

USE OF BRICK FOR STREET PAVING

MERITS INVESTIGATED BY PASADENANS

BARGAIN DAY FOR MERCHANTS

High School Becoming So Crowded That an Addition Is Talked of. Trained Nurses Graduate.

Oil for Streets

Pasadena Agency, 114 East Colorado Street.

PASADENA, May 18.—Former Mayor W. H. Vedder, City Engineer Allin and C. D. Daggett visited Los Angeles today to investigate the merits of brick for street paving. They were invited to the plant of the Los Angeles Brick company, and were shown samples of that material now being made for paving purposes. Messrs. Vedder and Daggett are interested property owners and they will make a thorough investigation of the different materials for paving purposes for their own benefit, as well as others who have not given the matter consideration.

East Colorado street and South Fair Oaks are to be paved this year, and the question of material to be used is already agitating the minds of some of the property owners. The parties who looked into the merits of brick today are favorably impressed with that material.

To Hold Another Bargain Day

Business men filled the board of trade rooms tonight and there was a feeling of good fellowship as they mingled and talked of trade previous to the hour when the regular quarterly meeting of the Pasadena Merchants' association was called to order by the president. The principal subject for discussion was the setting apart a "bargain day," which has been so successfully carried out in Pasadena for the past three years. An excellent paper on the subject was read by Herman R. Hertel, and it was the unanimous sentiment that the custom again be followed this year.

Other papers on entertaining subjects were read as follows: "How the Board of Trade and the Merchants' Association Can Work Together," by D. M. Linnard; "Results of Our Collecting Blanks," by D. W. Cooldige; "The Value of Our Association," by Harry Gohegan; "What Pasadena Can Do for Its Suburban Towns," by Jesse Knight of La Canada.

Director H. Shaw of the Crown City band asked support in behalf of the Saturday night concerts and there was generous response.

More Room at High School

Not only are the various district schools of the city overcrowded but there is also need of additional room at the high school, and members of the school board are discussing the feasibility of constructing a wing to that building, which they say is sure to be needed by next year. In keeping with the rapid growth of the city the attendance at the high school has already increased until it was found necessary to convert the museum into a regular school room, and it is proposed to use some of the cloak rooms for holding recitations.

Mrs. J. J. Reynolds, a member of the board favors the election of an addition at the earliest opportunity.

Nurses Graduate

The graduating exercises of the trained nurses of the Pasadena hospital took place this evening at Stickney Memorial hall, which was filled with an interested audience. The program consisted of several musical selections and talks by Mrs. Robert J. Burdette, Dr. Henry Sherry and Rev. S. G. Dunham. Contributing the musical numbers were Misses Gordon and Engelen, Mr. Pratt and Miss Goodwin. Invocation was delivered by Rev. A. W. Lampert and the benediction by Rev. S. G. Emerson. There were ten graduates.

Caused by a Leak

Some time ago officials of the Consolidated Gas company discovered water in the gas main on Lake avenue and at that time appearances were that the gas main had been tampered with and the water turned into the gas main from a water pipe. The gas company offered a reward of \$100 for the detection of the supposed party who turned the trick. Today the offer of reward was withdrawn and officials explain that in repairing the main it was discovered that water dripping from a leak in the water main had rusted the gas pipe until a hole was eaten through which explains the cause for the watery gas.

Preparing to Oil Streets

The street superintendent is preparing to begin to pour oil upon the dusty streets and reports all the preliminary arrangements about completed. As fast as the shipments arrive the railroad companies will make the deliveries to convenient points so the work can be expedited. The Southern Pacific will unload a part of its shipment at the Glenarm street station and that arriving via the Santa Fe will be unloaded at the old Olive-wood station on Lake avenue. The Salt Lake road has agreed to deliver at any point on its line to accommodate the city officials. It is expected that the first shipments will arrive within the next week or ten days.

Pasadena Brevities

Secretary E. T. Sams of the Y. M. C. A., left this evening for Buffalo, N. Y., and Niagara Falls. At the latter place he will attend the biennial convention of the Y. M. C. A. officers. He was accompanied to the station by a crowd

of seniors, who gave him a rousing send off.

Mrs. Annie Ross Tyler, wife of Alexander H. Tyler, died yesterday afternoon and will be buried Sunday afternoon. Deceased was 28 years of age and has resided in Pasadena since childhood.

Mr. and Mrs. William Fox, of Larned, Kas., are guests of Mr. and Mrs. Cortright, of 272 North Marengo. They are here on their honeymoon trip.

