Only One Woman in Georgia Voted in General Election

Special to The News.
ATLANTA, Ga., Nov. 4.—Only one woman voted in Georgia, according to reports at the state capital today and she was Mrs. Mary Jarrett White of Stephens county, who paid her taxes and registered at Toccoa, six months before the election, thus complying with the state law.

Other women were barred by the six months' registration law, but there was no explanation of how Mrs. White managed to get her name registered before the Nineteenth amendment was adopted. She voted for Cox.

Some seventy-five negro women were permitted by the Republican election manager to cast ballots in the Sixth ward in Atlanta over the protest of the Democratic manager, but it was announced later the ballots, which were specially marked, were thrown out when counting started.

Author's First Book Accepted, Goldwyn

After the royalties have been paid, and the book heralded by the critics and the reading public, the final measure of satisfaction for authors is to see their work dramatized. Few indeed are the authors whose first book is accepted by the public and dramatized too. But that is what Katherine Neville Burt accomplished when she wrote "The Branding Iron," which was published by Houghton Mifflin and Company, and pictured by the Goldwyn Pictures Corporation, with an all-star cast.

"I gave up all idea of writing for five or six years—then in a fit of morbidly I studied Russian and tried translation. I didn't try very long.

"About 1910, I was with a friend in England and it was a friend of his, Maxwell Struthers Burt, whom two years later I married. Since then I have spent a great deal of my time on a Wyoming ranch, where late in the autumn of 1913 and 1915 my two children were born. My husband advised me to stop writing stories, for girls and children and to try my hand at a real novel. It was during a snowbound winter—our cabins were buried and we took our exercise on skis and snow shoes when I began writing "The Branding Iron." The branding incident was suggested by a story told to me by one of our cowboys—a true and very grim story, much grimmer than I have it and rather different. This extraordinary country has material for a hundred novels. "The Branding Iron" was not finished until the following winter at Santa Barbara.

"The Branding Iron" is a thrilling narrative of the life of a young girl who was imprisoned in a lonely cabin in the mountains of Wyoming by a liquor-crazed father.

The girl, Jean Carver, finds her opportunity to make a dash for freedom when her father coming home one night, much the worse for liquor, leaves the only door to the cabin unlocked.

What happened to the beautiful girl who knew nothing of life—who had emotions she did not know the meaning of, who had longings and desires that were a mystery to her, is portrayed with a thrilling graphicness in Goldwyn's vital picture of the author's well-known novel which comes to the Mission Theatre, for two days, commencing today.

Republicans Favored By Oklahoma Voters

By Associated Press.
OKLAHOMA CITY, Nov. 4.—Oklahoma will send a delegation of five Republican and three Democratic congressmen to the sixty-seventh congress, according to a tabulation of returns from the eight congressional districts tonight. In addition, there will be one Republican senator—W. Harvold.

Senator Robert L. Owen, Democrat, is the present member.

The congressional races are closed in two districts. In the second with one precinct missing from a county returning a Republican majority, Miss Alice Robertson, Republican, leads W. W. Hastings, Democrat, by 276 votes. In the fourth, with 13 precincts missing, all in a county returning a heavy Republican majority, J. C. Pringle, Republican, leads by 551.

The Democratic upset will extend to the next state legislature, according to incomplete returns. Political observers declare Republicans will have a majority in the lower house, basing their conclusion on available figures, and a strong minority in the state senate.

The state will give a commanding majority to President-elect Harding and to Mr. Harvold. A tabulation of nearly complete figures late today indicated Harding would carry the state by approximately 15,000, and Harvold by over 25,000.

Anti Alien Land Law Has Been Passed By State of California

By Associated Press.
SAN FRANCISCO, Nov. 4.—(U.P.) Term, by a three to one vote Tuesday, passed the anti-alien land law in 1917, which was intended to restrict land by non-resident aliens. It is designed to replace the present alien land law passed in 1917, which prohibits ownership of land in any state beyond three years by alien lands to citizenship.

A state prohibition measure was defeated on the face of returns from 254 precincts, the vote being 308,241 for, no. 416,520.

PROCLAMATION BY THE GOVERNOR OF TEXAS

To All Whom These Presents Shall Come:—
The great humanitarian drive of the Department of Texas, the American Legion, and the Benevolent War Risk Society is reaching its climax. If the Kerrville hospital for tuberculous ex-service men, hundreds of who are now living about the state without the skilled care and attention which they need, is to be finished and made ready for these sick fellow Texans of ours, we must meet the issue right now.

In order to complete this splendid institution, which is to be known as the American Legion Memorial Hospital, we must raise \$250,000.00 by November 11th. On that date, when we shall unite to commemorate the great victory which was ours on that date two years ago, this fight shall come to a close.

The efforts of these public spirited citizens who are leading this fine clean fight for such a worthy cause, call for the admiration of every right-thinking citizen of our great state. The Department of Texas American Legion and the Benevolent War Risk Society will receive the full and unqualified support of every man and woman in the state.

At the request of the Department of Texas, American Legion and the Benevolent War Risk Society of Texas, I do hereby proclaim November 6, 1920, as American Legion Memorial Tubercular Hospital Day, and urge upon all the observance of this day, the success of which will insure the completion of one of the finest projects placed before the generous people of Texas.
