

# PRESIDENT DIAZ RE-ELECTED BY HUGE MAJORITY

Aged General Again Chosen as Chief Executive by People of Mexico

NO TROUBLE AT THE POLLS

Much-Heralded Revolution Fails to Materialize in Any of the States

[Associated Press]

MEXICO CITY, June 26.—General Porfirio Diaz was today elected president of Mexico and Ramon Corral vice president by an overwhelming majority, according to returns received here from all over the country tonight.

The anti-re-electionist ticket, headed by Francisco I. Madero, now under arrest in San Luis Potosi, received about 2 per cent of the vote cast in Mexico City, according to an unofficial statement today. It is estimated that between 40,000 and 50,000 votes were cast in the city.

The city was free from disorder of a serious nature, although at several voting places friends of the candidates had personal encounters.

Eight hundred electors were chosen in Mexico City, of whom only four are anti-Diaz. From telegrams received from various parts of the republic the same proportion seems to prevail throughout the country.

President Diaz cast his vote at 11 a. m. Vice President Corral cast his ballot an hour earlier.

The electors chosen today will meet in the electoral college on July 10 to vote for deputies and senators. On July 11 officially to declare the election of a president and vice president, and on July 12 to name judges of the supreme court.

El imparcial tomorrow will say that the election today was a complete triumph for the entire Diaz-Corral ticket.

At Toluca, Vera Cruz and Monterey the Diaz-Corral ticket carried by large majorities. Election day at Monterey, reported as a center of political unrest, passed off without excitement of any kind.

# AMATEURS FIGHT BULLS ON MEXICO'S ELECTION DAY

Reports from Northern Cities Show No Disturbances

LAREDO, Tex., June 26.—The primary elections for the choosing of a legislative body to elect a president and vice president, and members of the supreme court were held in Nuevo Laredo, Monterrey, Saltillo and San Luis Potosi today, and according to reports from these points no untoward action occurred to mar the occasion. No figures will be obtainable until given out from Mexico City.

In Nuevo Laredo the day was one of festivities. A grand amateur bull fight being given to obtain money for Mexico's centennial celebration, September 15-25. The centennial will be observed on the border as well as in the capital.

# MEXICAN ELECTION PASSES OFF WITH NO DISORDER

Opposition to Diaz Poll Larger Vote Than Expected

EL PASO, Tex., June 26.—The election for president and vice-president of Mexico passed off quietly in Juarez and Chihuahua. No disorder was reported at any point in northern Mexico.

Porfirio Diaz for president and Ramon Corral for vice president, polled a large majority of the vote cast, although Madero and Deshesa received a much larger vote than was expected. In Juarez three arrests were made for selling liquor.

# BRIBERY INQUIRY TO TAKE WIDER SCOPE

SPRINGFIELD, Ill., June 26.—Following an indictment yesterday by the Sangamon county grand jury of Lee O'Neil, Robert E. Wilson, both members of the legislature, Frank D. Traut, Louis Hirschman and A. D. Johnston, additional is expected by State's Attorney Burke, who believes that the indictments already voted are merely preliminary to an investigation much wider in scope.

Brown is expected to arrive in Springfield Tuesday to furnish bond of \$10,000.

Hirschman, Johnston and Traut will furnish bonds tomorrow.

The local indictment against State Senator John Broderick of Chicago, who is charged by State Senator D. W. Holst with having paid him \$2500 for his vote for Lorimer, will be broadened in scope this week by State's Attorney Burke, who will have Broderick reindicted.

**RUSSELL FOR GOVERNOR**

SCHENECTADY, N. Y., June 26.—Charles Edward Russell, magazine writer of New York, was named for governor at the state convention of the Socialist party here today. A full state ticket was named, including one woman, Mrs. Bertha Mathews Fraser of Brooklyn, for secretary of state.

# MEXICAN REVOLUTIONISTS WEDDED; THEN EXECUTED

MEXICO CITY, June 26.—Two brides were made widows a few hours after their weddings were performed in the penitentiary at Valladolid, Yucatan, yesterday, when their husbands faced a firing squad selected to execute them after trial for sedition and murder.

The accusation grew out of the recent uprising at Valladolid, which was fostered by those who opposed the re-election of President Diaz.