LONG BEACH JUDGE SENTENCES FAKE DOCTOR

Robert Norfleet Is Given Fine and Imprisonment and Scathing Rebuke

Special to The Herald.

LONG BEACH, May 18.—Robert Norfleet, who was found guilty by a jury Tuesday of practicing medicine without a license, was brought here from the county jail this morning to receive sentence. He asked Justice Brayton to postpone the sentence, but not being able to give any good reason for delay the request was refused. The justice said: "Mr. Norfleet, the testimony adduced at your trial shows that you have a way of working on sick people, and while pretending to treat them for fancied ills, you continue to extort money from them and their friends, and the testimony and your evidence show that you know absolutely nothing of disease or medicines. As between your methods and those of a highwayman everything is in favor of the highwayman. He demands money at the point of a revolver, but you work darkly on the sympathies of the sick and pretend to be their friend and counselor, and rob them not only of their money but of their health. It is the judgment of the court that you pay a fine of \$250 and be committed to the county jail for 100 days." Norfleet was taken to Los Angeles at once.

The cottage of Otis MacGinnis on Hellman street, Alamitos, was burned to the ground shortly after noon today. Some of the furniture was saved. Mr. MacGinnis bought the house two months ago for \$300, and the total damage, including furniture, was \$1000. He had \$300 insurance.

A supper was given in the new Y. W. C. A. club house here this evening in honor of Mr. and Mrs. Stephen Townsend and Mr. and Mrs. C. J. Walker, the donors of the building. After the supper a reception was given to the new members who have joined since the first of the year, numbering about seventy.

The general Memorial day committee yesterday completed plans for the observance of the holiday. There will be a parade and decoration of graves in the morning. The oration will be delivered by Col. S. Merrill of this city.

Last evening the Epworth league of the First M. E. church elected the following officers: President, Mrs. Charles F. Vanderwater; first vice president, Mrs. H. A. Farrar; second vice president, J. R. Meader; third vice president, Mrs. James Patterson; fourth vice president, Mrs. Ira Hoxworth; fifth vice president, Miss Sophie Shaw; secretary, Miss Maud Eastman; treasurer, Lloyd E. Noble; chorister, Prof. F. E. Young; pianist, Levi E. Leighton.

MAYOR DUDLEY ANNOUNCES INTENTION OF RESIGNING

Santa Monica's Chief Executive Says Emphatically His Determination Is Unalterable

Special to The Herald.

SANTA MONICA, May 18.—Mayor Dudley's announced intention of tendering his resignation as chief executive of the city has caused universal regret. Committees are being formed at both ends of the beach to confer with Mr. Dudley and induce him to reconsider his determination. Late this evening, however, Mr. Dudley expressed himself emphatically on the question, stating that his resignation was the result of careful thought and that he would not reconsider the matter. The resignation will be presented to the board of city trustees next Monday morning.

James D. Schuyler addressed an overflow meeting of the Municipal league tonight on the question of sewage disposal. Facts and figures showing results in small municipalities were presented and the septic-tank system came in for a long and exhaustive treatise. Santa Monica has for months suffered as a result of inadequate sewer facilities and tonight's lecture was arranged for in the hope of finding a way out of the difficulty.

Two hay wagons will carry the Baptist Sunday school membership to a picnic at Sullivan's canyon on Saturday, May 20. Superintendent Robert Marvin will chaperon the crowd.

A special meeting of the United Realty board has been called for Friday evening at which time bylaws and other pressing matters will come up for discussion.

SAWTELLE MISCELLANIES

Large Number of School Children Qualify for Higher Grades

Special to The Herald.

SAWTELLE, May 18.—Prof. Masterston, principal of the Sawtelle schools, reports that at the yearly county examination of pupils, held Tuesday at the Sawtelle school, 95 per cent of the children qualified for higher grades.

Thirty members of the Soldiers' Home have been discharged at their own request as being able to support themselves.

The Odd Fellows' Building company of Sawtelle has purchased a lot on the corner of Eighth and Oregon streets and will have a two-story building, probably of brick, constructed there. The upper story will be used for lodge meetings and the lower floor for store purposes.

The Good Templars held their meeting in the Christian church last evening.

PROTECTION FOR JAPANESE ASKED

SAN BERNARDINO SHERIFF GETS INSTRUCTIONS

ATTACKS WERE EXAGGERATED

Board of Education Will Ask for Bond Issue of \$30,000 to Provide Additional School Facilities

Special to The Herald.

