IF BACK HURTS BEGIN ON SALTS

FLASH YOUR KIDNEYS OCCASIONALLY IF YOU EAT MEAT REGULARLY.

No man or woman who eats meat regularly can make a mistake by flushing the kidneys occasionally, says a well-known authority. Meat forms uric acid which excites the kidneys, they become overloaded from the strain, get sluggish and fail to filter the waste and poisons from the blood, then we get sick. Nearly all rheumatism, headaches, liver trouble, nervousness, dizziness, sleeplessness and urinary disorders come from sluggish kidneys.

The moment you feel a dull ache in the kidneys or your back hurts or if the urine is cloudy, offensive, full of sediment, irregular of passage or attended by a sensation of stinging, stop eating meat and get about four ounces of Jad salts from any pharmacy; take a tablespoonful in a glass of water before breakfast and in a few days your kidneys will act fine. The famous salts to be used from the old of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate the kidneys, also to neutralize the acids in urine so it no longer causes irritation, thus ending bladder weakness.

Jad salts is non-toxic and cannot injure, makes a delightful refreshing lithia-water drink which everyone should take now and then to keep the kidneys clean and active and the blood pure, thereby avoiding serious kidney complications. (Ads No. 7)

Sensitive Mary. "Misses. Why Mary, I met this young Sunday afternoon out? Aren't you going for a walk this lovely day?" "Mary—Thank you, I'd rather stay in. You see most of the people out on a Sunday is complete and I don't like to be conspicuous." Punch

Bull-Fight Tragedies.

Bull fights as Mexico have been marked by two tragedies recently, one of them of a very unusual character. During an exhibition by amateurs a bull which had been severely wounded by a torador was aplying in agony when a matador approached to attack it with a short sword. In his struggle the wounded animal knocked the sword out of the matador's hand and went flying over into the public enclosure, where it struck a spectator in the chest, killing him on the spot. The victim of the second tragedy was Miguel Frey, the Mexican torador, who was uncertain in the ring and gored by a bull he died in the hospital shortly afterward.

Some Club Suggestions.

The members of a Manchester club were using the "suggestion" book for grumbles rather than for the purpose which its name implied and the committee, says the Manchester Guardian, sarcastically put up a notice giving the dictionary meaning of the word "suggestion." "Suggest" is a verb, grumblers get back at those who suggest that beans and their cooking be served in separate dishes" and another that smaller eggs should be provided or larger eggs."

In Sobriety's Time.

During the time of Sobriety, the famous comedian, he suggested the presence of a statue compelling every child of adult man in the nation to give proof once a year that he was wearing a decent living and was well supported. Somebody has written to us suggesting that this would not be a bad example for Uncle Sam to follow since the class of those who have learned to live gracefully in illness is constantly on the increase.—Christian Record.

TURN HAIR DARK WITH SAGE TEA

IF MIXED WITH SULPHUR BLENDS SO NATURALLY NOBODY CAN TELL.

The old-time mixture of Sage Tea and Sulphur for darkening gray, streaked and faded hair is grander than a treatment, and folks are again using it to keep their hair a good, even color, which is quite sensible, as we are living in an age when a youthful appearance is of the greatest advantage.

Nowadays, though, we don't have the troublesome task of gathering the sage and the mossy mixing at home. All drug stores sell the ready-to-use product called "Wych's" about 20 cents a bottle. It is very popular because nobody can discover it has been applied. Simply moisten your comb or a soft brush with it and draw this through your hair, taking out small strands, at a time, by moving the gray hair disappears, but what delights the ladies with Wych's sage and Sulphur is that, besides beautifully darkening the hair after a few applications, it also produces that soft lustre and appearance of abundance which is so attractive, besides, prevents dandruff, itching scalp and falling hair.