Immediately after the death sentences were pronounced on three men, two of them asked permission to marry before they were executed. Their requests were granted, and the young women to whom they were engaged went to the prison at the hour agreed on for the marriage ceremonies, knowing that in a few hours the men were to be shot.

# YEAR'S EXPENSES FOR GOVERNMENT ARE \$648,000,000

Secretary MacVeagh Estimates Customs Receipts for Twelve Months at \$326,567,420

# DEFICIT WILL BE SMALLER

Panama Canal for Year Has Cost the United States \$33,910,040

[Associated Press]

WASHINGTON, June 26.—Four days remain in the government's fiscal year which ends with the close of business on June 30.

Uncompleted figures and estimates available at this time lead Secretary MacVeagh to express himself as well satisfied with the operations of the treasury department for the fiscal year now closing.

Mr. MacVeagh regards the new tariff law as having justified itself as a revenue producer; internal revenue receipts have exceeded the estimates by approximately \$10,000,000, and the year may end with a surplus in the ordinary receipts and expenditures, instead of a deficit of \$34,000,000, as was predicted.

**\$33,910,040 ON CANAL**

During the year the government has expended on the Panama canal \$33,910,040. This has been a drain on the regular working cash balance, there being no special fund from which payments for this purpose can be made.

Congress has authorized the issue of bonds to meet canal construction expenditures, but Mr. MacVeagh has balked, on the basis on which the law provides the bonds shall be issued.

If at 3 per cent, as now proposed, the secretary believes they would have a much better national bank circulation privilege than the outstanding 2 per cent, and the issue would therefore constitute a discrimination against the two.

# BANK TAX REFUSED

Congress refuses to grant the tax on national bank circulation secured by bonds, and the bonds remain unused. The amount of Panama canal authorized but not issued aggregates \$29,669,000.

In his annual report to congress in December, Secretary MacVeagh estimates that the ordinary receipts of the government for the year 1910 would be \$648,000,000; to date they have aggregated \$641,355,532. He estimated the ordinary disbursements at \$682,075,620; at this time they are \$615,510,325.

# CUSTOMS RECEIPTS

Customs receipts this year have been \$326,567,420, the treasury estimates for the year being \$326,567,420. Now the prediction is they will not reach more than \$330,000,000, thus falling below the estimates.

There has been a material reduction from the estimates in expenditure in the civil, war and naval estimates and a decrease of \$7,000,000 in the estimated postal deficiency.

Whether there will be active surplus at the end of the year, officials say, depends upon the amount of corporation tax money received.

# ESTIMATE \$15,000,000

Secretary MacVeagh estimated it would reach \$15,000,000. The prospects are otherwise. The money is paid direct to internal revenue collectors, and frequently several days elapse before it reaches the treasury.

Corporation taxes paid to date amount to \$3,238,153. If \$15,000,000 more from that source be in the treasury by the end of the year, the prediction is made that the daily treasury statements for next Friday will show a substantial surplus for the year in the items comprising the ordinary receipts and disbursements.

The total deficit for the year to date, including that on account of the Panama canal, the ordinary transactions of the government and those incidental to the public debt, is \$44,415,940.

# CHARLTON BREAKS DOWN IN HIS PRISON CELL

Prisoner Suffers Collapse in Hudson County Jail

NEW YORK, June 26.—Porter Charlton had a nervous collapse in his cell at the Hudson county jail tonight.

"Willie" Burke, the safe robber, who is his cellmate, sent for the warden in fear.

"That fellow's sure crazy," said Burke. "He's moaning and going on like a kid. I'm afraid to stay in here with him."

The warden found Charlton sitting on the edge of the bed, his face in his hands, moaning and jabbering. A spasm seemed to seize him and he shook as with the ague. The warden sent for Dr. William J. Arlitz, the city physician of Hoboken, who has been retained by the Charltons as an alienist.

"I found him in a terribly nervous condition," said the doctor after his visit. "He would close his hands with such force as to dig the nails into his flesh. Then he would laugh in an absent-minded manner and shows every evidence that he is not in his right mind."

The doctor says Charlton has tuberculosis. One lung seems to be badly affected.