SAN BERNARDINO, Cal., May 18.—Sensational newspaper reports that have been recently sent out from this city to San Francisco, relative to the alleged mobbing of Japanese residents of Uplands, in this county, have stirred up the Japanese consul in San Francisco to request Governor George C. Pardee that protection be given the Japs.

Governor Pardee has therefore sent a telegram to Sheriff J. C. Ralphs of this city, asking him to use his good offices in affording protection to the Japanese in the Uplands district and to advise him if there is any serious disorder there.

As Sheriff Ralphs has yet to hear of anything serious at Uplands he has advised the governor to that effect.

A bond issue of \$30,000 will be at once asked for by the board of education of this city, to provide more school facilities. The present city schools are overcrowded and the outlook is that during the coming year they will be still more crowded. The proposed bond issue, which will be submitted to a vote of the tax payers probably June 15, will be for the erection of a large building of eight rooms on G street, and the building of a two-room addition to the Mount Vernon avenue school, making it an eight-room building. Architects Harris & Pratt of this city are preparing the plans for the improvements. The Mount Vernon addition is to be ready for the opening of school in the fall, and the G street building is to be finished as soon thereafter as is possible.

Fireman Seriously Burned

A Salt Lake fireman, whose name was not learned, was very seriously burned at Kelso, a desert station on the Salt Lake, better known as Siding No. 16, by an explosion of the gas in the oil tank. He went out on the tank, setting his torch down several feet from the manhole. On opening the manhole the gas rushed out, was ignited by the torch and an explosion quickly followed, enveloping the fireman in flames and burning him very seriously before he could be rescued. The accident was very similar to that which befell Engineer Trout of the same road at Colton on Tuesday. Both men were taken to the Los Angeles hospital.

Sesto Ogaz, charged with the attempted murder of Florentino Gonzales at Colton a few days ago, has been sentenced to eight years in the Folsom prison. Ogaz, who is a former convict, pleaded guilty, but refused to tell the court anything as to how he came to assault his victim who had a narrow escape from instant death from the ax that Ogaz wielded.

A hot quarrel has been precipitated in church circles in Colton by an attack on the character of Rev. J. Francis Davies of that city, by Rev. Dr. Jacka of the Presbyterian church. An attack without using names was made by Evangelist Bulgin a few nights ago at the tent meeting, but last night Dr. Jacka used Davies' name. Davies formerly lived in San Bernardino and subsequently in Santa Ana. He recently came to Colton and organized an independent church.

Character Witness Wanted

At the recent trial in this city of Hieronymus Hartman, a Mojave river rancher, for murderous assault, one of the good character witnesses for the defendant was one Carl Schillinger. It now appears that at the time of the trial Schillinger was a fugitive from justice, being wanted in Marin county on a charge of grand larceny. Sheriff Ralphs got an intimation that the man was wanted but by the time he received assurances Schillinger had left. Schillinger has, however, at last been caught at Stockton and will be prosecuted under the Marin county charge. He was once sent to prison for four years from Los Angeles on a charge of burglary.

OCEAN PARK AFFAIRS

Local Division of Odd Fellows Buys Site for a Building

Special to The Herald.

OCEAN PARK, May 18.—The local division of the Independent Order of Odd Fellows today purchased a site on which to erect a building for uses incidental to their needs. The property cost \$5100 and is located on South Third street, near India. A pressed brick structure costing \$10,000 will be contracted for at once.

The Ocean Park Community league has appointed the following Fourth of July celebration committee: Chairman, W. A. Rennie; T. G. Smith, H. L. Miller, A. F. Webster and Dr. John Stanwood. Beginning Saturday evening, May 20, meetings will be held at regular intervals for the consideration and advancement of festivities to be a feature here on that day.

Among the marriage licenses issued at the Los Angeles city hall yesterday was one to parties describing themselves as G. F. Cooke, 71 years of age, and Miss Augusta Noble, 65 years of age, both of Ocean Park. If the happy young couple reside here they are keeping their presence well covered, for a careful search today failed in so much

as revealing a ciew of their place of residence.

Official instructions have been received at the local postoffice to the effect that all plants, trees and shrubs coming from Florida or Louisiana must be inspected. Recent importations from these states have resulted in the discovery of a small pestiferous insect known as the white fly, which multiplies rapidly and causes havoc with plant life.

