CALL IS EXTENDED TO MACON PASTOR BY FIRST BAPTIST

On last Sunday morning at the regular morning service, the First Baptist Church of this city extended a unanimous call to the pastorate of the church to Rev. G. L. Yates, now pastor in Macon, Ga. He has been asked to visit the church and occupy the pulpit next Sunday. It is thought that he will accept the invitation to fill the pulpit next Sunday but it is not known whether he will accept the call to the pastorate, or not. Mr. Yates is highly recommended by a number of ministers. He is now holding one of the most important pastorates in the south and this church will be considered quite fortunate if his services are secured here.

BOYS ATHLETIC CLUB IS REORGANIZED HERE; HAS AMBITIOUS PLANS

Definite arrangements have been made for the reorganization of the Boys Athletic Club which last year had a large membership. Plans were made for the club to meet in the High School building and several teams. The club has been reorganized and is now being held out temporarily in the High School building, room 1 and 2 and it is expected that the athletic center to be had in the school building is being started. It is further announced that some excellent coaches and scientific instruction are being given for the boys as to the modern methods of training and the club will be held in building, loggia, dormitory and reading room.

NEGRO METHODISTS PLANNING TO RAISE DEBT OVER CHURCH

A meeting which the pastor hopes will be attended by every member of the church and by all of its friends, will be held tonight in the African Methodist Episcopal Church, South, conducted by Rev. James A. Stovall in an effort to make arrangements to raise the church debt. It is expected that the extent of the debt will be about \$10,000. The meeting will be held in the church at 8 o'clock.

HOME FURNITURE CO. TAKES LONG LEASE

One of the largest real estate deals for some time was made in the past few days when the Home Furniture Company took an additional five-year lease on the building occupied by them on Polk street and tomorrow morning work will commence on improvements which will give them four times the selling space they had when they started in business nearly two years ago. The entire second lot in the rear of the lot and two Polk street will be added and made a part of the regular floor space of the company. The space alone is 60x120 feet. The conditions driving the work means that the sales floors are being removed to give the space for selling space and the building is being extended throughout the entire story.

This company has also leased a two-story building with elevator for their car load shipments. New talking machine booths are being installed for the demonstration of machines and records. The largest single shipment of machines and records ever received in Amarillo, the management says, arrived this week and includes every record issued by the Victor company. This includes every Hawaiian, record dance, vocal, instrumental, hot and Spanish disc listed. This department will be under the personal supervision of Miss Eliza Balthasar, an expert woman demonstrator in this line.

- *****
- POWER MAIN OFF.
- NO STREET LIGHTS
- Amarillo is again without street lights and the power for some residences has been left off for two days and night.
- This is due to an accident at the electric light plant. The company hopes to be able to resume full service by this morning.