# AGED AUTHORITY ON INDIANS PASSES AWAY

WASHINGTON, June 26.—Prof. Cyrus Thomas, one of the most eminent authorities in the United States on the history of the North American Indians and for forty years connected with the bureau of ethnology, Smithsonian institution, died at his home today, aged 85.

He had written many books in regard to Indians, most of the works relating to the prehistoric aborigines.

His first wife was a sister of the late John A. Logan. He was a native of Tennessee.

# MENA'S GENERALS TAKE IMPORTANT NICARAGUA TOWNS

Provisional Leader Defeats Madriz Forces on Way to Reinforce Gen. Vasquez

# ISSUE CUSTOMS HOUSE ORDER

Double Duty to Be Imposed and Americans May Refuse to Obey Decree

[Associated Press]

BLUEFIELDS, June 26.—A column of the provisional forces under Gen. Arizona Cruise has captured La Libertad and Juigalpa, important towns in the department of Chontales. This column is part of General Mena's army, detached to occupy advantageous points within reasonable distance of Acopya. General Mena, with the great body of troops, is within gunshot of Acopya, which is garrisoned by several hundred of the Madriz forces.

General Celon, another provisional leader, has taken San Ubaldo, one of the chief ports of Lake Nicaragua. He defeated 200 Madriz troops, who were on their way to reinforce General Vasquez.

Further reports state that Vasquez is entirely surrounded and that the threatened attempt by General Mena against Acopya has been delayed in the expectation of the surrender of Vasquez.

General Mena intends to occupy all the surrounding towns. He reports that General Vasquez is now unable to get provisions through the lines. As Vasquez refused permission for the non-combatants to leave Acopya it is probable General Mena will abandon his plan of bombardment.

Dr. Julian Irias, Nicaraguan executive delegate to the Atlantic coast, has issued a decree that the custom house for the coast is now in possession of the Madriz government, and hereafter any merchandise attempting to pass without examination by properly appointed customs officials shall be subject to seizure. This would mean that a double duty would be enacted at Bluefields. It is probable that the Madriz officials will command here will refuse to recognize this decree.

Reports have reached here that Nicaraguan steamers Venus and San Jacinto have been bombed one of the coast towns, Prinzapolca, where a few Estrada men were stationed. Heavy gun and rapid fire were employed and many destructive fires were caused. It is stated also that no notice of the bombardment was given or any call for surrender.

# ACTRESS GOES CRAZY OVER BIG PRIZE FIGHT

CLEVELAND, Ohio, June 26.—Inane due to the Jeffries-Johnson fight, Kate Blanche, well known character actress, was committed to the state asylum at Newberg today. Since her arrival in Cleveland last Thursday Miss Blanche has been sending telegrams continually to Jack Gleason and Tex Rickard, the fight promoters, begging them to take her to the contest. Her actions finally became so peculiar that her relatives were appealed to, and after medical examination she was adjudged insane.

Miss Blanche, who has played with Vaughn Glazer and other comedians in this country, according to information gained at a stock theater in Toledo. Attention was first attracted to her behavior when she insisted on repeating her lines in German. She left the theater and came to Cleveland, apparently for the purpose of persuading a local man who is arranging a special train to go to Reno to include her among the passengers.

# CHIEF WITNESS AGAINST BURKE WILL NOT APPEAR

SAN FRANCISCO, June 26.—Lou Ed Smith, who was the principal witness against Dr. William P. Burke of Burke's sanitarium in Santa Rosa, is in Japan and is not expected to return to this country, according to information gained yesterday by Sheriff John K. Smith of Sonoma county, on the docking of the steamer China.

Miss Smith has been missing for months. It was learned from a stewardess on the boat that she and her infant son sailed for Japan April 19. The woman had charged Dr. Burke with the responsibility for the attempt made to dynamite the tent house in which she and her child were sleeping. The aged physician is under indictment for this charge. Miss Smith also accused him of being the boy's father.

As there is no charge against Miss Smith nothing can be done to bring her back to this country. The case against Dr. Burke, which is set for September, will, it is said now, be without foundation.