Mr. and Mrs. Thomas M. Meldrum and Mrs. M. H. Wager were pleasantly surprised last evening at the Meldrum residence. The guests arrived one at a time until quite a party were on hand and a most enjoyable occasion resulted.

DRUGGIST CHARGED WITH VIOLATING LIQUOR LAW

Former Mayor Fowler of Redlands in Critical Condition From Stroke of Paralysis

Special to The Herald.

REDLANDS, May 18.—The case of Charles D. Goff, manager of the Palm Drug company, who was arrested, charged with the violation of the liquor law, was called at 10 o'clock this morning. The jury has not yet been secured.

Former Mayor Fowler lies in a critical condition at his home on Cypress avenue as the result of a stroke of paralysis. It is thought that he will recover as he has excellent health otherwise, although over 78 years of age. The attack was brought on by the severe heat of Monday and Tuesday while he was working in his orchard. Mr. Fowler has always occupied a prominent place in the civic life of this city.

Large plans are under way for the appropriate celebration of Memorial day in this city. Company G of the National Guards will act as a body guard to the members of the Grand Army. The Sons of Veterans and the W. R. C. William H. Wright, the noted impersonator, will appear at the Y. M. C. A. on May 24 in Shakespeare readings.

GLENDALE BREVITIES

Proposed Annexation to Los Angeles Being Much Discussed

Special to The Herald.

GLENDALE, May 18.—The proposed annexation of Glendale to Los Angeles is receiving much attention. Mr. Edgar Leavitt, who is sounding public opinion on this matter, reports considerable favorable sentiment.

The Rebekahs held a housewarming at the fine new bungalow of Mr. and Mrs. F. G. Taylor Friday evening, and cleared a good sum for their sick fund.

At the meeting of the Young Men's Literary association Wednesday evening the question of electing senators by popular vote was discussed. The affirmative was led by John Doyle and the vote was given by Charles Hezmalach.

At the "children's party" given at the home of Mr. Wells Saturday evening in honor of Miss Mabel Carson of Minneapolis, the grounds were beautifully decorated with colored lanterns. Instrumental selections were rendered by Mr. Fuller, Miss Wells, Miss Carson, Miss Whitaker and others, and a recitation was given by Charles Hembaloh.

Lawrence Nelson has been elected engineer of the Glendale Water company, H. E. Gulvin janitor and E. J. Taylor superintendent. The board of directors recently voted to issue bonds of \$10,000 to obtain funds for necessary extensions and improvements.

The Bank of Glendale company has been organized with James C. Keyes of Hollywood as president; J. C. Shorer, cashier and secretary, and C. E. Thom, B. F. Patterson, D. M. Hunt, J. H. Wells, J. H. Dodge and William Mead as directors.

WANTS \$25,000 DAMAGES FROM CITY OF RIVERSIDE

F. B. Merritt Sues as Result of Injuries Sustained Last June

Special to The Herald.

RIVERSIDE, May 18.—Hearing of the suit of F. B. Merritt against the city trustees and the street superintendent was commenced this morning before Judge Noyes and a jury. Plaintiff seeks damages in the sum of \$25,000 from city officials for injuries sustained last June when he stepped off an embankment at the corner of Seventh and Locust streets. He has been unable to perform regular work since. He charges that the street superintendent was negligent in not placing lights on the bank. L. Gill and H. C. Hibbard are representing the plaintiff and City Attorney Purlington and C. L. McFarland appear for the trustees.

The county supervisors have decreed that the court house must be kept open even though all the offices be closed. The janitor asked to have a half holiday on Saturdays along with the other county officials and their deputies. The supervisors consulted the district attorney, and he confirmed them in the belief that it would be illegal to lock the doors.

School census returns are in from all the districts in the county except Riverside, Banning and Florida. The Riverside districts will show a good percentage of gain, while many of the back country districts report a loss.

HOLLYWOOD SCHOOL FUNDS

Election Called to Vote Special Tax and Bonds

Special to The Herald.

HOLLYWOOD, May 18.—A mass meeting of citizens held tonight at the Fremont school instructed the school trustees to call an election to vote for \$3000 special tax to pay teachers until Jan. 1, 1906, and for \$7000 in bonds to buy furniture, improve the grounds and to purchase additional ground at the Fremont school. These expenditures are necessary to meet the demands of a rapidly growing population.

The name that means something—Las Palmas.

INQUEST SHOWS BRUTAL MURDER

MRS. HOKE LITERALLY BEATEN TO DEATH

SEVEN OF HER RIBS BROKEN

San Diego Woman Victim of Singularly Ferocious Assault at the Hands of Drunken Old Man

Special to The Herald.

