Edward R. Quarles Meets Death Alone and Destitute as Result of Injury

SAN ANTONIO, Tex., May 30.—The The picnic party was planned in hon-of a newly engaged couple, and was sunset of his life clouded to blackness by the pangs of hunger and destitute omposed mainly of women and chil-ren. The prospective bridal pair were of all things save undaunted courage, Edward R. Quarles, a talented newspaper man of the old school, known throughout the United States, died in this city yesterday as the result of intured through falling from the control of the control o By the telescoping of the seats in the ars many of the passengers sustained juries received through falling from moving street car.

Yet, as his final "30" came to him, Yet, as his final "30" came to him, there was, nearly within his grasp, a fortune—a gold mine—for which he could have received \$75,000. Perhaps, in the three long, wearisome days through which he passed before the end came, he computed that vast wealth in savory dishes that would have eased the suffering and better prepared him to die. Perhaps he did not think much about it. But anyway, on will be necessary. Both legs of the dead motorman were so badly rushed that amputation was resorted but too late to save his life.
The following is a partial list of the dead.

Mrs. Lelard B. Graham, Oakland, face badly cut, internal injuries; Mrs. F. W. Graham, Mrs. L. B. Graham's mother, arm and shoulder badly hurt; Maud Roth Rock, Berkeley, leg broken; Ed Swindell, Berkeley, arm broken and nternal injuries; Margaret Reynolds, San Francisco, internal injuries, badly ruised.

Buth Marketine General injuries, badly ruised.

Buth Marketine General injuries, description to die. Perhaps he did not think much about it. But anyway. The told the doctor just before he closed his eyes that he was hungry—that he had not eaten a morsel for three days. This chapter of his life his friends were not permitted to read as he wrote it; he forced them to wait until it was finished. Then it was too late.

A few days before he closed him to die. Perhaps he did not think much about it. But anyway. The told the doctor just before he closed his eyes that he was hungry—that he had not eaten a morsel for three days. This chapter of his life his friends were not permitted to read as he wrote it; he forced them to wait until it was finished. Then it was too late. HAROLD HULL, aged 18, Oakland,

kland, ribs broken; Mabel Hoffman, ameda, badly bruised; George Gold-cing, Oakland, 9 years old, foot cut and leg broken; Sam Goldspring, ed 16, shoulder badly wrenched; Andersal and ernal injuries; William Holmes, electican, Oakland, leg broken; Charles Largridge, Oakland, son of F. Lange, earm broken and badly cut; Carparers, Parker, Oakland, both ankles ained and badly cut; Lois Patters, 7 years old, East Oakland, wrist ained and badly bruised; Gus Aude-land when the latter publication he was connected for fifteen years in var-larged and badly bruised; Gus Aude-land badly bruised; Gus Aude-larged A. Dana, the Cinguist what my sensations were. I was connected for the New York Louis Globe-land the Nashville, Tenn., American government.

Mr. Quarles was born in Minden, Pa., in 1854, and gained his first newspaper it closely, and it held out. "My sensations in flying so high and over the water? Well, I don't know busy to have any. At Poughkeep-sing I was a little afraid that in landing from such a height is quite a stunt, and remember I was going to mild the consequences might have been disastrous. However, I watched it closely, and it held out. "My sensations in flying so high and over the water? Well, I don't know busy to have any. Congratulations Showered on the the Trust? Aviator for Flight from Albany to Manhattan

HE AVOIDS BEING LIONIZED

Passes Most of Day Hunting for Leak in Oil Tank That Threatened Disaster

NEW YORK, May 30 .- Messages of congratulation are pouring in on Glenn H. Curtiss. Since making the \$10,000 flight from Albany to New York yes-terday he has remained quietly at his hotel, and has made no plans except for an early return to his home in Hammondsport, N. Y.

Curtiss had his machine carefully examined today and a leak was discovered in the lubricating oil tank. This caused no mishap yesterday, but was a source of unknown darger.

ource of unknown danger. The depletion of his supply of lubristopping at the upper end of Manhatton yesterday before continuing the flight to Governors Island. The flight was resumed after he had replenished

the supply.

Mayor Gaynor will preside at a dinner in Curtiss' honor at the Hotel Astor tomorrow night, to be given by the New York World.

CURTISS TELLS STORY OF HIS DARING FLIGHT

Aviator in Peril More Than Once During His Journey from Albany to New York

NEW YORK, May 30.—Glenn H Curtiss' own story of his flight from Albany to New York is as follows: "My feelings at the start? All twanted or throught of at the moment was to get started at the moment was to get started at the most favorable time. We had taken every possible precaution, and once started, I found myself going well and flying had.

Ruth McArthur, Oakland, cut about the face and body; Raymond Olson, Berkeley, badly cut and bruised; Miss Jiy Paddock, Oakland, both hips fractured; Miss Frisendahl, Oakland, badhad, thurt; Miss Frisendahl, Oakland, badhad, will fractured; Miss Jennie Sharp, kland, ribs broken; Mabel Hoffman, timeda, badly bruised; George Golding, Oakland, 9 years old, foot cut and leg broken; Sam Goldspring, life, shoulder badly wrenched; Angold badder badly wrenched

was connected for fifteen years in various capacities.

For a short time he was in the employ of the federal government, serving on various commissions. It was principally due to his efforts that the light of the power when a nasty bump might be disastrous, and if I were to shut off the power too high up I might get a nasty drop and ruin the maprincipally due to his efforts that the

I began to experience some anxiety about my supply of lubricating oil. My indicator showed the oil to be

ed the gauge sank lower and lower with astonishing rapidity. "By the time I reached Yonkers my oil tank was practically empty. T automatic engine pump that suppli t seemed to be working overtime, a found it unnecessary to use the fo ump for a little while. I had hop o go right over Governor's island, b then the question arose, can I reach New York at all? Lubricating oil is essential to these high powered engines, just as essential as gasoline.

"It was with a sense of relief that found myself pasing over the cit; imits for I knew then I had won the prize. The landing at Spuytendyvi was an unusual one, for there was but a short slope and I had to jump out of the machine and grip her to prevent her running back down into the

"I got some lubricating oil from an records for the records records for the today when the thermometer at the local weather bureau registered 120½ with the humidity at 32. The hottest day last year, according to the local official record, was 116. Work generally was suspended today on account of Memorial day, but in some lines laborers and teams have been keeping their regular work.

"Governor's island was my destination and I saw no reason for not making it. I found a small plate on top of the slope I had alighted upon, and got the machine up there, and sent her along until she went over the edge and rose in the air after a drop of