# BANDITS HOLD UP TRAIN; ARE PURSUED IN AUTO

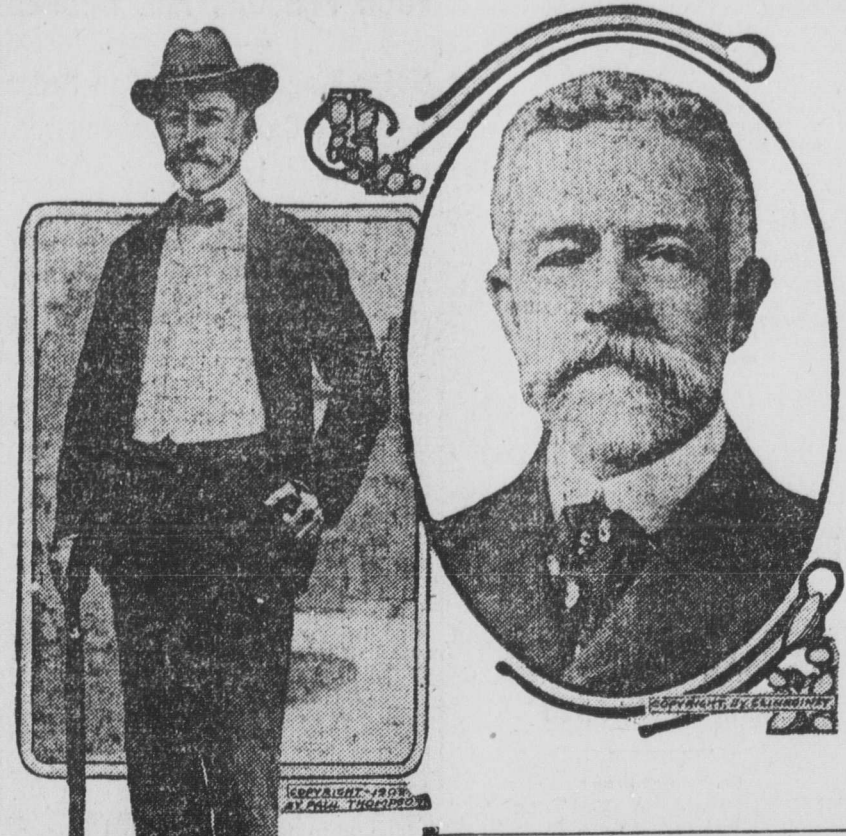

OGDEN, Utah, June 27.—Train No. 1 on the Oregon Short Line, northbound, leaving Ogden at 1:15 o'clock a. m., was held up at Harrisville, five miles north of Ogden, at 1:30 o'clock this morning.

Sherriff Wilson and a posse are leaving Ogden in automobiles for the scene of the holdup.

OYSTER BAY, June 26.—The embargo that Theodore Roosevelt has placed on political news direct from Sagamore Hill was not lifted today and in the absence of any visitor who might be connected remotely with politics there was no new development in the situation that the coming conference with Governor Hughes has created.

There is a persistent buzz of gossip that the most important political gathering of recent months is to be held this week at Beverly, Mass., or near by.

No positive confirmatory evidence has been produced, but much weight is placed on three words spoken by Roosevelt yesterday, when asked if he expected to see President Taft at Beverly after his visit to Harvard. He said, "I don't know."

His manner showed clearly his unwillingness to discuss the question, but he did not deny the possibility.

Governor Hughes' secretary is quoted as having said yesterday that the governor would see Col. Roosevelt at Cambridge this week. It is thought possible that President Taft, Col. Roosevelt and Governor Hughes may gather together.

Citizen Roosevelt had a day of rest today; there was not a visitor at Sagamore Hill. The colonel spent the day with his family, attending, with his two younger sons, Archie and Quentin, Christ church in the morning. Some of his townsmen were on the lawn of the church to receive him and he waved his hand as he walked into the building.

Oyster Bay has reached the conclusion that the former president has overcome at last his aversion to automobiles, for he rode to church in one today and has used one constantly since his return.

# TO SEEK THROAT RELIEF

NEW YORK, June 26.—Col. Roosevelt will seek relief from the hoarseness that has troubled him since his return to civilization by a visit to Dr. Walter P. Chappell, a specialist in diseases of the throat, according to a statement that will be printed tomorrow in the New York Press.

# 30,000 MINE WORKERS TO RETURN TO WORK

ST. LOUIS, June 26.—Thomas L. Lewis, president of the United Mine Workers of America, said tonight that 30,000 miners who have been on strike since April 1 will return to work in Missouri, Kansas, Arkansas, Oklahoma and Texas July 5.