SAN DIEGO, May 18.—The inquest on the death of Clara A. Hoke brought out a tale of terrible brutality on the part of Anson Brown, the old man who is accused of her murder, for the woman appears to have been literally beaten to death. Dr. Goehner testified that he found many bruises on the neck and chest, four broken ribs on the right side and three broken ribs on the left side. These fractures did not produce death but he found upon the head, at the margin of the hair, a wound that had apparently been made by some blunt instrument. The skull was not fractured but the blow was a fearful one and undoubtedly produced death.

Officers Pringle and Johnson also gave testimony. Pringle saw Mrs. Hoke about 10 o'clock on the evening of the tragedy at the Middletown Exchange saloon. She had blood on her face and said that Brown had beaten her at his home. Later the officers were called to the shack of Mrs. Maggie Moore, where they found Brown with Mrs. Moore and Mrs. Hoke lying on the floor. The Moore woman told the officers that Brown had been beating the Hoke woman terribly, dragging her about the house and yard and viciously stamping on her prostrated form.

Brown was abominably drunk but told the officers that he had beaten the woman to make her give back his money. Mrs. Hoke died eight days later at the county hospital. The Moore woman was not examined but her evidence will probably be important, when Brown is placed on trial for murder.

Leave of absence for two months has been granted Rev. W. E. Crabtree of the Central Christian church and he expects to spend his vacation in Honolulu and the Hawaiian islands. Mrs. Crabtree and the children will accompany him. Rev. O. J. White of Baltimore will occupy his pulpit.

Emery Arnold of Grantville was bitten by a rattlesnake yesterday while wading in the river barefooted. He was placed in a carriage by a neighbor named Coups and brought to San Diego in fast time, a telephone message being sent ahead for physicians to meet him. The wound was given emergency treatment and it is thought that Mr. Arnold will recover.

Going After "Temperance Saloons"

The health and morals committee of the city council have decided to recommend to the parent body that the license ordinance be so amended that the so-called "temperance saloons," where soft drinks and a very light beer are sold, will be brought under the same ruling and restraints as the other saloons. At present they pay no license, keep open all night and on Sunday, and keep the regular saloon screens in position. The proposed change to make all saloon men apply for a new license each year was not recommended.

The Women's auxiliary of the Y. M. C. A. held its regular annual reception to association members this afternoon at the association rooms. A musical and literary program was carried out and refreshments were served.

A number of gun devotees have already arrived to take part in the blue-rock tournament of the Pastime Gun club of this city, which will begin at the shooting grounds of the club tomorrow. Three days of shooting are to be indulged in.

Mrs. Margaret Fanton, who was injured by a fall from a carriage while returning from the Congregational Sunday school picnic last Saturday, is much better. She is now able to leave her bed and move about the house.

Sentence Was Suspended

Donald McDonald, who pleaded guilty to burglary in the second degree, was given three years, but sentence was suspended and the young man, who is but 21 years of age, allowed to go on probation. He is to refrain from drinking liquor and visiting questionable resorts, and is to report to Sheriff Brodnax, as probation officer, on the first Monday of each month.

Articles of incorporation of the new San Diego Yacht club, which is a consolidation of the old San Diego club and the Corinthian Yacht club, have been filed. The new directors are H. F. Griswold, H. S. Clark, Fred Thomas, George E. Bowles, Roscoe Howard, A. D. Jessup and Dr. Fred Baker.

Daniel Meyers and others who are residing in Mission valley have filed their petition with the city clerk asking for the construction of a road "starting from a convenient point on the Escondido road, north of the river, and running to a connection with the road running west from Old Mission."

A Diabolical Plot

It was in Kansas. The full-bearded legislator beckoned to his mate. "Isn't there nothing more we can do to Jawn?" "Nothing that I can think up now, or I wouldn't be in favor of adjourning." "I've got a idea." "What is it?" "Why, when we get that new refinery built to work the convicts in?" "Yes!" "Then we'll have Jawn convicted for criminal operations and put in the penitentiary." "Yes!" "And then we'll put Jawn to work in our refinery in opposition to himself." "But his mate has failed for very joy at the prospect."—Baltimore American.

BIG SHIPBUILDING PLANT PROJECTED

FELLOWS COMPANY ASKS FRANCHISE AT SAN PEDRO

INTEND SPENDING \$100,000

If Granted Will Build Establishment Capable of Constructing Large Deep Sea Vessels, and Big Drydock

Special to The Herald.

