REFUSES TO PASS ON BONDS

SAN FRANCISCO, Feb. 8.—In an opinion rendered by the supreme court today in the case of Streater vs. Linscott it was stated that no decision of the court would be rendered attesting the validity of a proposed bond issue, giving in advance a "certificate of title" in such instances where action was brought under friendly suit. This has a direct bearing on the desire of Mayor McCarthy to have the supreme court pass on the validity of the municipal railroad bonds and the Lake Eleanor-Tuolumne water bonds.