"An agreement will be reached with James Elliott of Muskogee, Okla., of the Southwestern Coal Operators company, and myself tomorrow, possibly before Thursday, anyway," said Mr. Lewis. "The terms will then be submitted to the conventions of the mine workers and the mine operators at Kansas City Thursday morning. I am positive an agreement will be ratified before the convention adjourns."

The union will be conceded the 5.55 per cent increase in the wage scale which was the first difference between miners and operators.

# CALLS LEADER PLAIN BOSS

Says Stand Pat Chieftain's Sole Hope Is Machine and Aid of Former President

[Associated Press]

WASHINGTON, June 26.—Representative Butler Ames of Massachusetts publicly announced his candidacy for the United States senate today in a formal statement embodying an exceptionally bitter attack upon Senator Henry Cabot Lodge.

Mr. Ames in his statement says he becomes a candidate after having failed to induce anyone else to "take up the fight against Boss Lodge and his political machine."

The statement continues: "This machine, backed by all the large corporations and all the state and federal patronage at its command, has for many years served as an efficient tool to crush all political ambitions, endeavors and opinions not sanctioned by Lodge."

His orders have gone out to crush not only for his own political ends, but to advance the selfish schemes of the large railroads, banking and manufacturing interests he serves in the halls of congress as well as in the Massachusetts legislature.

# SEEKS AID OF ROOSEVELT

"It is reported that in his political extremity, fearing to seek re-election on his long public record in congress and in the state, his one hope is to have Roosevelt lend himself to the political support of one, even though a friend, who has consistently violated all the moral teachings of which he is the great exponent."

Mr. Ames direct primaries it is universally admitted that Mr. Lodge would have no possible chance of re-election. The Lodge machine and lobby worked to the last (Mr. Ames' lobby) successfully to defeat the direct primary bill which had passed the house.

"The defeat of Mr. Lodge and the termination of this machine will lend more than anything else to party success not only in the state, but in the nation. It will restore confidence in the Republican management by divorcing the legislature lobby from the political machine and by defeating a public officer who has so long served the private interests rather than the public good."

Mr. Ames says he expects the Lodge men will try to prevent pledging of candidates in the hope that they may be controlled later.

To prevent this, he says, he will try to compel every candidate in Massachusetts to pledge himself to the issue he has raised.

# FIND OFFICER KILLED SELF BECAUSE OF POOR VESSEL

Conditions on Gunboat Marietta May Start Naval Reform

WASHINGTON, June 26.—As an outcome of the investigation into the condition of the gunboat Marietta, which has just resulted in a very mild censure of her commanding officer, Commander Frank E. Hill, as the principal punishment, reforms in repair and inspection of naval vessels are expected to follow.

Although the court of inquiry recommended that Commander Hill be censured, its report, which became public today, reads much like a vindication of that officer. It was found that the board of inspection, which had started the rumormongering over the Marietta, had overdrawn the facts and that the Marietta was such an old hulk that she might have broken down at sea had some comparatively trivial accident occurred to her.

In this connection the court reported that Lieutenant Richter, senior engineer officer of the ship in 1909, "endeavored to get detached from the Marietta and not succeeding had committed suicide on board."

There is the first official light on the death of Lieutenant Richter, who died in Hampton Roads October 14, 1909.

Commander Hill was held partially responsible for the Marietta going to sea in such poor condition, but the court pours some hot shot into the navy yards.

It appears that certain repairs were made on the Marietta at the Washington navy yard in February, 1908, and later at the Portsmouth, N. H., navy yard.

Although there fifty-five days, it is reported not all the repairs were made that Commander Hill requested.

# PIOCHE TO CELEBRATE SALE LAKE'S REOPENING

Mines in District Will Be Started Again on Monday

SALT LAKE CITY, June 26.—Regular train service on the San Pedro, Los Angeles & Salt Lake's Pioche branch was resumed today. The branch has been out of commission since January 1, when floods carried out a considerable portion of the roadbed. Many mines in the Pioche district will resume operation at once.

Monday has been declared a holiday and excursions will be run to Pioche, where the opening of the road will be celebrated.