SAN PEDRO, May 18.—On Monday next the representatives of the Jos Fellows Yacht and Marine Construction company will appear before the county supervisors and ask that a franchise for the construction of a shipbuilding plant, marine way and drydock be granted at East San Pedro be advertised for sale.

The particular spot where the franchise is desired lies on the ground recently filled in by the government dredger, just beyond the present end of the San Pedro, Los Angeles & Salt Lake railway's tracks at East San Pedro. The new company will ask for 500 feet commencing at a point 300 feet from the end of the tract.

The company, if the franchise is granted, will expend \$100,000 on the plant at once. The plans, which have already been prepared, contemplate the building of a marine way 80 feet wide, a dry dock capable of handling the largest ship that enters this harbor, a slip where any of the largest vessels

may lie along side, and machine shops, brass foundry and repair shops.

The present boat building establishment of Jos Fellows will be moved to the new location as soon as the franchise is obtained.

Yesterday the board of supervisors and the committee on commerce of the chamber of commerce of Los Angeles visited the site of the proposed plant together, and after a thorough inspection expressed themselves as satisfied with the proposition. The promoters of the new company said today that it is the intention to build and equip a plant that will be capable of turning out the largest of deep sea vessels, and of dry docking for repairs ships of 1500 tons burden.

ELSINORE - SOCIAL NOTES

Otis Young and Miss Annie Stewart Are Married

ELSINORE, May 17.—The marriage of Otis Young and Miss Annie Stewart will be solemnized this evening. Both of the young people are residents of Elsinore.

Mr. and Mrs. Ed Tedford and two sons of Santa Ana arrived today and are guests at the home of Mr. Tedford's sister, Mrs. G. L. Maxwell, at the Hot Springs hotel. Mr. Tedford is city clerk in Santa Ana.

Mrs. B. Bird Price has sold her just completed cottage on Spring street to Mr. and Mrs. W. L. Morrison, who have recently purchased the Elsinore Press. Mrs. Price and niece, Miss Grace Beach, left for their former home in Chicago today.

Mr. and Mrs. Alex. Henderson of Chicago, who spent some time here in the winter, arrived from northern points today to remain a month or two.

Dr. H. E. Packard returned this morning from a visit in Ocean Park with his parents.

THE DISCOVERER

Of Lydia E. Pinkham's Vegetable Compound, the Great Woman's Remedy for Woman's ills.

No other female medicine in the world has received such widespread and unqualified endorsement.

No other medicine has such a record of cures of female troubles or such hosts of grateful friends as has

Lydia E. Pinkham's Vegetable Compound.

It will entirely cure the worst forms of Female Complaints, all Ovarian Troubles, Inflammation and Ulceration, Falling and Displacement of the Womb, and consequent Spinal Weakness, and is peculiarly adapted to the Change of Life.

It has cured more cases of Backache and Leucorrhoea than any other remedy the world has ever known. It is almost infallible in such cases. It dissolves and expels tumors from the Uterus in an early stage of development.

Irregular, Suppressed or Painful Menstruation, Weakness of the Stomach, Indigestion, Bloating, Flooding, Nervous Prostration, Headache, General Debility quickly yield to it. Womb troubles, causing pain, weight and backache, instantly relieved and permanently cured by its use. Under all circumstances it invigorates the female system, and is as harmless as water.

It quickly removes that Bearing-down Feeling, extreme lassitude, "don't care" and "want-to-be-left-alone" feeling, excitability, irritability, nervousness, Dizziness, Faintness, sleeplessness, flatulency, melancholy or the "blues" and headache. These are sure indications of Female Weakness, or some derangement of the Uterus, which this medicine always cures. Kidney Complaints and Backache, of either sex, the Vegetable Compound always cures.

Those women who refuse to accept anything else are rewarded a hundred thousand times, for they get what they want—a cure. Sold by Druggists everywhere. Refuse all substitutes.

FREE Delivery to All Parts of Southern California on All Orders Amounting to \$5 or More

The Real Value of Wine

Is in its purity. In offering our wines we do so with the positive assurance of absolute freedom from all adulteration and injurious ingredients. Buyers of wine at this store are enthusiastic over the goods we sell them; you will be, too.

Here is a Special Value

Port Wines
From 75c to \$1.50 per Gal.
Pure and wholesome—the peer of most wines costing twice as much.
