting specimens of the flora and fauna of the region for the United States government. It was at first thought by the attending physicians that Andrade would recover, but pneumonia set in and he never regained consciousness. The remains will be embalmed and an inquest held.

Special to The Herald.

SANTA BARBARA, April 11.—After negotiations covering a period of several months, ten of Santa Barbara's most prominent sportsmen have closed a deal with Wm. T. Mead, lessee of the San Marcos ranch, by which the fishing, shooting and camping privileges of the entire ranch are secured for a term of five years. The ranch contains about 46,000 acres, and includes some of the best trout streams and shooting grounds in the county.

The men who have secured the San Marcos ranch for their private reserve intend to take every precaution against any infringement of their rights.

It is generally believed that the filing of the big mortgage a few days ago, by the Interurban Railway company, is the first step towards the construction of the proposed extension of the electric railway from Santa Barbara through Montecito, Miramar and Summerland, thence to connect with the line to Los Angeles. The mortgage is for \$250,000 and is issued to the Los Angeles Trust company to secure the bonds of the company. The Montecito-Summerland extension is included in the mortgage.

Mr. Ramish and his wife were at the theater when the affair occurred and Mrs. Ramish was wearing most of her jewelry. That which had been left at home was put in a secure place and the burglar did not find it. Much valuable silverware was also in the house, and left there by the burglar could have discovered it, but he seemed to want money and nothing else.

People Now Have Access to Mountain Districts—Movement on Foot to Protect Wild Deer

Special to The Herald.

SAN BERNARDINO, April 11.—After months of figuring and planning to secure a free mountain road for the people of this valley, the supervisors have at last purchased the Arrowhead road for \$25,000, the sum of \$5000 being paid now and the balance on January 1 of next year. This settles the long discussed question and the people of the valley may now have access to the mountain districts by a first class road without paying toll.

San Bernardino county will expend \$2000 at the Portland exposition in preparing and keeping up an exhibit, that sum having been voted by the supervisors, who appointed Robert Gray of Ontario to take charge of the display.

Eugene Cooper was arrested yesterday for illegal voting and now must answer to the charge in the courts. It is claimed he has not been in the county and city long enough to become a voter.

The land adjoins the company's canal and extends towards the river. The trustees decided to accept the offer of E. W.
